(Host Government—Canada)
U.S. Delegate
Vacant
AdHoc Intergovernmental Task Forces
Ad Hoc Intergovernmental Task Force on Animal Feeding
(Host government—Switzerland)
Delegate
Daniel G. McChesney, Ph.D., Director, Office of Surveillance & Compliance, Center for Veterinary Medicine, U.S. Food and Drug Administration, 7529 Standish Place, Rockville, MD 20855, Phone: (240) 453–6830, Fax: (240) 453–6880, Email: Daniel.McChesney@fda.hhs.gov.

Alternate Delegate
Dr. Patty Bennett, Branch Chief, Risk Assessment Division, Office of Public Health Science, Food Safety and Inspection Service, U.S. Department of Agriculture, 901 Aerospace Center, Washington, DC 20250, Phone: (202) 690–6189, Email: patty.bennett@fsis.usda.gov.

DEPARTMENT OF AGRICULTURE
Forest Service
Questa Ranger District, Carson National Forest; Taos County, NM; Taos Ski Valley’s 2010 Master Development Plan—Phase 1 Projects; Additional Filings
AGENCY: Forest Service, USDA.
ACTION: Notice; correction.
SUMMARY: The USDA Forest Service published in the Federal Register a Notice of Intent (75 FR 71414–71415, November 23, 2010) to prepare an environmental impact statement for a proposal to authorize several (Phase 1) projects included in the Taos Ski Valley (TSV) 2010 Master Development Plan (MDP). All proposed projects would be within the existing special use permit (SUP) area.

A corrected notice of intent was published in the Federal Register on September 29, 2011 (76 FR 60451) modifying the proposed action to relocate the snow tubing area and add the relocation of an existing footbridge across the Rio Hondo.

The Environmental Protection Agency (EPA) published a notice of availability (NOA) for the draft EIS in the Federal Register on January 13, 2012 (77 FR 2060).

Revised Dates: The final environmental impact statement (final EIS) and record of decision (ROD) are expected in July 2012.

Change in Responsible Official: In addition, this notice changes the official responsible for the EIS and subsequent record of decision to Acting Forest Supervisor Diana Trujillo, Carson National Forest.

ADDRESSES: Send written comments to Carson National Forest, Taos Ski Valley MDP—Phase 1 Projects, 208 Cruz Alta Road, Taos, NM 87571. Comments may also be sent via email to comments-southwestern-carson@fs.fed.us or facsimile to (575) 758–6213.

FOR FURTHER INFORMATION CONTACT: Additional information related to the proposed project can be obtained from the Forest’s Web page: http://www.fs.fed.us/s3/carson/. The Forest Service contact is Audrey Kuykendall, who can be reached at 575–758–6200.

Diana M. Trujillo,
Acting Carson National Forest Supervisor.

DEPARTMENT OF AGRICULTURE
National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

BACKGROUND: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection for the Floriculture Survey. Revision to burden hours will be needed due to changes in the size of the target population, sampling design, and/or questionnaire length.

DATES: Comments on this notice must be received by August 20, 2012 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535–0093, by any of the following methods:

• Email:ombofficer@nass.usda.gov. Include docket number above in the subject line of the message.
• Fax: (202) 720–6396.
• Mail: U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW., Washington, DC 20250–2024.
• Hand Delivery/Courier: Hand deliver to: David Hancock, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW., Washington, DC 20250–2024.

Type of Request: Intent to Seek Approval to Revise and Extend an Information Collection for 3 years.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue State and national estimates of crop and livestock production, prices, and disposition. The Floriculture Survey is currently conducted in 15 States and obtains basic agricultural statistics on production and value of floriculture products. The target population for this survey is all operations with production and sales of at least $10,000 of floriculture products. Now floriculture operations that are discovered during the 2012 Census of Agriculture will be added to the list of potential respondents. The retail and wholesale quantity and value of sales are collected for fresh cut flowers, potted flowering plants, foliage plants, annual bedding/garden plants, herbaceous perennials, cut cultivated florist greens, propagative floriculture material, and unfinished plants. Additional detail on area in production, operation value of sales, and agricultural workers is included.

Content changes are minimal year to year, but always managed to avoid significant changes to the length and burden associated with each questionnaire. These statistics are used by the U.S. Department of Agriculture to help administer programs and by growers and marketers in making production and marketing decisions.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average between 10 and 60 minutes per respondent. Operations with less than $100,000 in sales of floriculture products respond to a reduced number of questions related to operation characteristics while operations with sales greater than $100,000 complete the entire questionnaire.

Respondents: Farms and businesses.

Estimated Number of Respondents: 9,000.

Estimated Total Annual Burden on Respondents: 4,500 hours.

Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS Clearance Officer, atombofficer@nass.usda.gov or at (202) 690–2388.

Comments: Comments are invited on:
(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
(b) the accuracy of the agency’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
(c) ways to enhance the quality, utility, and clarity of the information to be collected; and
(d) ways to minimize the
