SUPPLEMENTARY INFORMATION:

Background
The Act (16 U.S.C. 1531 et seq.) prohibits activities with endangered and
threatened species unless a Federal permit allows such activity. Along with
our implementing regulations in the Code of Federal Regulations (CFR) at 50
CFR 17, the Act provides for permits, and requires that we invite public
comment before issuing these permits.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes you to
conduct activities with United States endangered or threatened species for
scientific purposes, enhancement of propagation or survival, or interstate
commerce (the latter only in the event that it facilitates scientific purposes or
enhancement of propagation or survival). Our regulations implementing
section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered
wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR
17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant
species.
