SUPPLEMENTARY INFORMATION: The Department of Housing and Urban Development will submit the proposed extension of information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended). This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Choice Neighborhoods Evaluation, Phase I.
OMB Control Number: Pending.
Description of the Need for the Information and Proposed Use: HUD is conducting an evaluation of the Choice Neighborhoods Initiative, focused on the initial round of grants funded in August 2011. This evaluation requires the collection of information from households living in the Choice Neighborhoods sites. This proposed information collection will support the first phase of the evaluation, which is focused on studying implementation of the grants and establishing a baseline for long-term evaluation of program outcomes. The information collection is necessary to understand the experience of the residents in the Choice Neighborhood sites.

Agency Form Numbers: None.
Members of the Affected Public: This information collection request will affect residents in assisted and unassisted housing in each of the sites. We will use a longitudinal resident tracking survey to examine resident outcomes over time. To monitor outcomes for assisted housing residents, the research team proposes conducting a multi-wave survey that tracks a representative sample of the original assisted housing residents during implementation and revitalization of the site. The survey will track outcomes of interest, including housing location and quality; and resident physical and mental health, safety, employment, and education.

To assess the outcomes of assisted residents, we will sample from the public housing developments at each site, including residents at the time of the survey as well as residents who relocated during 2012. We will oversample special populations (e.g., disabled, seniors, large families, or limited English proficiency households) when appropriate. Our research design calls for the collection of a random sample at the Chicago and New Orleans sites, and assumes 250 completed surveys. At the Boston site we will obtain 100 completed surveys (i.e., as complete coverage as possible of the occupied units, with no oversampling). In the event that funding becomes available to support a survey of assisted residents at the Seattle and San Francisco sites, we will obtain 250 completed surveys at each site.

To allow for comparisons between assisted-households in units that will be transformed by the CNI and those in the neighborhood, the content of the unassisted resident survey and the assisted-resident will be as similar as possible. Part of this task will be to define the appropriate neighborhood boundary for the survey. Our goal is to have a minimum of 250 completed interviews with unassisted residents, with a larger sample in sites with bigger neighborhoods. Units will be drawn from a random sample of housing units in the defined neighborhood.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The following chart details the respondent burden:

Announcement of Funding Awards for the Rural Innovation Fund Program for Fiscal Year 2010

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Announcement of funding awards.

SUMMARY: In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989, this announcement notifies the public of funding decisions made by the Department in a competition for funding under the Notice of Funding Availability (NOFA) for the Fiscal Year (FY) 2010 Rural Housing and Economic Development Program. This announcement contains the names of the awardees and the amounts of the awards made available by HUD.

FOR FURTHER INFORMATION CONTACT: Valerie Piper, Deputy Assistant Secretary for Economic Development, Office of Community Planning and Development, Department of Housing and Urban Development, 451 Seventh
The Rural Innovation Fund program is 14.263. The purpose of the Rural Innovation Fund is to provide support for highly targeted and innovative grants dedicated to addressing the problems of concentrated rural housing distress and community poverty for projects that demonstrate a great likelihood of substantial impact in addressing the housing needs and community poverty in the project area. Eligible applicants are local rural nonprofit organizations, community development corporations, federally recognized Indian tribes, state housing finance agencies (HFAs), and state economic development and community development agencies (including consortia of such entities) with demonstrated capacity to undertake comprehensive projects that address the problems of concentrated rural housing distress and community poverty.

In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (103 Stat. 1987. 42 U.S.C. 3545), the Department is publishing the grantee and amounts of the awards in Appendix A to this Notice. A description of the projects, activities or undertakings of each award is provided in Appendix B to this Notice.

Valerie Piper,
Deputy Assistant Secretary for Economic Development.

Alaska

The Atmautluak Traditional Council in Atmautluak, Alaska will receive a Rural Innovation Fund Indian Economic Development and Entrepreneurship grant in the amount of $798,888 to launch the Pikat Housing Development Company Project (Pikat Project), which will address the need for sustainable, permanent jobs by developing energy-efficient, culturally-informed, and healthy housing for low- and very-low income residents in the Village of Atmautluak. The Pikat Project will form the for-profit business Pikat Housing Development Company (PHD COMPANY) to construct two prototype homes that can then be duplicated in Atmautluak and the surrounding villages by PHD Company (PHDC). This will create more job opportunities as PHDC grows. In partnership with the Cold Climate Housing Research Center (CCHRC), the Pikat Project will use a hands-on approach to build the capacity of the tribal government staff and local construction workforce. The tribe has a trained construction workforce with experience in conventional construction techniques but lacks training in green, energy-efficient new construction. Leveraging for this project is $507,202 from CCHRC and Atmautluak Limited. Contact Person: Mr. Gary Williams. Grantee Address: Village of Atmautluak, PO Box 6568, Atmautluak, AK 99559–6568. Telephone Number: (907) 553–5610. Email Address: atmautluakte@hughes.net.

The Organized Village of Kake in Kake, Alaska will receive a Rural Innovation Fund Indian Economic Development and Entrepreneurship grant in the amount of $567,908 that will be used to provide small business development assistance to start-up oyster and geoduck farmers. Shellfish aquaculture shows strong promise to provide expanded private sector employment and revenue to rural Southeast Alaska, which has been devastated in recent years with outmigration of jobs and residents. The Southeast Alaska Mariculture Business Development Project will offer business development technical assistance and capacity building services to existing and start-up mariculture businesses in the Kake, Naukati, Hoonah and Angoon areas. All of these communities are located in economically distressed rural areas with less than 2,500 inhabitants. Services include a shellfish business incubator, mariculture small farmer apprenticeship program, and a mariculture equipment revolving loan fund for provision of essential equipment to create small shellfish farms. Key partners for the project include AK Shellfish Growers Assoc.; Univ. of Southeast AK Marine Advisory Program; Univ. of AK Center for Economic Development; AK Oyster Cooperative and Rural Community Assistance Corp. Leveraging for this project is $224,741. Contact Person: Mr. Gary Williams. Grantee Address: Organized Village of Kake, P.O. Box 316, Kake, AK 99930–0316. Telephone Number: (907) 785–6471. Email Address: GEWilliams@KakeFirstNations.org.

Arizona

Nogales Community Development (NCD) in Nogales, Arizona will receive a Rural Innovation Fund Comprehensive grant in the amount of $1,999,177 to revitalize the downtown core of the rural colony while helping low-income residents build assets to move out of poverty. These goals will be achieved through three primary activities. First, NCD will develop a multi-use training and resource center to provide residents with self-sufficiency services and spur revitalization of historic downtown buildings. Second, NCD will provide services including rental housing rehab, foreclosure mitigation, housing counseling and financial literacy, business development, and education, including scholarships for higher education. Other self sufficiency supports include citizenship classes, developing community gardens, public health education, and access to transportation and child care. Third, NCD will create a comprehensive continuum of services referral system that bundles client housing, business, public health and education services with a program that trains and deploys lay community workers to link residents with services. This project will create at least 100 jobs and rehabilitate 10 housing units. NCD will partner with Mariposa Community Health Center, University of Arizona (Santa Cruz County), Santa Cruz County Provisional Community College Board, Southwest Fair Housing Council, Primera Alta Historical Society, Nogales Public Housing Authority, and City Bank. Leveraging for this project is $1,000,743. Contact Person: Ms. Yvonne Delgadillo. Grantee Address: 124 North Terrace Avenue, Suite B, Nogales, AZ 85621–3248. Telephone Number: (520) 287–3631. Email Address: bbracker@mchsi.com.

Elfrida Citizens Alliance, Inc (ECA) in Elfrida, Arizona will receive a Rural Innovation Fund Single Purpose grant in the amount of $300,000 to address substandard housing conditions, economic distress and lack of access to affordable capital by promoting sustainable energy-efficient housing, businesses, and community facilities. ECA will provide technical assistance to small businesses and homeowners to develop, finance, and build energy-efficiency projects or renewable energy facilities and leverage funds from utility rebates and USDA’s Renewable Energy America Program. ECA will construct 14 commercial projects, replace 3 substandard homes, and provide training in installation of solar photovoltaic panels. Permanent financing secured by businesses and homeowners will repay the RIF construction loans, which will capitalize a revolving loan fund to provide construction financing for small businesses to develop and build renewable energy facilities or to make
energy-efficiency improvements, affordable financing for businesses, and construction loans to upgrade substandard homes. Partners include Sulphur Springs Valley Electric Cooperative and Southeastern Arizona Governments Organization’s Pathways Out of Poverty Program. Leveraging for this project is $150,000.

**Contact Person:** Ms. Jeanne Shaw.
**Grantee Address:** P.O. Box 172, Elfrida, AZ 85610–0172.
**Contact Number:** (520) 642–6967.
**Email Address:** Jeanne_elfrida@vtc.net.

The San Carlos Housing Authority in Peridot, Arizona will receive a Rural Innovation Fund Single Purpose grant in the amount of $300,000 to build and rehabilitate 40 single family homes and provide quality affordable rental housing. Each of the new and rehabilitated homes will have cost-saving, energy-efficient upgrades, including Energy Star advanced lighting, energy-efficient hot water distribution system, high efficiency HVAC system, and Energy Star high performance windows, design shading, and radiant barriers. Partners for this project are Travois, Inc and Travois Asset Management, LLC. Leveraging for this project is $150,000.

**Contact Person:** Mr. Thomas Pender.
**Grantee Address:** Highway 70 and Moonbase Road, Peridot, AZ 85542–0000.

**Email Address:** tom@pender-engineering.com or tom@pender-engineering.com.

The International Sonoran Desert Alliance (ISDA) in Ajo, Arizona will receive a Rural Innovation Fund Single Purpose grant in the amount of $300,000 to complete the final phase of the Curley School renovation project. In 2005, ISDA purchased a seven acre, seven building campus and renovated the high school and junior high school buildings into 30 affordable artisan live/work spaces. This project will convert an elementary school into a conference and learning center with bed/bath units to augment the available guest rooms and generate income to sustain the learning center. ISDA will run a construction training program for adults and youth that will create 15–20 jobs. Leveraging for this project is $150,000.

**Contact Person:** Ms. Tracy Taft.
**Grantee Address:** 401 W Esperanza Ave, Ajo, AZ, 85321–2405.
**Telephone Number:** (520) 387–3229.
