Department of the Army, Corps of Engineers

33 CFR Part 334

Meloy Channel, U.S. Coast Guard Base Miami Beach, FL; Restricted Area

AGENCY: United States Army Corps of Engineers, Department of Defense.

ACTION: Final rule.

SUMMARY: The U.S. Army Corps of Engineers (Corps) is amending the regulations at 33 CFR part 334 to establish a new restricted area in the waters surrounding the U.S. Coast Guard Base Miami Beach, Florida (Base Miami Beach). Base Miami Beach is composed of multiple U.S. Coast Guard (USCG) units, both land and waterside. The facility has one of the highest operational tempos in the USCG for both routine and emergency operations. The amendment to the regulations is necessary to enhance the USCG’s ability to secure their shoreline to counter postulated threats against their personnel, equipment, cutters, and facilities by providing stand-off corridors encompassing the waters immediately contiguous to Base Miami Beach. The amendment will also serve to protect the general public from injury or property damage during routine and emergency USCG operations and provide an explosive safety arc buffer during periodic transfer ofammunitions between units, including cutters.

DATES: Effective date: August 20, 2012.

FOR FURTHER INFORMATION CONTACT: Mr. Jon M. Griffin, U.S. Army Corps of Engineers, Jacksonville District, Regulatory Division, at 904–232–1680 or Mr. David Olson, Headquarters, Operations and Regulatory Community of Practice, Washington, DC at 202–761–4922 or Mr. David Olson, Headquarters, Operations and Regulatory Community of Practice, Washington, DC 20314–1000.

SUPPLEMENTARY INFORMATION: Pursuant to its authorities in Section 7 of the Rivers and Harbors Act of 1917 (40 Stat 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40 Stat 892; 33 U.S.C. 3) the Corps is amending the regulation at 33 CFR part 334 by establishing a new restricted area in the waters near Meloy Channel, Government Cut Channel, and Miami Main Channel surrounding Base Miami Beach. The amendment to the regulation is described below. The proposed rule was published in the May 3, 2012, issue of the Federal Register (77 FR 26229), and its regulations.gov docket number is COE–2012–0009. No comments were received in response to the proposed rule.

The amendment to this regulation will allow the Commander, U.S. Coast Guard Base Miami Beach to restrict passage of persons, watercraft, and vessels in waters contiguous to this Command, thereby increasing the ability to protect the facilities and personnel at Base Miami Beach from potential threats. The amendment will also provide a measure of protection to the public by reducing the potential for injury or property damage during routine and emergency USCG operations at the facilities and by providing a permanent explosive safety arc during the transfer of ammunition between cutters.

Procedural Requirements

a. Review Under Executive Order 12866. This regulation is issued with respect to a military function of the Department of Defense and the provisions of Executive Order 12866 do not apply.

b. Review Under the Regulatory Flexibility Act. The regulation has been reviewed under the Regulatory Flexibility Act (Pub. L. 96–354) which requires the preparation of a regulatory flexibility analysis for any regulation that will have a significant economic impact on a substantial number of small entities (i.e., small businesses and small governments). The Corps determined that this regulation would have practically no economic impact on the public nor would it result in any anticipated navigational hazard or interference with existing waterway traffic. This regulation will have no significant economic impact on small entities.

c. Review Under the National Environmental Policy Act. This regulation will not have a significant impact to the quality of the human environment and, therefore, preparation of an environmental impact statement is not required. An environmental assessment has been prepared. It may be reviewed at the district office listed at the end of the FOR FURTHER INFORMATION CONTACT section, above.

d. Unfunded Mandates Act. This regulation does not impose an enforceable duty among the private sector and, therefore, is not a Federal private sector mandate and is not subject to the requirements of Section 202 or 205 of the Unfunded Mandates Reform Act (Pub. L. 104–4, 109 Stat. 48, 2 U.S.C. 1501 et seq.). We have also found under Section 203 of the Act, that small governments will not be significantly or uniquely affected by this regulation.
