SUPPLEMENTARY INFORMATION: On December 9, 2011, we published a notice of our draft policy (76 FR 76987) to establish a joint interpretation and application of “significant portion of its range” that reflects a permissible reading of the law and its legislative history and minimizes undesirable policy outcomes, while fulfilling the conservation purposes of the Act. That notice established a 60-day comment period ending February 7, 2012. We have received a number of requests to extend the public comment period.

Considering the complexity of the issues addressed in the draft policy and the level of public interest, we have decided that additional time for public comment will be particularly valuable for this action and thus are extending the comment period for an additional 30 days. The draft policy and supporting materials are available for review at http://www.regulations.gov under Docket No. FWS–R9–ES–2011–0031.

Public Comments; Request for Information

We intend that the final policy on interpretation of the phrase “significant portion of its range” in the Act’s definitions of “endangered species” and “threatened species” will consider information and recommendations from all interested parties. We therefore solicit comments, information, and recommendations from governmental agencies, Native American tribes, the scientific community, industry groups, environmental interest groups, and any other interested parties. All comments and materials received by the date listed in the DATES section above will be considered prior to the approval of a final document. For the complete list of subjects on which we seek comments, please refer to the December 9, 2011, draft policy (76 FR 76987), available online at http://www.regulations.gov under Docket No. FWS–R9–ES–2011–0031.

Please include sufficient information with your submission (such as references to scientific journal articles or other publications) to allow us to verify any scientific or commercial information you include.

You may submit your information concerning this draft policy by one of the methods listed in the ADDRESSES section. If you submit information via http://www.regulations.gov, your entire submission—including any personal identifying information—will be posted on the Web site. If you submit a hardcopy that includes personal identifying information, you may request at the top of your document that we withhold this personal identifying information from public review.

However, we cannot guarantee that we will be able to do so. We will post all hardcopy submissions on http://www.regulations.gov.

Information and supporting documentation used in preparing this document is available for you to review at http://www.regulations.gov, or you may make an appointment during normal business hours at the U.S. Fish and Wildlife Service, Endangered Species Program (see FOR FURTHER INFORMATION CONTACT).

Authority

We are taking this action under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.).

Daniel M. Ashe, Director, Fish and Wildlife Service.

Alan D. Risenhoover, Acting Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

Those supported by quantitative information or studies; and (2) Those that include citations to, and analyses of, the applicable laws and regulations. We will not consider or include in our administrative record comments we receive after the close of the comment period (see DATES) or comments delivered to an address other than those listed above (see ADDRESSES).

B. May I review comments submitted by others?

Comments, including names and street addresses of respondents, will be available for public review at the address listed under ADDRESSES. The public may review documents and other information applicants have sent in support of the application unless our allowing viewing would violate the Privacy Act or Freedom of Information Act. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.), along with Executive Order 13576, “Delivering an Efficient, Effective, and Accountable Government,” and the President’s Memorandum for the Heads of Executive Departments and Agencies of January 21, 2009—Transparency and Open Government (74 FR 4685; January 26, 2009), which call on all Federal agencies to promote openness and transparency in Government by disclosing information to the public, we invite public comment on these permit applications before final action is taken.
