**DEPARTMENT OF ENERGY**

**Informational Meeting on Nuclear Fuel Cycle Options**

**AGENCY:** Office of Fuel Cycle Technologies, Office of Nuclear Energy, Department of Energy.

**ACTION:** Notice of meeting.

**SUMMARY:** The Office of Fuel Cycle Technologies will be hosting a one-day informational meeting at the Argonne National Laboratory in Lemont, Illinois. At this meeting, input is being sought from participants knowledgeable in nuclear fuel cycles, including those from the public, universities, industry and national laboratories.

**DATES:** The meeting will be held on Wednesday, April 25, 2012 from 8:30 a.m. to approximately 5:30 p.m.

**ADDRESSES:** Argonne National Laboratory, 9700 S. Cass Avenue, Lemont, IL 60439. Any individual who wishes to attend the meeting must pre-register before April 16, 2012 at [http://www.inl.gov/conferences/nfco/](http://www.inl.gov/conferences/nfco/). For information regarding the application may be directed to James F. Rowe, Jr., Dewey & LeBoeuf LLP, 1101 New York Avenue NW., Washington, DC 20005–4213, 202–346–8000 (phone), 202–346–8102 (fax), or jbowe@dl.com.

**FOR FURTHER INFORMATION CONTACT:** Ms. Melissa Walton, Meeting Coordinator, Argonne National Laboratory, Building 208, 9700 S. Cass Avenue, Lemont, IL 60439, phone number: 630–252–4860, email: mwalton@anl.gov.

**SUPPORTING INFORMATION:** The meeting is open to the public, however space is limited and pre-registration is required (see ADDRESSES above). An agenda for the meeting is available at [http://www.inl.gov/conferences/nfco/](http://www.inl.gov/conferences/nfco/). This meeting is part of the activities leading to a comprehensive evaluation and screening of nuclear fuel cycle options in 2013. At this meeting, input is being sought from participants knowledgeable in nuclear fuel cycles, particularly including those from the public, universities, industry and national laboratories, to ensure that the set of fuel cycle options developed for the evaluation and screening provides a comprehensive representation of potential fuel cycle performance with respect to the evaluation criteria. The purpose of this meeting is NOT to seek input on the evaluation criteria or the pros and cons of any particular fuel cycle option. Opportunity for providing input on the evaluation criteria will occur in a future meeting later this year.

**DEPARTMENT OF ENERGY**

**Federal Energy Regulatory Commission**

**[Docket No. CP12–91–000]**

**Leaf River Energy Center LLC; Notice of Application**

On March 20, 2012, Leaf River Energy Center LLC (Leaf River), 53 Riverside Avenue, Westport, Connecticut 06880, filed with the Federal Energy Regulatory Commission (Commission) an application under section 7(c) of the Natural Gas Act (NGA), as amended, and part 157 of the Commission’s regulations for an order amending the certificate of public convenience and necessity issued in Docket No. CP08–8–000 as amended in Docket No. CP11–107–000, to authorize Leaf River to reallocate the aggregate total facility certificated storage capacity of the Leaf River Energy Center among the previously authorized caverns, all as more fully detailed in the Application. Leaf River states that this amendment does not involve any change in total facility certificated capacity, pressures, injection rates or withdrawal rates authorized by the Commission in the original certificate order, but will result in changes in individual cavern capacities.

Questions regarding the application may be directed to James F. Rowe, Jr., Dewey & LeBoeuf LLP, 1101 New York Avenue NW., Washington, DC 20005–4213, 202–346–8000 (phone), 202–346–8102 (fax), or jbowe@dl.com."
the date of issuance of the Commission staff’s FEIS or EA.

There are two ways to become involved in the Commission’s review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 385.211 or 385.214) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental cementers will be placed on the Commission’s environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission’s environmental review process. Environmental cementers will not be required to serve copies of filed documents on all other parties. However, the nonparty commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission’s final order. However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission’s rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the “eFiling” link at http://www.ferc.gov. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. This filing is accessible on-line at http://www.ferc.gov using the “eLibrary” link and is available for review in the Commission’s Public Reference Room in Washington, DC. There is an “eSubscription” link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCONlineSupport@ferc.gov, or call (866) 208–3676 (toll free) or TTY, call (202) 502–8659.

Comment Date: 5 p.m. Eastern Time on April 16, 2012

Dated: March 26, 2012.

Kimberly D. Bose, Secretary.

[Docket No. EL12–49–000]

Northern Indiana Public Service Company; Notice of Petition for Declaratory Order

Take notice that on March 16, 2012, pursuant to Rule 207 of the Federal Energy Regulatory Commission’s (Commission) Rules of Practice and Procedure, 18 CFR 385.207, section 219 of the Federal Power Act, 16 U.S.C. 824e, and 824s(a), and Order No. 679, new Northern Indiana Public Service Company (NIPSCO) filed a Petition for Declaratory Order, requesting that the Commission issue an order granting transmission rate incentives related to the Reynolds to Burr Oak to Hiple 345 kV transmission line, a Multi-Value Project approved under the Midwest Independent Transmission System Operator, Inc. Transmission Expansion Plan process.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the “eFiling” link at http://www.ferc.gov. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at http://www.ferc.gov, using the “eLibrary” link and is available for review in the Commission’s Public Reference Room in Washington, DC. There is an “eSubscription” link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCONlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.
