4. How to minimize the information collection burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Please send comments as directed under ADDRESSES and DATES. Please refer to OMB control number 1004–0114 in your correspondence. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The following information is provided for the information collection:

**Title:** Recordation of Location Notices and Mining Claims; Payment of Fees.

**Form:** Form No. 3830–4, Affidavit of Annual Assessment Work.

**OMB Control Number:** 1004–0114.

**Abstract:** The Bureau of Land Management (BLM) requests revision of control number 1004–0114 for proposed Form 3830–4, Affidavit of Annual Assessment Work. The proposed form would be part of the currently approved collection activity titled “Annual FLPMA Documents,” and would not change the requirements or the estimated burdens, except for updates of the number of responses and associated hour burdens. The burdens shown below are only for the activity titled, “Annual FLPMA Documents.”

**Frequency:** Annually.

**Estimated Number and Description of Respondents Annually:** 6,316 mining claimants who seek a waiver from annual maintenance fees.

**Estimated Reporting and Recordkeeping “Hour” Burden Annually:** 3,158 hours.

**Estimated Reporting and Recordkeeping “Non-Hour Cost” Burden Annually:** $63,160.

Jean Sonneman,

Information Collection Clearance Officer,

Bureau of Land Management.

[LLOR957000–L63100000–HD0000: HAG12–0227]

**Filing of Plats of Survey: Oregon/Washington**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The plats of survey of the following described lands are scheduled to be officially filed in the Bureau of Land Management Oregon/Washington State Office, Portland, Oregon, 30 days from the date of this publication.

**Willamette Meridian**

**Oregon**

T. 41 S., Rs. 42 and 43 E., accepted June 22, 2012
T. 34 S., R. 5 W., accepted June 22, 2012
T. 41 S., R. 4 E., accepted June 22, 2012
T. 16 S., R. 1 W., accepted June 22, 2012
T. 9 S., R. 7 W., accepted July 2, 2012
T. 7 S., R. 7 W., accepted July 2, 2012
T. 25 S., R. 13 W., accepted July 6, 2012
T. 20 S., R. 9 W., accepted July 2, 2012

**ADDRESSES:** A copy of the plats may be obtained from the Land Office at the Bureau of Land Management, Oregon/Washington State Office, 333 SW, 1st Avenue, Portland, Oregon 97204, upon required payment. A person or party who wishes to protest against a survey must file a notice that they wish to protest (at the above address) with the Oregon/Washington State Director, Bureau of Land Management, Portland, Oregon.

**FOR FURTHER INFORMATION CONTACT:** Kyle Hensley, (503) 808–6124, Branch of Geographic Sciences, Bureau of Land Management, 333 SW, 1st Avenue, Portland, Oregon 97204. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**DEPARTMENT OF LABOR**

**Employment and Training Administration**

**TA–W–81,263, Chartis Global Services, Inc., a Subsidiary of Chartis, Inc., Regional Processing Organization, Regional Service Center, Houston, TX; TA–W–81,263A, Chartis Global Services, Inc., a Subsidiary of Chartis, Inc., Regional Processing Organization, Regional Service Center, Dallas, TX; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974, as amended (“Act”), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on February 13, 2012, applicable to workers of Chartis Global Services, Inc., Regional Service Center, a subsidiary of Chartis, Inc., Houston, Texas. The Department’s Notice of determination was published in the Federal Register on February 28, 2012 (77 FR 13352). The subject workers are engaged in activities related to the supply of underwriting services. Specifically, these services include reservation, policy issuance, fulfillment, mid-term servicing and file management.

During the course of the investigation of another petition, the Department reviewed the certification applicable to workers and former workers of the subject firm. The review revealed that the Regional Service Center is part of the Regional Processing Organization and that workers and former workers at an affiliated facility in Dallas, Texas operated in conjunction with the Houston, Texas facility and were similarly affected by the workers’ firm’s shift to a foreign country the supply of services like or directly competitive with the insurance writing support services supplied by the Regional Service Center.

In order to properly identify the worker group and to capture the entirety of the affected worker group, the Department is amending the certification (TA–W–81,263A) to add “Regional Processing Organization” and to add workers at an affiliated location.
in Dallas, Texas (TA–W–81,263A). The amended notice applicable to TA–W–81,263 is hereby issued as follows:

All workers of Chartis Global Services, Inc., a subsidiary of Chartis, Inc., Regional Processing Organization, Regional Service Center, Houston, Texas (TA–W–81,263) and Chartis Global Services, Inc., a subsidiary of Chartis, Inc., Regional Processing Organization, Regional Service Center, Dallas, Texas (TA–W–81,263A), who became totally or partially separated from employment on or after February 13, 2012 through February 13, 2014, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed in Washington, DC, this 29th day of June 2012.

Del Min Amy Chen,
Certifying Officer, Office of Trade Adjustment Assistance.

DEPARTMENT OF LABOR

Mine Safety and Health Administration

[OMB Control No. 1219–0030]

Proposed Extension of Existing Information Collection; Main Fan Operation and Inspection in Gassy Underground Metal and Nonmetal Mines

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Request for public comments.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to assure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Mine Safety and Health Administration is soliciting comments concerning the extension of the information collection for 30 CFR 57.22204. OMB last approved this information collection request on January 8, 2010. The package expires on January 31, 2013.

DATES: All comments must be postmarked or received by midnight Eastern Time on September 17, 2012.

ADDRESS: Comments concerning the information collection requirements of this notice must be clearly identified with “OMB 1219–0030” and sent to the Mine Safety and Health Administration (MSHA). Comments may be sent by any of the methods listed below.

- Facsimile: 202–693–9441, include “OMB 1219–0030” in the subject line of the message.
- Regular Mail or Hand Delivery: MSHA, Office of Standards, Regulations, and Variances, 1100 Wilson Boulevard, Room 2350, Arlington, VA 22209–3939. For hand delivery, sign in at the receptionist’s desk on the 21st floor.

FOR FURTHER INFORMATION CONTACT: Greg Moxness, Chief, Economic Analysis Division, Office of Standards, Regulations, and Variances, MSHA, at moxness.greg@dol.gov (email); 202–693–9440 (voice); or 202–693–9441 (facsimile).

SUPPLEMENTARY INFORMATION:

I. Background

Potentially gassy (explosive) conditions in underground metal and nonmetal mines are largely controlled by the main mine fans. When accumulations of explosive gases, such as methane, are not swept from the mine by the main fans, they may reasonably be expected to contact an ignition source. The results of such contacts are usually disastrous, and multiple fatalities may be reasonably expected to occur. The standard contains significantly more stringent requirements for main fans in “gassy” mines than for main fans in other mines. 30 CFR 57.22204, which only applies to metal and nonmetal underground mines that are categorized as “gassy,” requires main fans to have pressure-recording systems. This standard also requires main fans to be inspected daily while operating if persons are underground and certification made of such inspections by signature and date. Certification of pressure and pressure recordings are to be retained for one year and made available to authorized representatives of the Secretary.

This information collection addresses the recordkeeping associated with 30 CFR 57.22204.

II. Desired Focus of Comments

The Mine Safety and Health Administration (MSHA) is soliciting comments concerning the proposed extension of the information collection related to this safety standard on main fan operation and inspection in gassy underground metal and nonmetal mines. MSHA is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;
- Evaluate the accuracy of the MSHA’s estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Address the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submissions of responses) to minimize the burden of the collection of information on those who are to respond.

The public may examine publicly available documents, including the public comment version of the supporting statement, at MSHA, Office of Standards, Regulations, and Variances, 1100 Wilson Boulevard, Room 2350, Arlington, VA 22209–3939. OMB clearance requests are available on MSHA’s Web site at http://www.msha.gov under “Rules & Regs” on the right side of the screen by selecting Information Collections Requests, Paperwork Reduction Act Supporting Statements. The document will be available on MSHA’s Web site for 60 days after the publication date of this notice. Comments submitted in writing or in electronic form will be made available for public inspection. Because comments will not be edited to remove any identifying or contact information, MSHA cautions the commenter against including any information in the submission that should not be publicly disclosed. Questions about the information collection requirements may be directed to the person listed in the FOR FURTHER INFORMATION section of this notice.

III. Current Actions

The information obtained from mine operaitions is used by MSHA during inspections to determine compliance with this safety standard. MSHA has updated the data in respect to the
