Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget (OMB), in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, email paperwork@hrsa.gov or call the HRSA Reports Clearance Office on (301) 443–1984.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: The Health Education Assistance Loan (HEAL) Program: Forms (OMB No. 0915–0034)—[Revision]

The Health Education Assistance Loan (HEAL) program provided federally insured loans to assure the availability of funds for loans to eligible students to pay for their education costs.

In order to administer and monitor the HEAL program the following forms are utilized: the Lenders Application for Contract of Federal Loan Insurance form (used by lenders to make application to the HEAL insurance program); the Borrower’s Deferment Request form (used by borrowers to request loan deferrals on HEAL loans and used by lenders to determine borrower’s eligibility for deferment); the Borrower Loan Status Update form (submitted by lenders to the Secretary on the status of each loan); and the Loan Purchase/Consolidation electronic submission (submitted by lenders to the Secretary to report sales, and purchases of HEAL loans).

The annual estimate of burden is as follows:

Proposed Change in State Title V Maternal and Child Health Block Grant Allocations

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: This notice seeks comments on proposed changes in the State Title V Maternal and Child Health (MCH) Block Grant allocations. Through the Health Resources and Services Administration’s Maternal and Child Health Bureau (MCHB), Title V MCH Block Grant funds are allocated to States based in part on a calculation of the number of children living in poverty (in an individual State) as compared to the total number of children living in poverty in the United States, using data for the number of children in poverty in each State from the U.S. Census Bureau’s official decennial census. As the Census Bureau has replaced the decennial census long-form sample questionnaire with the American Community Survey (ACS), MCHB likewise plans to use the ACS as its source for this data. The ACS offers broad, comprehensive information on social, economic, and housing data and is designed to provide this information at many levels of geography. ACS child poverty estimates are produced annually and will allow the Block Grant allocation proportions to be updated more frequently than every 10 years. The Census Bureau produces annual State-level poverty estimates based on the most recent 1, 3, and 5 years of ACS data as well as annual model-based Small Area Income and Poverty Estimates (SAIPE). It is proposed that MCHB implement annual changes to the State Title V MCH Block Grant allocations using the 3-year ACS poverty estimates, wherein each annual change is buffered by sharing 2 of 3 data years in a 3-year rolling period estimate.

DATES: Interested persons are invited to comment on this proposed change. Submit written comments no later than September 18, 2012. All comments received on or before this date will be considered.
