The proposed consent decree would settle Plaintiffs’ claims in a title V deadline suit concerning a petition to object to a permit issued by the Kentucky Department for Air Quality for the Tennessee Valley Authority’s Shawnee Fossil Plant. The proposed consent decree would require EPA to sign its response to Plaintiffs’ petition by September 1, 2012. Under the proposed consent, once EPA has met these obligations, and any claims by Plaintiffs for costs of litigation have been resolved pursuant to the process provided in the proposed consent decree, the court would dismiss the suit with prejudice.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to the consent decree should be withdrawn, the terms of the decree will be affirmed.
