

owners that are also transmission owners and/or distribution providers) will face a cost of \$3,512. Accordingly, the Commission determines that the incremental cost of Reliability Standard PRC-023-2 (going from PRC-023-1 to PRC-023-2) is minimal, and should not present a significant operating cost to any of the small entities.

93. Based on this understanding, the Commission certifies that this Reliability Standard will not have a significant economic impact on a substantial number of small entities. Accordingly, no regulatory flexibility analysis is required.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 81

[EPA-R09-OAR-2012-0189; FRL-9649-1]

#### Approval and Promulgation of Implementation Plans; Designation of Areas for Air Quality Planning Purposes; State of California; Ozone; Nitrogen Dioxide; Technical Amendments

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; technical amendments.

**SUMMARY:** EPA is making technical amendments to the Code of Federal Regulations (CFR) to reflect the final actions published by the Agency on October 7, 2003, April 30, 2004, and May 5, 2010 in connection with the designations and classifications of certain areas in California for the 1971 annual nitrogen dioxide standard and the 1997 eight-hour ozone standard pursuant to the Clean Air Act. The areas that are the subject of these technical amendments include Riverside County, Western Mojave Desert, South Coast Air Basin, Eastern Kern County, and San Diego County.

**DATES:** These technical amendments are effective on March 21, 2012.

**FOR FURTHER INFORMATION CONTACT:** Doris Lo, EPA Region IX, (415) 972-3959, [lo.doris@epa.gov](mailto:lo.doris@epa.gov).

#### SUPPLEMENTARY INFORMATION:

##### Technical Amendment for California—NO<sub>2</sub> Table in 40 CFR 81.305

In today's action, we are making a technical amendment to correct an erroneous codification of our 2003 boundary change rule with respect to the "California—NO<sub>2</sub> (1971 Annual Standard)" table in 40 CFR 81.305.<sup>1</sup> As described in our October 7, 2003 final rule (68 FR at 57821 and 57824) redesignating certain air quality planning area boundaries in southern California, we intended to revise the entry in the table for "Riverside County (portion within SE. Desert AQMD) County" to "Riverside County (Coachella Valley planning area)" and to revise the entry for "Riverside County, non-AQMA portion County" to "Riverside County (portion not within South Coast Air Basin or Coachella Valley planning area)." However, the

entry for "Riverside County (Coachella Valley planning area)," which was to become an entry in the table, is not found in the current version of the "California—NO<sub>2</sub> (1971 Annual Standard)" table whereas the entry for "Riverside County, non-AQMA portion County," which was intended to be replaced, remains in the table. In today's action, we are making a technical amendment to ensure that the "California—NO<sub>2</sub> (1971 Annual Standard)" table in 40 CFR 81.305 to accurately reflect the intent of our 2003 boundary change action.

Today's technical amendment makes no change to the substance of our October 7, 2003 final rule.

##### Technical Amendments for California—Ozone (8-Hour Standard) Table in 40 CFR 81.305

With respect to the "California—Ozone (8-Hour Standard)" table in 40 CFR 81.305, we are making a number of technical amendments that stem from previous EPA rulemakings. All of the subject areas are located within the State of California.

On April 30, 2004, at 69 FR 23858, we published a final rule announcing and promulgating designations, classifications, and boundaries for areas in the country with respect to the 1997 8-hour ozone National Ambient Air Quality Standard (NAAQS) in accordance with the requirements of the Clean Air Act (CAA). In our April 30, 2004 final rule, we designated the Western Mojave Desert area as a moderate nonattainment area for the 1997 8-hour ozone National Ambient Air Quality Standard. See 69 FR 23858, at 23884-85 (April 30, 2004). Subsequently, on May 5, 2010, EPA published a final rule granting California's request for reclassification of several areas for the 1997 8-hour ozone standard. See 75 FR 24409 (May 5, 2010). The Western Mojave Desert was not among the areas that were the subject of EPA's May 5, 2010 final rule, but the changes made to the "California—Ozone (8-Hour Standard)" table to codify our May 5, 2010 final rule had the inadvertent effect of removing a portion of the definition of the Western Mojave Desert 8-hour ozone nonattainment area from the "California—Ozone (8-Hour Standard)" table. In today's action, EPA is making a technical amendment to re-insert the inadvertently removed portion of the definition of the Western Mojave Desert area into the "California—Ozone (8-Hour Standard)" table in 40 CFR 81.305.

Second, in codifying the designations in EPA's April 30, 2004 final rule, we inadvertently indented the title of the

<sup>1</sup> The table heading was recently revised to read "California—NO<sub>2</sub> (1971 Annual Standard)" in a final rule published on February 17, 2012 at 77 FR 9532, at 9540, effective February 29, 2012. The table heading previously had been "California-NO<sub>2</sub>."

“Los Angeles-South Coast Air Basin, CA” in the “California—Ozone (8-Hour Standard)” table. Given the format of this table in the CFR, the inadvertent indentation of “Los Angeles-South Coast Air Basin, CA” in the “California—Ozone (8-Hour Standard)” table aligns the basin with the individual counties or portions thereof that comprise the basin and thus is potentially confusing. We are therefore making a technical amendment in today’s action to properly format the title of the basin to show the proper relationship between the basin and the counties (or portions thereof) that comprise the basin.

Third, in our April 30, 2004 final rule, we inadvertently failed to list the Indian Wells Valley area (which is that portion of Kern County that lies in hydrologic unit number 18090205) as “Unclassifiable/Attainment” in the California table of designations and classifications for the 8-hour ozone standard. We provided an explanation for distinguishing the Indian Wells Valley area from the rest of eastern Kern County in the background documentation for the April 30, 2004 final rule, but did not include the appropriate listing in the California table. See pages 3–22 to 3–23 in Chapter 3 (“Justifications in Support of EPA’s 8-Hour Ozone Designations”) of EPA’s report in support of the final designations entitled, “Technical Support for State and Tribal Air Quality Designations and Classifications” (April 2004). In today’s action, we are making a technical amendment to properly list the Indian Wells Valley portion of

eastern Kern County as an “Unclassifiable/Attainment” area for the 1997 8-hour ozone standard.

Lastly, in EPA’s April 30, 2004 final rule, EPA designated all of San Diego County in California as a nonattainment area for the 8-hour ozone standard but excluded from that nonattainment area a list of areas identified as La Posta Areas #1 and #2, Cuyapaipe Area, Manzanita Area, and Campo Areas #1 and #2. See 69 FR at 23887. We intended to designate the latter areas as “Unclassifiable/Attainment” and included our justification for their area designations and rationale for distinguishing them from the surrounding nonattainment area in the Technical Support Document for nationwide 8-hour ozone designations final rule. See pages 3–34 to 3–36 in Chapter 3 (“Justifications in Support of EPA’s 8-Hour Ozone Designations”) of EPA’s report in support of the final designations entitled, “Technical Support for State and Tribal Air Quality Designations and Classifications” (April 2004). However, the entries for these areas were inadvertently omitted from the table codifying designations and classifications for the 8-hour ozone standard within the State of California. In today’s action, we are making a technical amendment to properly list the four tribal areas in eastern San Diego County as “Unclassifiable/Attainment” areas for the 1997 8-hour ozone standard.

Today’s technical amendments make no change to the substance of EPA’s April 30, 2004 or May 5, 2010 final rules.

**List of Subjects in 40 CFR Part 81**

Environmental protection, Air pollution control, National parks, Wilderness areas.

Dated: March 8, 2012.

**Jared Blumenfeld,**  
Regional Administrator, Region IX.

Part 81, chapter I, title 40 of the Code of Federal Regulations is amended as follows:

**PART 81—[AMENDED]**

■ 1. The authority citation for part 81 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

■ 2. Section 81.305 is amended as follows:

■ a. In the table for “California—NO<sub>2</sub> (1971 Annual Standard)” by removing the entry for “Riverside County, non-AQMA portion County” and adding an entry for “Riverside County (Coachella Valley Planning Area)” in its place;

■ b. In the table for “California—Ozone (8-Hour Standard)” by revising the entries for “Kern County (Eastern Kern), CA,” “Kern County (part),” “Los Angeles-South Coast Air Basin, CA,” “Los Angeles County (part),” “Orange County,” “Riverside County (part),” “San Bernardino County (part),” “San Diego, CA,” and “San Diego County (part).”

The revisions read as follows:

BILLING CODE 6560-50-P

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**45 CFR Parts 144, 147, and 158**

**CMS-9981-F**

**RIN 0938-AQ95**

**Student Health Insurance Coverage**

**AGENCY:** Centers for Medicare & Medicaid Services (CMS), HHS.

**ACTION:** Final rule.

**SUMMARY:** This final rule establishes requirements for student health insurance coverage under the Public

Health Service (PHS) Act and the Patient Protection and Affordable Care Act (Affordable Care Act). The final rule defines "student health insurance coverage" as a type of individual health insurance coverage, and specifies that certain PHS Act requirements are inapplicable to this type of individual health insurance coverage. This final rule also amends the medical loss ratio and annual limits requirements for student health insurance coverage under the PHS Act.

**DATES:** *Effective Date.* This rule is effective on April 20, 2012.

*Applicability Dates.* The amendment to 45 CFR Part 147 applies to student health insurance coverage for policy years beginning on or after July 1, 2012. The amendments to 45 CFR Part 158 apply beginning January 1, 2013, to

health insurance issuers offering student health insurance coverage.

**FOR FURTHER INFORMATION CONTACT:** Robert Imes, (410) 786-1565.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Patient Protection and Affordable Care Act (Pub. L. 111-148) was enacted on March 23, 2010, and the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111-152) was enacted on March 30, 2010. We refer to the two statutes collectively as the Affordable Care Act. The Affordable Care Act reorganizes, amends, and adds to the provisions of Part A of Title XXVII of the Public Health Service (PHS) Act relating to group health plans and health insurance issuers in the group and individual markets.
