DEPARTMENT OF ENERGY

Proposed Agency Information Collection

AGENCY: U.S. Department of Energy, DOE.

ACTION: Notice and Request for OMB Review and Comment.

SUMMARY: The Department of Energy (DOE) has submitted to the Office of Management and Budget (OMB) for clearance, a proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995. The proposed collection will be used to report the progress of participants in the DOE Better Buildings Challenge (BBC) program; (5) Annual Estimated Number of Respondents: 130; (6) Annual Estimated Number of Total Responses: 1,714; (7) Annual Estimated Number of Burden Hours: 788; (8) Annual Estimated Reporting and Recordkeeping Cost Burden: $0.

Issued in Washington, DC, on March 20, 2012.

Maria Tikoff Vargas,

DEPARTMENT OF ENERGY

U.S. Energy Information Administration

Agency Information Collection Extension

AGENCY: U.S. Energy Information Administration (EIA), Department of Energy.

ACTION: Agency Information Collection Activities: Information Collection Extension; Notice and Request for Comments.

SUMMARY: The EIA intends to extend for three years, Form EIA–851A “Domestic Uranium Production Report (Annual),” Form EIA–851Q “Domestic Uranium Production Report (Quarterly),” and Form EIA–858 “Uranium Marketing Annual Survey,” with the Office of Management and Budget (OMB) pursuant to the Paperwork Reduction Act of 1995. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments regarding this proposed information collection must be received on or before May 25, 2012. If you anticipate difficulty in submitting comments within that period, contact the person listed in ADDRESSES as soon as possible.

ADDRESSES: Send comments to Douglas Bonnar. The mailing address is Department of Energy, U.S. Energy Information Administration, Attn: Douglas Bonnar, E1–23, Forrestal Building, 1000 Independence Avenue SW., Washington, DC 20585. To ensure receipt of the comments by the due date, submission by email (douglas.bonnar@eia.gov) is recommended. Alternatively, Douglas Bonnar may be contacted by telephone at 202–586–1085 or by fax at 202–586–3045.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the forms and instructions should be directed to Douglas Bonnar at the contact information given above. Forms and instructions are also available on the Internet at: http://www.eia.gov/survey/#uranium.

SUPPLEMENTARY INFORMATION: This information collection request contains:

(1) OMB No. 1905–0160;
(2) Information Collection Request Title: Uranium Data Program;
(3) Type of Request: Three-year extension;
(4) Purpose: The Federal Energy Administration Act of 1974 (Pub. L. 93–275, 15 U.S.C. 761 et seq.) and the DOE Organization Act (Pub. L. 95–91, 42 U.S.C. 7101 et seq.) require the EIA to carry out a centralized, comprehensive, and unified energy information program. This program collects, evaluates, assembles, analyzes, and disseminates information on energy resource reserves, production, demand, technology, and related economic and statistical information. This information is used to assess the adequacy of energy resources to meet near and longer term domestic demands.

The EIA, as part of its effort to comply with the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. chapter 3501 et seq.), provides the general public and other Federal agencies with opportunities to comment on collections of energy information conducted by or in conjunction with the EIA. Any comments received help the EIA to prepare data requests that maximize the utility of the information collected, and to assess the burden of collection requirements on the public. The EIA will later seek approval by the Office of Management and Budget (OMB) under Section 3507(a) of the Paperwork Reduction Act of 1995.

Form EIA–851A collects annual data from the U.S. uranium industry on
For each property, provide:

- **State**—Enter the State of the property.
- **Reserved (Reasonably Assured Resource) Estimate**—Enter the reserve (reasonably assured resource) quantities for ore, grade, and pounds U₃O₈ by cost categories. For reporting purposes, EIA considers reserves and reasonably assured resources to be functionally equivalent. Do not report inferred resources.

For Form EIA–851Q, EIA purposes to collect supervisor information in addition to the responding company, the parent company, and the contact/preparer information.

For Form EIA–851Q, EIA proposes changes to clarify the instructions for Item 5, Uranium Feed Deliveries to U.S. and Foreign Enrichers in the Survey Year. The proposed instructions are:

- **Item 5. Uranium Feed Deliveries to U.S. and Foreign Enrichers in the Survey Year:** Enter the country origins and associated quantity of uranium feed shipped to enrichment plants, indicating each country where enrichment plant is located.
- **Annual Estimated Number of Respondents:** 160;
- **Annual Estimated Number of Total Responses:** 205;
- **Annual Estimated Number of Burden Hours:** 1,450 hours;
- **Annual Estimated Reporting and Recordkeeping Cost Burden:** $0. There are no additional costs to respondents associated with the survey other than the costs associated with the burden hours.

Issued in Washington, DC, on March 20, 2012.

**Stephanie Brown,**
Director, Office of Survey Development and Statistical Integration, U.S. Energy Information Administration.

**Federal Energy Regulatory Commission**

[Project No. 2177–090]

**Georgia Power Company; Notice of Application for Amendment of License and Soliciting Comments, Motions To Intervene, and Protests**

Take notice that the following hydropower application has been filed with the Commission and is available for public inspection:

- **Application Type:** Amendment of License.
- **Project No.:** 2177–090.
- **Date Filed:** February 10, 2012.
- **Applicant:** Georgia Power Company.
- **Name of Project:** Chattahoochee Project.
- **Location:** The project is located on the Chattahoochee River in Harris and Muscogee Counties, Georgia, and Lee and Russell Counties, Alabama.
- **File Pursuant to:** Federal Power Act, 16 U.S.C. 791(a)–825(r).
- **Applicant Contact:** Mr. Stan Connally, Senior Vice-President and Senior Production Officer, Southern Company Generation, 241 Ralph McGill Boulevard NE., Bldg. 2200, Atlanta, Georgia 30308–3374, (404) 506–7033.
- **FERC Contact:** Kelly Houff, (202) 502–6393, Kelly.Houff@ferc.gov.
- **Deadline for filing comments, motions to intervene, and protests:** April 19, 2012.

All documents may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission’s Web site http://www.ferc.gov/docs-filing/efiling.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at http://www.ferc.gov/docs-filing/ecomment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The Commission’s Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

**Description of Application:** Georgia Power Company seeks approval to construct a 615-foot-long rock and concrete weir, with top elevation of 225.5 feet, in the existing tailrace of the North Highland Dam of the Middle Chattahoochee Project. The proposed weir will act to support the tailwater elevation required to continue operating the North Highlands Development once the downstream City Mills Dam licensed by Uptown Columbus is breached. In addition, Georgia Power Company also seeks to construct a permanent access road to the weir and a staging area reserved for future plant
