Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People’s Republic of China: Amended Final Results of the Administrative Review of the Antidumping Duty Order

AGENCY: Import Administration. International Trade Administration, Department of Commerce.

DATES: Effective Date: April 23, 2012.

SUMMARY: On January 17, 2012, the Department of Commerce (“Department”) published the final results of the antidumping duty administrative review of tapered roller bearings and parts thereof, finished and unfinished (“TRBs”) from the People’s Republic of China (“PRC”), covering the period June 1, 2009, through May 31, 2010.1 We are amending our Final Results to correct a ministerial error made in the calculation of the antidumping duty margin for Changshan Peer Bearing Company, Ltd. (“CPZ/SKF”) pursuant to section 751(h) of the Act. We are also amending the Final Results, as described below, with this notice (“Ministerial Error Memo”).

FOR FURTHER INFORMATION CONTACT: Demitri Kalogeropoulos AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–2623.

SUPPLEMENTARY INFORMATION:

Background

On January 17, 2012, the Department published the Final Results. On January 23, 2012, pursuant to 19 CFR 351.224(c), the Timken Company (“Timken”) submitted an allegation of a ministerial error regarding the valuation of the steel bar production input for CPZ/SKF and requested that the Department correct the alleged ministerial error in the calculation of CPZ/SKF’s dumping margin. No other party submitted ministerial error allegations.

Before the Department could take action on the alleged ministerial error, both Timken and CPZ/SKF filed summonses and complaints with the U.S. Court of International Trade (“CIT”) challenging the Final Results, which vested the CIT with jurisdiction over the administrative proceeding. On March 29, 2012, the CIT granted the Department leave to amend the Final Results.2

Ministerial Errors

A ministerial error as defined in section 751(h) of the Act includes “errors in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.”

After analyzing the ministerial error allegation, we have determined, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), that we made certain ministerial errors in our calculations for the Final Results. For a detailed discussion of these ministerial errors, as well as the Department’s analysis of the errors and allegation, see the Memorandum to the File, “Final Results of the 2009–2010 Administrative Review of the Antidumping Duty Order on Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, from the People’s Republic of China: Allegation of Ministerial Error,” dated concurrently with this notice (“Ministerial Error Memo”).

Because the cash deposit rate for two other exporters was based on the calculated rate for CPZ/SKF, and that margin has changed since the Final Results, the separate rate for these two exporters has changed as well. The amended weighted-average dumping margins are as follows:

<table>

<tr>
