include all of the existing sites as “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 133’s previously authorized subzones.

In accordance with the Board’s regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is October 15, 2012. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to October 29, 2012.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz. For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482–0473.

Foreign-Trade Zone 12—McAllen, TX Notification of Proposed Export Production Activity TST NA Trim, LLC (Fabric/Leather Lamination and Cutting) Hidalgo, TX

The McAllen Foreign Trade Zone, Inc., grantee of FTZ 12, submitted a notification of proposed production activity on behalf of TST NA Trim, LLC (TST), located in Hidalgo, Texas. The notification conforming to the requirements of the regulations of the Board (15 CFR 400.22) was received on July 25, 2012.

A separate application for subzone status at the TST facility was submitted and will be processed under Section 400.31 of the Board’s regulations. Activity at the facility involves the laminating and cutting of automotive upholstery material for export (no shipments for U.S. consumption would occur). Production under FTZ procedures could exempt TST from customs duty payments on the foreign status upholstery materials used in export production (100% of shipments). Customs duties also could possibly be deferred or reduced on foreign status production equipment.

Upholstery fabrics and material sourced from abroad include: laminated (polyurethane coated) polyester knit, polyester warp knit (pile), polyester and nylon warp knit, and leather (duty rate ranges from free to 17.2%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is September 24, 2012.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz.
