may be viewed on the Commission’s electronic docket (EDIS) at http://edis.usitc.gov. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810. **SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on September 27, 2011, based on a complaint filed by Technical Properties Limited, LLC (“TPL”) of Cupertino, California. 76 FR 59737–38. The complaint alleges a violation of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain digital photo frames and image display devices and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 6,976,623; 7,162,549; 7,295,443; and 7,522,424. The complaint further alleges the existence of a domestic industry. The Commission’s notice of investigation named twenty respondents including Aiptek. The Office of Unfair Import Investigations was not named as a party to this investigation. The complaint and notice of investigation were served on Aiptek on September 22, 2011. Aiptek failed to respond to the complaint and notice of investigation.

On November 18, 2011, the presiding administrative law judge (“ALJ”) issued an order to Aiptek to show cause why it should not be held in default. See ALJ’s Order No. 13 (November 18, 2011). Aiptek failed to respond to the show cause order. The ALJ issued an initial determination (“ID”) on December 22, 2011, finding Aiptek in default, pursuant to 19 CFR 210.13 and 210.16, because respondent did not respond to the complaint, notice of investigation, and the ALJ’s order to show cause. On January 9, 2012, the Commission issued notice of its determination not to review the ID finding Aiptek in default.

On March 8, 2012, complainant TPL filed a declaration requesting immediate relief against the defaulting respondent Aiptek pursuant to Commission rule 210.16(c)(1), 19 CFR 210.16(c)(1). Its declaration included proposed remedial orders for the Commission’s consideration.

Section 337(g)(1)(19 U.S.C. 1337(g)(1)) and Commission Rule 210.16(c)(1) (19 CFR 210.16(c)(1)) authorize the Commission to order immediate limited relief against a respondent found to be in default, unless after consideration of the public interest factors, it finds that such relief should not issue. The Commission may (1) issue an order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) issue one or more cease and desist orders that could result in the respondent being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than to resolve the complaint, the party should so indicate and provide information establishing that activities involving other types of entry are either adversely affecting it or likely to do so. For background, see *In the Matter of Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337–TA–360, USITC Pub. No. 2843 (December 1994) (Commission Opinion). If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the extent that an exclusion order and/or cease and desist order would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

When the Commission orders some form of remedy, the U.S. Trade Representative, as delegated by the President, has 60 days to approve or disapprove the Commission’s action. See section 337(j), 19 U.S.C. 1337(j) and the Presidential Memorandum of July 21, 2005. 70 FR 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United States under bond, in an amount determined by the Commission. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed if a remedy is ordered.

**Written Submissions:** The parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest, and bonding. Complainant is requested to state the dates that patents and HTSUS numbers expire and the HTSUS numbers under which the accused products are imported. The written submissions must be filed no later than close of business on April 23, 2012. Reply submissions must be filed no later than the close of business on April 30, 2012. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must do so in accordance with Commission rule 210.4(f), 19 CFR 210.4(f) which requires electronic filing. The original document and 8 true copies thereof must also be filed on or before the deadlines stated above with the Office of the Secretary. Any person desiring to submit a document (or portion thereof) to the Commission in confidence must request confidential treatment until the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 210.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary. The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 210.16(c)(1) and 210.50 of the Commission’s Rules of Practice and Procedure (19 CFR 210.16(c)(1) and 210.50).

Issued: April 9, 2012.

By order of the Commission.

James R. Holbein,
Secretary to the Commission.

Background: As requested by the USTR, the Commission will conduct an investigation and prepare a report that summarizes recent developments relating to trade facilitation in the East African Community (EAC). The report will also describe the potential benefits of trade facilitation in the EAC countries, based on empirical studies and the experiences of other developing countries. As requested, the information in the report will be based principally on a review of the literature, and, to the extent the literature permits, include the following:

- A description of the present conditions and recent developments relating to the movement of goods to and from the countries of the EAC, including policies enforced at the border and procedures for their enforcement, as well as transport infrastructure. To the extent feasible, the report will address elements referenced in U.S. trade facilitation agreements, such as those between the United States and the Philippines, the United States and Uruguay, and trade facilitation chapters in U.S. free trade agreements. The description will focus on conditions in individual EAC countries as well as the EAC region as a whole.
- A summary of findings from the empirical literature on the benefits of overall trade facilitation improvements, such as effects on import and export volumes, export diversification, and economic development, including highlights of any notable findings specific to the EAC countries.
- Relevant sectoral case studies (particularly for industries where EAC countries have significant AGOA exports) from developing countries within and outside sub-Saharan Africa that illustrate the benefits of trade facilitation.

The USTR asked that the Commission provide its report no later than July 2, 2012.

Written Submissions: Because of the short time frame requested by the USTR, the Commission will not hold a public hearing in connection with this investigation. However, interested parties are invited to file written submissions concerning this investigation. All written submissions should be addressed to the Secretary, and should be received no later than 5:15 p.m., May 10, 2012. All written submissions must conform to the provisions of section 201.8 of the Commission’s Rules of Practice and Procedure (19 CFR 201.8). Section 201.8 and the Commission’s Handbook on Filing Procedures require that interested parties file documents electronically on or before the filing deadline and submit eight (8) true paper copies by 12 noon eastern time on the next business day. In the event that confidential treatment of a document is requested, interested parties must file, at the same time as the eight paper copies, at least four (4) additional true paper copies in which the confidential information must be deleted (see the following paragraph for further information regarding confidential business information). Persons with questions regarding electronic filing should contact the Secretary (202–205–2595).

Any submissions that contain confidential business information (CBI) must also conform to the requirements of section 201.6 of the Commission’s Rules of Practice and Procedure (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the “confidential” or “non-confidential” version, and that the confidential business information be clearly identified by means of brackets. All written submissions, except for confidential business information, will be made available for inspection by interested parties.

In his request letter the USTR said that he anticipates that the Commission’s report will be made available to the public in its entirety, and asked that the Commission not include any confidential business information in the report it sends him. Accordingly, any confidential business information received by the Commission in this investigation and used in preparing this report will not be included in the report that the Commission sends to the USTR and will not be published in a manner that would reveal the operations of the firm supplying the information.

James R. Holbein, Secretary to the Commission.
