SUMMARY: In accordance with Section 743 of Division C of the Consolidated Appropriations Act of 2010 (Pub. L. 111–117), the Department of Commerce is publishing this notice to advise the public of the availability of the Fiscal Year (FY) 2011 Service Contract Inventory and a report that analyzes the Department’s FY 2010 Service Contract Inventory. The service contract inventory provides information on service contract actions over $25,000 made in FY 2011. The information is organized by function to show how contracted resources are distributed throughout the agency. The inventory has been developed in accordance with guidance memo on service contract inventories issued on November 5, 2010 by the Office of Management and Budget’s Office of Federal Procurement Policy (OFPP).

DATES: March 22 and 23, 2012. On March 22, the meeting will begin at approximately 8:30 a.m. and adjourn at approximately 5 p.m. On March 23, the meeting will begin at approximately 8:30 a.m. and adjourn at 12:30 p.m.

ADDRESSES: The meeting will be held at the U.S. Census Bureau Conference Center, 4600 Silver Hill Road, Suitland, Maryland 20746.

FOR FURTHER INFORMATION CONTACT: Jeri Green, Committee Liaison Officer, Department of Commerce, U.S. Census Bureau, Room 8H182, 4600 Silver Hill Road, Washington, DC 20233, telephone 301–763–6590. For TTY callers, please use the Federal Relay Service 1–800–877–8339.

Bureau of the Census

Census Scientific Advisory Committee

AGENCY: Bureau of the Census, Department of Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Bureau of the Census (U.S. Census Bureau) is giving notice of a meeting of the Census Scientific Advisory Committee (C–SAC). The Committee will address policy, research, and technical issues relating to a full range of Census Bureau programs and activities, including communications, decennial, demographic, economic, field operations, geographic, information technology, and statistics. Last minute changes to the agenda are possible, which could prevent giving advance public notice of schedule adjustments.

DEPARTMENT OF COMMERCE

[Foreign-Trade Zones Board; Docket 11–2012]

Foreign-Trade Zone 104—Savannah, GA Expansion of Manufacturing Authority Mitsubishi Power Systems Americas, Inc. (Power Generation Turbines) Pooler, GA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Savannah Airport Commission, grantee of FTZ 104, requesting an expansion of the scope of manufacturing authority approved within Site 12 of FTZ 104, on behalf of Mitsubishi Power Systems Americas, Inc. (MPSA), in Pooler, Georgia. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 23, 2012.

The MPSA facility ("Savannah Machinery Works," 175 employees, 119 acres) is located at 1000 Pine Meadow Drive within the Pooler Megasite (Site 12) in Pooler (Chatham County), Georgia. In 2011, the FTZ Board approved a request submitted by the Savannah Airport Commission on behalf of MPSA for authority to manufacture and repair steam and natural gas power generation turbine components (combustor baskets, transition pieces, and rotors) for export and the domestic market (Board Order 1757, 76 FR 28418, 5–17–2011).

The current application involves an expansion of MPSA’s existing scope of manufacturing authority to include additional finished products—steam and natural gas power generation turbines (up to 24 turbines per year). New components and materials sourced from abroad (representing 40% of the value of the finished turbines) include: Rubber o-rings and seals, articles of steel (plates, flanges, expansion joints, covers), fasteners, compressors, bearing housings, metal gaskets, mechanical seals and rings, actuators, thermocouple assemblies, vibration sensors, and automated controllers (duty rate ranges from free to 6.2%).

FTZ procedures could exempt MPSA from customs duty payments on the additional foreign components used in export production. The company anticipates that up to 15 percent of the plant’s turbine production will be exported. On its domestic sales, MPSA would be able to choose the duty rates during customs entry procedures that apply to steam and natural gas power generation turbines (duty rates: 2.5, 6.7%) for the additional foreign inputs.
