A. Purpose

Certain Federal contracts provide for progress payments to be made to the contractor during performance of the contract. Pursuant to FAR clause 52.232-16 "Progress Payments," contractors are required to request progress payments on Standard Form 1443, "Contractor's Request for Progress Payment," or an agency approved electronic equivalent. Additionally, contractors may be required to submit reports, certificates, financial statements, and other pertinent information, reasonably requested by the Contracting Officer. The contractual requirement for submission of reports, certificates, financial statements and other pertinent information is necessary for protection of the Government against financial loss through the making of progress payments.

SUPPLEMENTARY INFORMATION:

Inspection of Public Comments: All comments received before the close of the comment period are available for viewing by the public, including any personally identifiable or confidential business information that is included in a comment. We post all comments received before the close of the comment period on the following Web site as soon as possible after they have been received: http://www.regulations.gov. Follow the search instructions on that Web site to view public comments.

Comments received timely will also be available for public inspection as they are received, generally beginning approximately 3 weeks after publication of a document, at the headquarters of the Centers for Medicare & Medicaid Services, 7500 Security Boulevard, Baltimore, Maryland 21244, Monday through Friday of each week from 8:30 a.m. to 4 p.m. To schedule an appointment to view public comments, phone 1–800–743–3951.

I. Background

Under the Medicare program, eligible beneficiaries may receive covered services through a Medicare Advantage (MA) organization that contracts with CMS. The regulations specifying the Medicare requirements that must be met for a Medicare Advantage Organization (MAO) to enter into a contract with CMS are located at 42 CFR part 422. These regulations implement Part C of Title XVIII of the Social Security Act (the Act), which specifies the services that an MAO must provide and the requirements that the organization meet to be an MA contractor. Other relevant sections of the Act are Parts A and B of Title XVIII and Part A of Title XI pertaining to the provision of services by Medicare certified providers and suppliers. Generally, for an entity to be an MA organization, the organization must be licensed by the State as a risk bearing organization as set forth in part 422.

As a method of assuring compliance with certain Medicare requirements, an MA organization may choose to become accredited by a CMS approved accrediting organization (AO). By virtue of its accreditation by a CMS-approved AO, the MA organization can be “deemed” compliant in one or more of six requirements set forth in section 1852(e)(4)(B) of the Act. For CMS to recognize an AO’s accreditation program as establishing an MA plan’s compliance with our requirements, the AO must prove to CMS that their standards are at least as stringent as Medicare requirements. MA organizations that are licensed as health maintenance organizations (HMOs) or preferred provider organizations (PPOs) and are accredited by an approved accrediting organization may receive, at their request, “deemed” status for CMS requirements with respect to the following six MA criteria: Quality Improvement; Antidiscrimination; Access to Services; Confidentiality and Accuracy of Enrollee Records; Information on Advanced Directives; and Provider Participation Rules. (See §422.156(b)). At this time, recognition of accreditation does not include the Part D areas of review set out at §423.165(b). AOs that apply for MA deeming authority are generally recognized by the health care industry as entities that accredit HMOs and PPOs. As we specify at §422.157(b)(2)(ii) the term for which an AO may be approved by CMS may not exceed 6 years. For continuing approval, the AO must apply to CMS to renew their “deeming authority” for a subsequent approval period.

The Utilization Review Accreditation Commission (URAC) was approved as a CMS approved accreditation organization for MA deeming of HMOs on May 26, 2006, and that term will expire on May 26, 2012. On December 9, 2011, URAC submitted an application to renew its deeming authority. On that same date, URAC submitted materials requested from CMS which included updates and/or changes to items set out in Federal regulations at §422.158(a) that are prerequisites for receiving approval of its accreditation program from CMS, and which were furnished to CMS by URAC as part of their renewal applications for HMOs and PPOs.

II. Provisions of the Proposed Notice

The purpose of this notice is to notify the public of URAC’s request to renew its Medicare Advantage “deeming authority” for HMOs and PPOs. URAC submitted all the necessary materials (including its standards and monitoring protocol) to enable us to make a determination concerning its request for approval as an accreditation organization for CMS. This renewal application was determined to be complete on February 6, 2012. Under section 1852(e)(4) of the Act and §422.158 (Federal review of accrediting organizations), our review and evaluation of URAC will be conducted in accordance with our regulations, and will include but not necessarily be limited to the following components:

A. Components of the Review Process

• The types of MA plans that it would review as part of its accreditation process.
• A detailed comparison of the organization’s accreditation requirements and standards with the Medicare requirements (for example, a crosswalk).
• Detailed information about the organization’s survey process, including the following—
  • The procedures used to notify accredited MA organizations of deficiencies and to monitor the correction of those deficiencies; and
  • The procedures used to enforce compliance with accreditation requirements.
• Detailed information about the individuals who perform surveys for the accreditation organization, including the following—
  • The size and composition of accreditation survey teams for each type of plan reviewed as part of the accreditation process;
  • The education and experience requirements surveyors must meet;
  • The content and frequency of the in-service training provided to survey personnel;
  • The evaluation systems used to monitor the performance of individual surveyors and survey teams; and
  • The organization’s policies and practice with respect to the participation, in surveys or in the accreditation decision process by an individual who is professionally or financially affiliated with the entity being surveyed.
• A description of the organization’s data management and analysis system with respect to its surveys and accreditation decisions, including the kinds of reports, tables, and other displays generated by that system.
III. Collection of Information Requirements
This document does not impose information collection and recordkeeping requirements. Consequently, it need not be reviewed by the Office of Management and Budget under the authority of the Paperwork Reduction Act of 1995.

IV. Response to Comments
Because of the large number of public comments we normally receive on Federal Register documents, we are not able to acknowledge or respond to them individually. We will consider all comments we receive by the date and time specified in the DATES section of this preamble, and, when we proceed with a subsequent document, we will respond to the comments in the preamble to that document.
