Notice of Commission Staff Attendance

The Federal Energy Regulatory Commission hereby gives notice that members of the Commission’s staff may attend the following meetings related to the transmission planning activities of the Southwest Power Pool, Inc. (SPP):

- Docket No. ER12–47, Southwest Power Pool, Inc.
- Docket No. ER12–51, Southwest Power Pool, Inc.
- Docket No. ER12–60, Southwest Power Pool, Inc., et al.
- Docket No. ER12–1813, The Empire District Electric Co.
- Docket No. ER12–1071, Entergy Arkansas, Inc.
- Docket No. EL12–59, Golden Spread Electric Cooperative, Inc.
- Docket No. ER09–548, ITC Great Plains, LLC
- Docket No. ER12–1826, Kansas City Power & Light Co.
- Docket No. ER12–1828, KCP&L Greater Missouri Operations Co.
- Docket No. EL11–34, Midwest Independent Transmission System Operator, Inc.
- Docket No. ER09–36, Prairie Wind Transmission, LLC
- Docket No. ER12–1537, Public Service Co. of Oklahoma
- Docket No. ER12–1538, Southwestern Electric Power Co.
- Docket No. ER09–35, Tallgrass Transmission, LLC
- Docket No. EL12–28, Xcel Energy Services Inc., et al.

These meetings are open to the public.

For more information, contact Patrick Clarey, Office of Energy Market Regulation, Federal Energy Regulatory Commission at (317) 249–5937 or patrick.clarey@ferc.gov.

Dated: July 12, 2012.
Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP12–50–000]

Alliance Pipeline, L.P.; Notice of Availability of the Environmental Assessment for the Proposed Tioga Lateral Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Tioga Lateral Project, proposed by Alliance Pipeline L.P. (Alliance) in the above-referenced docket. Alliance requests authorization to construct and operate approximately 79.3 miles of new 12-inch-diameter natural gas pipeline lateral and appurtenant facilities in Williams, Mountrail, Burke, and Renville Counties, North Dakota. The Tioga Lateral Project would be designed and constructed to provide approximately 106.5 million cubic feet per day of new transportation capacity to the Chicago market area.

The EA assesses the potential environmental effects of the construction and operation of the Tioga Lateral Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Fish and Wildlife Service (FWS) and the U.S. Army Corps of Engineers (COE) participated as cooperating agencies in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

The proposed Tioga Lateral Project includes the following facilities:
- Approximately 79.3 miles of 12-inch-diameter natural gas pipeline crossing portions of Williams, Mountrail, Burke, Ward, and Renville Counties, North Dakota;
- A 6,000 horsepower compressor station (Tioga Compressor Station) containing three natural gas-driven engines/compressors in Williams County;
- One meter station within the proposed compressor station site in Williams County;
- One pressure regulating station adjacent to the existing Alliance mainline in Renville County;
- One pig launcher at the proposed compressor station site and one pig receiver at the pressure regulating station site; and
- Five mainline block valves.

1 A “pig” is a tool that is inserted into and moves through the pipeline, and is used for cleaning the pipeline, internal inspections, or other purposes.
