changing the airport’s name to Leesburg International Airport. The FAA’s Aeronautical Products office requested the change to reflect the airport’s current name.

**DATES:** Effective date 0901 UTC, July 26, 2012. The Director of the Federal Register approves this incorporation by reference under action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

**SUPPLEMENTARY INFORMATION:**

**The Rule**

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class D and Class E airspace at Leesburg, FL. Leesburg Regional Airport has been renamed Leesburg International Airport to be in concert with the FAA’s aeronautical database. Accordingly, since this is an administrative change, and does not affect the boundaries, altitudes, or operating requirements of the airspace, notice and public procedures under 5 U.S.C. 553(b) are unnecessary.

The Class D airspace, Class E surface airspace, and Class E airspace extending upward from 700 feet or more above the surface of the earth designations are published in Paragraph 5000, 6004, and 6005, respectively, of FAA Order 7400.9V, dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designations listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them, operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace for the Leesburg, FL, Class D and E airspace area.

Airspace, Incorporation by reference, Navigation (air).

**Final Rule**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

**PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10834, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§71.1 [Amended]  

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, effective September 15, 2011, is amended as follows:

**Paragraph 5000 Class D airspace.**

* * * * *

ASO FL D Leesburg, FL [Amended]  

Leesburg International Airport, FL (Lat. 28°49’23” N., long. 81°48’31” W.)  

That airspace extending upward from the surface to but not including 3,600 feet MSL within a 4.1-mile radius of Leesburg International Airport. This Class D airspace area is effective during the specific days and times established in advance by a Notice to Airmen. The effective days and times will thereafter be continuously published in the Airport/Facility Directory.

**Paragraph 6004 Class E airspace designated as an extension to a Class D surface area.**

14 CFR Part 71

Amendment of Class E Airspace; Tallahassee, FL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E airspace in the Tallahassee, FL area. Tallahassee Commercial Airport has been abandoned and controlled airspace is no longer needed. Airspace reconfiguration is necessary for the continued safety and management of instrument flight rules (IFR) operations within the Tallahassee, FL, airspace area.

DATES: Effective 0901 UTC, July 26, 2012. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305–6364.

SUPPLEMENTARY INFORMATION:

History

On April 10, 2012, the FAA published in the Federal Register a notice of proposed rulemaking to amend Class E airspace in the Tallahassee, FL area (77 FR 21508). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9V dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class E airspace extending upward from 700 feet above the surface in the Tallahassee, FL area. Tallahassee Commercial Airport has been abandoned and controlled airspace serving the airport removed. Airspace reconfiguration is necessary for the continued safety and management of IFR operations within the Tallahassee, FL, airspace area.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace in the Tallahassee, FL area.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

§ 71.1 [Amended]

1. The authority citation for Part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, effective September 15, 2011, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

ASO FL E4 Tallahassee, FL [Amended]

Tallahassee Regional Airport
(Lat. 30°23′48″ N., long. 84°21′02″ W.) Quincy Municipal Airport
(Lat. 30°35′53″ N., long. 84°33′27″ W.)

That airspace extending upward from 700 feet above the surface within a 10-mile radius of the Tallahassee Regional Airport and within a 6.3-mile radius of Quincy Municipal Airport.
