

Express, LLC is sold to another entity, or, barring a sale, for a period of one year. The specified transition services include access to propane supply under specified terms.

Section II.C of the Order requires that, for a period of two years, ETP cannot sell the Heritage Propane Express assets without prior written approval of the Commission. This ensures that the Commission will have an opportunity to review a future sale of these assets, particularly if the assets would not be reportable under the Hart-Scott-Rodino Antitrust Improvements Act. Section II.D requires ETP to provide prior notification to the Commission before acquiring any other cylinder exchange businesses for the next 10 years. Section II.E similarly requires AmeriGas to provide prior notification to the Commission before acquiring any other cylinder exchange businesses for the next 10 years. Both II.D and II.E provide that prior notification is not necessary for transactions that fall under a certain threshold in terms of the annual sales of propane exchange cylinders by any company that they propose to acquire.

Section II.F addresses the availability of the transition services outlined in Amendment 2. It requires that AmeriGas make these transition and supply services available to ETP for up to one year, so that Heritage Propane Express, LLC can be operated as a viable entity. If that company is sold within one year, Section II.F requires that AmeriGas provide transition and propane supply services to Heritage Propane Express's buyer for a period of six months, with an option to extend the arrangement for another six months. These provisions are designed to ensure that the Heritage Propane Express assets will continue to be viable as a stand-alone propane exchange cylinder business and that any new purchaser will have the necessary services and supply for a short transition period. Section II.G requires ETP to operate the Heritage Propane Express assets in a manner that maintains their economic viability for a period of two years or until ETP no longer holds an interest in the assets.

The remaining Order provisions are standard reporting requirements to allow the Commission to determine ongoing compliance with the provisions of the Order.

VII. Opportunity for Public Comment ³

The Final Order has been placed on the public record for 30 days to receive

³ The Commission normally will issue an order for public comment but not issue a final order until it considers all comments received during the comment period. Here, however, consistent with

comments from interested parties. Comments received during this period will become part of the public record. After 30 days, the Commission will review the comments received and determine whether to take further action. The purpose of this analysis is to facilitate comment on the Consent Agreement and Order. This analysis does not constitute and official interpretation of the Consent Agreement or Order, nor does it modify its terms in any way. The Consent Agreement does not constitute an admission by AmeriGas, ETP or ETP GP that they have violated the law or that the facts as alleged in the Complaint, other than the jurisdictional facts, are true.

By direction of the Commission.

Donald S. Clark,
Secretary.

Commission Rule 2.34(c), 16 CFR 2.34(c), the Commission has issued the Final Order in advance of the comment period. The Commission took this step to avoid any unnecessary and potentially costly delay to the larger underlying transaction involving the sale of ETP's bulk propane business, which is not the subject of the Order, and is a highly seasonal business; that is, the market for bulk propane and related services is greatest during the winter and early spring. After the public comment period, the Commission will have the option to initiate a proceeding to reopen and modify the Decision and Order or commence a new administrative proceeding if the public comments lead it to believe that such action is appropriate.

Each teleconference will start at 3 p.m. Eastern time and end no later than 5 p.m.

Office of Asset and Transportation Management; Privately Owned Vehicle Mileage Reimbursement Rates

AGENCY: Office of Governmentwide Policy (OGP), General Services Administration (GSA).

ACTION: Notice of FTR Bulletin 12-02, Calendar Year (CY) 2012 Privately Owned Vehicle Mileage Reimbursement Rates.

SUMMARY: The General Services Administration's (GSA) annual privately owned vehicle (POV) mileage reimbursement rate review has resulted in no rate changes when employees use their privately owned automobile (POA), their POA when Government owned automobiles (GOA) are authorized, their privately owned airplane, and/or their privately owned motorcycle for official purposes. FTR Bulletin 12-02 indicates that there will be no POV rate changes beginning on January 1, 2012. This notice announcing FTR Bulletin 12-02 is the only notification of this decision.

FTR Bulletin 12-02 and all other FTR Bulletins are posted at www.gsa.gov/ftrbulletins. Any further bulletins posted due to adjustments will be announced in the **Federal Register**. The POV Mileage Reimbursement Rate Web site is www.gsa.gov/mileage.

SUPPLEMENTARY INFORMATION:

Change in Standard Procedure

GSA's annual privately owned vehicle (POV) mileage reimbursement rate review has resulted in no rate changes

when employees use their privately owned automobile (POA), their POA when Government owned automobiles (GOA) are authorized, their privately owned airplane, and/or their privately owned motorcycle for official purposes. Historically, GSA has determined these rates by reviewing the annual standard automobile study conducted by the Internal Revenue Service, as well as conducting independent automobile, motorcycle, and aircraft studies, and/or by applying consumer price index data. GSA will continue to monitor these costs on a monthly basis and will adjust the rate if warranted. Any adjustments will be posted in the **Federal Register** and posted as a bulletin on GSA's Web site (www.gsa.gov/ftrbulletins) and on our POV Mileage Reimbursement Rate Web site (www.gsa.gov/mileage).

GSA posts the POV mileage reimbursement rates, formerly published in 41 CFR Chapter 301, solely on the Internet at www.gsa.gov/ftr. This process, implemented in FTR Amendment 2010-07 (75 FR 72965, Nov. 29, 2010), ensures more timely updates in mileage reimbursement rates by GSA for Federal employees on official travel.

Notices published periodically in the **Federal Register**, such as this one, and the changes posted on the GSA Web site, now constitute the only notification of revisions to privately owned vehicle reimbursement rates for Federal agencies.

Dated: January 6, 2012.

Deputy Associate Administrator.

Proposed Project: Evaluation of the effectiveness of an educational interactive video on research integrity—OMB No. 0990-New—Office of Research Integrity.

Abstract: The Office of Research Integrity (ORI) proposes to conduct a nine-month evaluation study of the effectiveness of an educational interactive video on research integrity.

The study seeks to answer two questions: (a) Objectively, is the Educational Interactive Video for Research Integrity (EIVRI) effective in achieving learning outcomes? (b) Subjectively, do learners and teachers perceive the video simulation as effective in helping them learn and teach research integrity? To answer the first question, a pretest-posttest control group experimental design is used to assess the effectiveness of individual learning of research integrity principles and concepts through the use of the video simulation. The video simulation instruction will be incorporated into an existing syllabus for a research integrity or research ethics course for the treatment group. The control group will use the existing syllabus with no video simulation in class. Participants will be graduate students enrolled in these ethics courses to learn and apply the responsible conduct of research at educational institutions. Participants will fill out a demographics form to discern if they have had prior training experience in research integrity. Those who have prior training experience and those who do not have prior training experience will be randomly assigned to either the treatment group or the control group. The random assignment will be done by picking the last digit of each individual's social security number for
