

#### IV. Effects of the Acquisition

The proposed acquisition likely would result in significant anticompetitive harm in the highly-concentrated relevant markets for each of the MP Alloys. Carpenter and Latrobe are the only competitors in these highly-concentrated markets. The acquisition will eliminate actual, direct, and substantial competition between Carpenter and Latrobe, and likely result in higher prices for both of the MP Alloys.

#### V. The Consent Agreement

The proposed Consent Agreement remedies the competitive concerns raised by the transaction by requiring the parties to divest assets related to the manufacture of the MP Alloys to Eramet. The terms required by the Consent Agreement will enable Eramet to effectively replace the competition in the MP Alloys markets lost as a result of the proposed acquisition.

Eramet is a global supplier of specialty alloys with an established sales and marketing network in the United States that will allow it to be immediately competitive in the relevant MP Alloys markets. Eramet is based in France, which is an approved foreign source country for U.S. military operations under DFARS. The proposed Consent Agreement requires Carpenter to provide Eramet with product licenses and the manufacturing technology necessary to manufacture the MP Alloys. This includes technical assistance from current Latrobe company designees, and confidential business information directly related to the manufacture of the MP Alloys. In addition, the Consent Agreement requires Carpenter to contract manufacture the MP Alloys for Eramet at cost until Eramet is able to produce and commercially sell these products on its own. The Commission has appointed James R. Bucci, who has over 35 years of experience in the specialty alloy industry, as the interim monitor to oversee the divestiture.

If after the public comment period the Commission determines that Eramet is not an acceptable acquirer of the assets to be divested, or that the manner of the divestitures is not acceptable, Carpenter must unwind the divestiture and divest the assets within 180 days of the date the Order becomes final to another Commission-approved acquirer. If Carpenter fails to divest the assets within the 180 days, the Commission may appoint a trustee to divest the relevant assets.

The purpose of this analysis is to facilitate public comment on the

proposed Consent Agreement, and it is not intended to constitute an official interpretation of the proposed Consent Agreement or to modify its terms in any way.

By direction of the Commission.

#### **SUPPLEMENTARY INFORMATION:**

##### **A. Purpose**

Government contracting officers may include FAR clause 52.222-32, Davis-Bacon Act—Price Adjustment (Actual Method) in fixed-price solicitations and contracts, subject to the Davis-Bacon Act under certain conditions. The conditions are that the solicitation or contract contains option provisions to extend the term of the contract and the contracting officer determines that the most appropriate method to adjust the contract price at option exercise is to use a computation method based on the actual increase or decrease from a new or revised Department of Labor Davis-Bacon Act wage determination.

The clause requires that a contractor submit at the exercise of each option to extend the term of the contract, a statement of the amount claimed for incorporation of the most current wage determination by the Department of

Labor, and any relevant supporting data, including payroll records, that the contracting officer may reasonably require. The information is used by Government contracting officers to establish the contract price adjustment for the construction requirements of a contract, generally if the contract requirements are predominantly services subject to the Service Contract Act.

#### SUPPLEMENTARY INFORMATION:

##### A. Purpose

Federal Acquisition Regulation (FAR) 19.301 and the FAR clause at 52.219-28, Post-Award Small Business Program Representation implement the Small Business Administration (SBA) Final Rule (71 FR 66434), Small Business Size Regulations; Size for Purposes of Governmentwide Acquisition Contracts, Multiple Award Schedule Contracts and Other Long-Term Contracts; 8(a) Business Development/Small Disadvantaged Business; Business Status Determinations. FAR 19.301 and the FAR clause at 52.219-28, requires that contractors represent size status by updating their representations and certifications at the prime contract level in the Online Representations and Certifications Application (ORCA), and notify the contracting office that it has made the required representation.

The purpose of implementing small business rerepresentation in the FAR is to ensure that small business size status is accurately represented and reported over the life of long-term contracts. The FAR also provides for provisions designed to ensure more accurate reporting of size status for contracts that are novated, merged or acquired by another business. This information is used by the SBA, Congress, Federal agencies and the general public for various reasons such as determining if agencies are meeting statutory goals, set-aside determinations, and market research.
