Record of Decision for the Entry Control Reconfiguration and Base Perimeter Fence Relocation in area A Wright-Patterson AF Base, Ohio, Final Environmental Impact Statement

ACTION: Notice of Availability (NOA) of a Record of Decision (ROD).

SUMMARY: On June 21, 2012, the United States Air Force signed the ROD for the Entry Control Reconfiguration and Base Perimeter Fence Relocation in Area A Wright-Patterson Air Force Base (WPABF), Ohio Final Environmental Impact Statement (FEIS). The ROD states the Air Force decision to implement the Proposed Action to include reconfiguration of the entry control system, fence relocation, and pedestrian control improvements, as outlined in the Final Environmental Impact Statement (FEIS). The ROD identifies the area of significance, affected environment, and potential impacts, and outlines the decision to proceed with the Proposed Action.

Current Action

CNCS seeks to renew and revise the current application. The application will be used in the same manner as the existing application. CNCS also seeks to continue using the current application until the revised application is approved by OMB. The current application is due to expire on March 31, 2013.

Type of Review: Renewal.
Agency: Corporation for National and Community Service.
Title: AmeriCorps NCCC Project Sponsor Application.
OMB Number: 3045–0010.
Agency Number: None
Affected Public: Current/prospective AmeriCorps NCCC Project Sponsors.
Total Respondents: 1200 annually.
Frequency: Rolling application process.
Average Time per Response: Averages 7.5 hours.
Estimated Total Burden Hours: 9,000 hours.
Total Burden Cost (capital/startup): None.
Total Burden Cost (operating/maintenance): None.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: July 11, 2012.
Kate Rafferty, Director, AmeriCorps National Civilian Community Corps.
control facilities and relocate base perimeter fence across State Route 444 analyzed in the FEIS.

The decision was based on matters discussed in the FEIS, inputs from the public and regulatory agencies, and other relevant factors. The FEIS was made available to the public on May 11, 2012 through a NOA in the Federal Register (Volume 77, Number 92, Page 27771) with a wait period that ended on June 12 2012. The ROD documents only the decision of the Air Force with respect to the proposed Air Force actions analyzed in the FEIS. Authority: This NOA is published pursuant to the actions analyzed in the FEIS. Authority: This NOA is published pursuant to the regulations (40 CFR Part 1506.6) implementing the provisions of the NEPA of 1969 (42 USC. 4321, et seq.) and the Air Force’s Environmental Impact Analysis Process (EIAP) (32 CFR Parts 989.21(b) and 989.24(b)(7)).

FOR FURTHER INFORMATION CONTACT: Ms. Estella Holmes, 88 ABW/PA 5735 Pearson Road, Building 10, Room 252, Wright-Patterson AFB, Ohio, 45433–5543, (937) 522–3522. Additional Information on the EIS can be found at: http://www.wpafb.af.mil/units/cev/index.asp.

Henry Williams Jr.
Acting Air Force Federal Register Liaison Officer.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 1988–081]

Pacific Gas and Electric Company; Notice of Application for Amendment of License and Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. Application Type: Request for temporary variance of the flow requirement, pursuant to Article 402 of the Haas-Kings River Hydroelectric Project.

b. Project No.: 1988–081.

c. Date Filed: June 5, 2012.

e. Name of Project: Haas-King River Hydroelectric Project.

f. Location: The Haas-King River Hydroelectric Project is located on the North Fork Kings River in Fresno County, near Fresno, California.

g. Filed Pursuant to: Federal Power Act, 16 U.S.C. 791(a)–825(r).

h. Applicant Contact: Mr. Neil J. Wong, Pacific Gas and Electric Company, 245 Market Street, San Francisco, California 94105, Tel: (415) 973–2109.

i. FERC Contact: Alyssa Dorval, (212) 273–5955, alyssa.dorval@ferc.gov.

j. Deadline for filing comments, motions to intervene, and protests: 15 days from the issuance date of this notice.

All documents may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission’s Web site http://www.ferc.gov/docs-filing/eﬁling.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at http://www.ferc.gov/docs-filing/ecomment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1–866–208–3676, or for TTY, (202) 502–8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Please include the project number (P–1988–081) on any documents or motions filed.

The Commission’s Rules of Practice and Procedure require all intervenors filing applications with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. Description of Request: Pursuant to Article 402 of the project license, Pacific Gas and Electric Company (PG&E) is required to request a temporary amendment of flows from the Commission, if the departure from flows lasts for more than two weeks. PG&E is planning to construct a reinforced shotcrete lining in the lower, unlined portion of the Kings River Surge Shaft. This liner is being constructed to address seepage from the slope below the surge chamber, which has increased over the years. In order to make the repairs, PG&E will need to drain the Kings River Tunnel in a controlled manner. This condition will preclude the delivery of a water supply to maintain the minimum inflow release from KI–31. It is estimated that the period of no release from the KI–31 could last approximately 11 weeks. The minimum flow requirement below Balch Afterbay Dam (KI–21) of 15 cubic feet per second (cfs) will be met at all times. PG&E will also release an additional 20 cfs at the Balch Afterbay Dam for a total of 35 cfs at the confluence of Dinkey Creek and the Kings River (KI–22). Additional natural flows from Dinkey Creek will provide a combined 20–50 cfs at KI–22.

l. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at http://www.ferc.gov using the “eLibrary” link. Enter the docket number to access the document. For assistance, contact FERC Online Support. A copy is also available for inspection and reproduction at the address in item h above. You may also register online at http://www.ferc.gov/docs-filing/esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

m. Individuals desiring to be included on the Commission’s mailing list should so indicate by writing to the Secretary of the Commission.

Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission’s Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Any filings must bear in all capital letters the title “COMMENTS,” “PROTEST,” or “MOTION TO INTERVENE,” as applicable, and the Project Number of the particular application to which the filing refers. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the applicant. If an agency does not file comments within the time...
