SUPPLEMENTARY INFORMATION:

A. The Standards

The Standard for the Surface Flammability of Carpets and Rugs,

16 CFR part 1630, and the Standard for the Surface Flammability of Small Carpets and Rugs, 16 CFR part 1631, were issued under section 4 of the Flammable Fabrics Act (FFA) (15 U.S.C. 1193) in 1970. The standards cover any type of finished product made in whole or in part of fabric or related material and intended for use as a floor covering in homes, offices, or other places of assembly or accommodation. The standards establish an acceptable level of flammability performance. Items must meet the requirements of the standards prior to distribution in commerce, and firms must issue a “General Certification of Conformity” (GCC) or “Children’s Product Certificate” (CPC), certifying that the products meet all applicable product safety regulations. The GCC and CPC requirements are additional requirements imposed by the Consumer Product Safety Improvement Act (CPSIA), 15 U.S.C. 2063(g). The CPSIA also imposes a third party testing requirement for all consumer products, including carpets and rugs, subject to a consumer product safety rule or similar rule, ban, standard, or regulation under any other Act enforced by the Commission, that are primarily intended for children 12 years of age or younger. Every manufacturer (including an importer) or a private labeler of a children’s carpet or rug must have its product tested for compliance to parts 1630 and 1631 and other applicable product safety rules by an accredited, CPSC-accepted third party laboratory. In addition to the standards, certain enforcement regulations (16 CFR 1630.31 and 1631.32) have been issued under section 5 of the FFA (15 U.S.C. 1194) to address reasonable and representative tests and the recordkeeping requirement. These rules specify the frequency of testing necessary to support the issuance of a guaranty of compliance under the FFA and the types of records that must be maintained to document this activity. Beginning in 2013, firms must also employ reasonable and representative testing programs in accordance with the CPSIA.

The OMB approved the collection of information in the regulations under control number 3041-0017. OMB’s most recent extension of approval expires on August 31, 2012. The Commission now proposes to request an extension of approval for the collection of information in the regulations.

B. Estimated Burden

The Commission estimates that 120 firms are subject to the information collection requirements. These firms
