The NTP now announces the final process for preparation of the RoC. The RoC process is available on the NTP Web site (http://ntp.niehs.nih.gov/go/rocprocess) or by contacting Dr. Ruth Lunn (see ADDRESSES).

Background Information on the RoC

The RoC is a science-based, public health document, required by Congress to be published every two years (Public Health Services Act sec. 301(b)(4), 42 U.S.C. 241(b)(4)). It identifies agents, substances, mixtures, and exposure circumstances (hereafter referred to as “substances”) in our environment that may potentially put people in the United States at increased risk for cancer. Each edition of the report is cumulative and includes newly listed substances in addition to those listed in previous editions (for more information see http://ntp.niehs.nih.gov/go/roc).

SUMMARY: The NTP announces the final process for preparation of the RoC. The process is available on the NTP Web site (http://ntp.niehs.nih.gov/go/rocprocess) or by contacting Dr. Ruth Lunn (see ADDRESSES).
