for energy and communication site development, exclusion from rights-of-way, management to Visual Resource Management Class II (VRM II) standards, and limiting vehicle use to designated roads and trails. Use limitations associated with this ACEC where it does not overlap with the Sutton Mountain WSA would be similar except for an NSO stipulation for mineral leasing, and other special stipulations for developments for energy, communication sites, and rights-of-way. Other proposed ACECs include the 6,639-acre Black Canyon RNA/ACEC, which would protect several sensitive plants and unique plant communities. Use limitations for this proposed ACEC include exclusion of livestock grazing, closure to off-highway motorized vehicles, an NSO stipulation for mineral leasing, closure to salable minerals, energy and communication site development, and exclusion of rights-of-way. The proposed plan would also add 1,153 acres to the existing 5,999-acre Horn Butte ACEC to protect Washington ground squirrel habitat. Use limitations for the expanded Horn Butte ACEC include management to VRM II standards, prohibition of mechanical noxious weed control in Fourmile Canyon, an NSO stipulation for mineral leasing, closure to salable minerals and energy and communication site development, and exclusion of rights-of-way. Also proposed is the addition of the North Fork John Day River (16,837 acres), Armstrong Canyon (3,885 acres) and Ferry Canyon (2,364 acres) ACECs to protect visual resource values. Use limitations include management to VRM II standards, NSO stipulation for mineral leasing, closure to communication site development, and exclusion of rights-of-way. The proposed plan also eliminates the existing Spanish Gulch ACEC (333 acres). In the event that Congress releases any of the three WSAs along the lower John Day River (Lower John Day, North Pole Ridge, and Thirtymile) from WSA status, the released lands would be designated as ACECs to preserve scenic and other values. Use limitations would include management to VRM II standards, NSO stipulation for mineral leasing and closure to salable minerals, closure to energy and communication site development, and exclusion of rights-of-way (except for the existing PGE pipeline right-of-way). For more detailed information on each ACEC proposal, see the Special Designations section in the Proposed RMP/Final EIS.

Instructions for filing a protest with the Director of the BLM regarding the Proposed RMP/Final EIS may be found in the “Dear Reader” letter of the John Day Basin Proposed RMP/Final EIS and at 43 CFR 1610.5–2. Emailed and faxed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular or overnight mail postmarked by the close of the protest period. Under these conditions, the BLM will consider the emailed or faxed protest as an advanced copy and it will receive full consideration. If you wish to provide the BLM with such advance notification, please direct faxed protests to the attention of the BLM protest coordinator at 202–912–7212, and emails to Brenda_Hudgens_Williams@blm.gov.

All protests, including the follow-up letter to emails or faxes, must be in writing and mailed to the appropriate address as set forth in the ADDRESSES section above.

Before including your address, phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your letter to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1506.6 and 1506.10 43 CFR 1610.2 and 1610.5.

**Call for Nominations for Resource Advisory Councils**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The purpose of this notice is to reopen the request for public nominations for certain Bureau of Land Management (BLM) Resource Advisory Councils (RAC) that have member terms expiring this year. These RACs provide advice and recommendations to the BLM on land use planning and management of the National System of...
Public Lands within their respective geographic areas. The RACs covered by this request for nominations are identified below. The BLM will accept public nominations for 45 days after the publication of this notice.

DATES: All nominations must be received no later than June 4, 2012.

ADDRESSES: See SUPPLEMENTARY INFORMATION for the address of respective BLM State Offices accepting nominations.

SUPPLEMENTARY INFORMATION: The Federal Land Policy and Management Act (FLPMA) (43 U.S.C. 1739) directs the Secretary of the Interior to involve the public in planning and issues related to management of lands administered by the BLM. Section 309 of FLPMA directs the Secretary to establish 10- to 15-member citizen-based advisory councils that are consistent with the Federal Advisory Committee Act (FACA). As required by FACA, RAC membership must be balanced and representative of the various interests concerned with the management of the public lands. The rules governing RACs are found at 43 CFR subpart 1784 and include the following three membership categories:

Category One—Holders of Federal grazing permits and representatives of organizations associated with energy and mineral development, timber industry, transportation or rights-of-way, developed outdoor recreation, off-highway vehicle use, and commercial recreation;

Category Two—Representatives of nationally or regionally recognized environmental organizations, archaeological and historic organizations, dispersed recreation activities, and wild horse and burro organizations; and

Category Three—Representatives of state, county, or local elected office, employees of a state agency responsible for management of natural resources, representatives of Indian tribes within or adjacent to the area for which the council is organized, representatives of academia who are employed in natural sciences, and the public-at-large.

Individuals may nominate themselves or others. Nominees must be residents of the state in which the RAC has jurisdiction. The BLM will evaluate nominees based on their education, training, experience, and knowledge of the geographical area of the RAC. Nominees should demonstrate a commitment to collaborative resource decision-making. The Obama Administration prohibits individuals who are currently federally registered lobbyists from being appointed or re-appointed to FACA and non-FACA boards, committees, or councils.

The following must accompany all nominations:

Letters of reference from represented interests or organizations;

A completed background information nomination form; and

Any other information that addresses the nominee’s qualifications.

Simultaneous with this notice, BLM state offices will issue press releases providing additional information for submitting nominations, with specifics about the number and categories of member positions available for each RAC in the state. If you have already submitted your nomination materials for 2012 you will not need to resubmit. Nominations for the following RACs should be sent to the appropriate BLM offices as noted below:
