The page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; the one-page abstract, the resumes, the bibliography, or the letters of support. Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under FOR FURTHER INFORMATION CONTACT in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual’s application remains subject to all other requirements and limitations in this notice.

4. Intergovernmental Review: This competition is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. Funding Restrictions: Under section 7205(b) of the ESEA, not more than five percent of funds provided to a grantee
under this competition for any fiscal year may be used for administrative purposes. We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.  
6. Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry: To do business with the Department of Education, you must—
   a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
   b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), the Government’s primary registrant database;
   c. Provide your DUNS number and TIN on your application; and
   d. Maintain an active CCR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.
If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2–5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are on the following Grants.gov Web page: www.grants.gov/applicants/get_registered.jsp.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.
   a. Electronic Submission of Applications: Applications for grants under the NHE program, CFDA number 84.362A, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

   We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

   You may access the electronic grant application for the NHE program at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number’s alpha suffix in your search (e.g., search for 84.362, not 84.362A).

   Please note the following:
   • When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
   • Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.
   • The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

   • You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department’s G5 system home page at http://www.G5.gov.

   • You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

   • You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

   • You must upload any narrative sections and all other attachments to your application as files in a .PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable .PDF file. If you upload a file type other than a read-only, non-modifiable .PDF or submit a password-protected file, we will not review that material.

   • Your electronic application must comply with any page-limit requirements described in this notice.

   • After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specifed identifying number unique to your application).

   • We may request that you provide us original signatures on forms at a later date.

   Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1–800–518–4726. You must
obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact the person listed under FOR FURTHER INFORMATION CONTACT in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

**Exception to Electronic Submission Requirement:** You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the above grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Joanne Osborne, U.S. Department of Education, 400 Maryland Avenue SW., room 3E214, Washington, DC 20202–6200. Fax: (202) 260–8969.

3. A dated shipping label, invoice, or receipt from a commercial carrier.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- A private metered postmark.
- A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

**c. Submission of Paper Applications by Hand Delivery.**

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Marina Amoroso by email at marina.amoroso@science.doe.gov.

ATTACHMENT: Information Collection Request (ICR) by email at pams-icr-comments@science.doe.gov.

SUPPLEMENTARY INFORMATION:
This information collection request contains:
(1) OMB No.: New.
(2) Information Collection Request Title: Portfolio Analysis and Management System (PAMS) Information Collection Request (ICR) by email at pams-icr-comments@science.doe.gov.
(3) Type of Request: New.
(4) Purpose: The Department of Energy (DOE), Office of Science (SC) has chosen to leverage the use of Government, Off-the-Shelf (GOTS) software capabilities to implement a new consolidated system called Portfolio Analysis and Management System (PAMS). This new system is based on the Health Resources and Services Administration (HRSA) Electronic Handbooks software. Discretionary financial assistance proposals continue to be collected using Grants.gov but are imported into PAMS for use by the program offices. Under the proposed information collection, an external interface will be implemented in PAMS to allow two other types of proposal submission: DOE National Laboratories will be able to submit proposals for technical work authorizations directly into PAMS, while other Federal Agencies will be able to submit Proposals for interagency awards directly into PAMS. External users from all institution types will be able to submit Solicitation Letters of Intent and Preproposals directly into PAMS. All applicants, whether they submitted through Grants.gov or PAMS, will be able to register with PAMS to view the proposals that were submitted. They will also be able to maintain a minimal amount of information in their personal profile.

A letter of intent is an optional vehicle that constitutes a potential applicant’s intent to submit a formal proposal. Institutions may submit a letter of intent if it is requested in the solicitation. Users will select an institution from a drop down list, if registered to more than one institution.

A Preproposal is a vehicle that constitutes the expression of a potential applicant’s desire to submit a formal proposal. Preproposals can be either required or requested but optional, according to the rules of a solicitation. A preproposal allows the potential applicant to receive a response from the cognizant program office regarding the suitability of the proposed research project.

Lab technical proposals must be completed by DOE National Laboratories in order to receive funding from the DOE Office of Science. The form must be completed as instructed in the Solicitation. This form can also be filled out by Inter Agency Institutions that have been invited by the DOE Office of Science to submit a proposal for funding through an interagency agreement. Neither lab nor interagency awards are discretionary grants suitable for proposal submission through Grants.gov.

(5) Annual Estimated Number of Respondents: 10,000 PAMS registrants, 8,000 submitters of lab proposals, interagency proposals, preproposals, and Letters Of Intent (LOI) (assuming one person per estimated submission).

2,000 viewers of proposals submitted through Grants.gov (assuming 1/3 of the annual 3,000 applicants, calculated using the average of the number of financial assistance proposals received in fiscal year 2006 through fiscal year 2010).

(6) Annual Estimated Number of Total Responses: The Office of Science receives about 1,000 DOE national
