Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: 2012 National Survey on Drug Use and Health (NSDUH) Questionnaire Field Test—NEW

The National Survey on Drug Use and Health (NSDUH) is a survey of the civilian, non-institutionalized population of the United States 12 years old and older. The data are used to determine the prevalence of use of tobacco products, alcohol, illicit substances, and illicit use of prescription drugs. The results are used by SAMHSA, ONDCP, Federal government agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources.

In order to continue producing current data, SAMHSA’s Center for Behavioral Health Statistics and Quality (CBHSQ) must update the NSDUH periodically to reflect changing substance abuse and mental health issues. CBHSQ is planning to redesign the NSDUH for the 2015 survey year. The redesign will seek to achieve two main goals: (1) To revise the questionnaire to address changing policy and research data needs, and (2) to modify the survey methodology to improve the quality of estimates and the efficiency of data collection and processing. SAMHSA is requesting approval to conduct a Questionnaire Field Test (QFT) to test revisions to the questionnaire associated with these goals.

The field test will consist of 2,000 English-speaking respondents in the continental United States. The sample size of the survey will be large enough to detect differences between data collected using the annual NSDUH compared to the redesigned procedures. The total annual burden estimate is shown below:

BILLING CODE 4162–20–P

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS–2011–0116]

Information Collection Request: GFIRST Conference Stakeholder Evaluation

AGENCY: National Protection and Programs Directorate, DHS.

ACTION: 60-day notice and request for comments; New Information Collection Request: 1670–NEW.

SUMMARY: The Department of Homeland Security (DHS), National Protection and Programs Directorate (NPPD), Office of Cybersecurity and Communications (CS&C), National Cyber Security Division (NCSD), United States Computer Emergency Readiness Team (US–CERT), will submit the following Information Collection Request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. Chapter 35).

DATES: Comments are encouraged and will be accepted until April 30, 2012. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Written comments and questions about this Information Collection Request should be forwarded to DHS/NPPD/CS&C/NCSD/US–CERT Department of Homeland Security (Attn: NPPD/CS&C/NCSD/US–CERT) 245 Murray Lane SW., Bldg 410, Washington, DC 20528–0635. Email requests should go to Corliss McCain, Corliss.McCain@dhs.gov. Written comments should reach the contact person listed no later than April 30, 2012. Comments must be identified by “DHS–2011–0116” and may be submitted by one of the following methods:

- Email: Include the docket number in the subject line of the message.

Instructions: All submissions received must include the words “Department of Homeland Security” and the docket number for this action. Comments received will be posted without alteration at http://www.regulations.gov, including any personal information provided.

SUPPLEMENTARY INFORMATION: The purpose of DHS’s premier cyber conference is to continually seek to enhance collaborative efforts between cyber constituencies, partners and stakeholders. The data provided will assist GFIRST planners in areas of improvement and efficiency. With the survey responses we can better tailor our events, materials and activities to improve the efforts of protecting our Nation’s cybersecurity. As part of the National Strategy for a Secure Cyberspace, US–CERT is required to assist in the fight against the disruption of the operation of critical information systems.

The National Strategy for a Secure Cyberspace requires US–CERT to assist in the continuous assessment of threats and vulnerabilities to Federal cyber systems. As part of our mission, US–
DEPARTMENT OF HOMELAND SECURITY
Transportation Security Administration
[Docket No. TSA–2005–21866]

AGENCY: Transportation Security Administration (TSA), DHS.
ACTION: 60-day Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), OMB control number 1652–0035, abstracted below, that we will submit to the Office of Management and Budget (OMB) for renewal in compliance with the Paperwork Reduction Act. The ICR describes the nature of the information collection and its expected burden. The collection requires General Aviation (GA) aircraft operators who wish to fly into and/or out of Ronald Reagan Washington National Airport (DCA) to designate a security coordinator and adopt a DCA Access Standard Security Program (DASSP) to fly into and out of DCA.

DATES: Send your comments by April 30, 2012.

ADDRESSES: Comments may be emailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA–11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598–6011.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson at the above address, or by telephone (571) 227–3651.

SUPPLEMENTARY INFORMATION:
Comments Invited

In accordance with the Paperwork Reduction Act of 1995, (44 U.S.C. 3501 et seq.), an agency may not conduct or sponsor, and a person is not required to respond to a collection of information, unless it displays a valid OMB control number. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
(2) Evaluate the accuracy of the agency’s estimate of the burden; and
(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control No. 1652–0035; Enhanced Security Procedures at Ronald Reagan Washington National Airport (DCA), 49 CFR part 1582. TSA is hereby requesting an extension of this information collection.

TSA requires General Aviation (GA) aircraft operators who wish to fly into and/or out of DCA to designate a security coordinator and adopt the DASSP. Once aircraft operators have complied with the DASSP requirements, they may request a slot reservation from the Federal Aviation Administration (FAA) and request a flight authorization from TSA to fly into and out of DCA.

To receive authorization for a flight into or out of DCA, aircraft operators must submit certain information to TSA so that TSA can conduct name-based threat assessments on the crewmembers and passengers, including armed security officers (ASOs) when required to be onboard. The operator’s last point of departure must be from a Fixed Base Operator (FBO) that holds a TSA-approved DCA Access Fixed Based Operator Standard Security Program (FBoss), located at an airport designated by TSA (gateway airport).

Before the aircraft departs the gateway airport for DCA, the operator must inspect the aircraft and screen the passengers, their carry-on property, and property carried in the cargo hold.

For each passenger and crewmember onboard an aircraft that operates into and/or out of DCA, the aircraft operator must submit the following information:

(1) Legal name, including first, middle, and last, any applicable suffix, and any other names used;
(2) current mailing address, including residential address if different than current mailing address;
(3) date and place of birth; (4) Social Security number (submission is voluntary, although recommended); (5) citizenship status and date of naturalization, if the individual is a naturalized citizen of the United States;
