Entities submitting confidential information in their Requests, Responses, or Rebuttals to CITA must submit both a public and a confidential version of their submissions. If the submissions are accepted, the public submissions or public versions of submissions will be posted on the dedicated commercial availability section of the OTEXA’s Web site. Business confidential information will not be shared with the public. Requestors and potential suppliers of the product named in the Request may use the public version as a basis for Responses and Rebuttals. Each submission containing factual information for CITA’s consideration must be accompanied by the appropriate certification regarding the accuracy of the factual information. With each electronic and original signed submission that contains factual information, an interested entity must file a certification of due diligence, attesting to the accuracy and authenticity of the submission. If the interested entity has legal counsel or other representative, the legal counsel or other representative must also file a certification of due diligence with each electronic and original signed submissions that contains factual information. Accurate representations of material facts submitted to CITA for the Commercial Availability Proceeding are vital to the integrity of this process and are necessary for CITA’s effective administration of the statutory scheme. Each submission containing factual information for CITA’s consideration must be accompanied by the appropriate certification regarding the accuracy of the factual information. Any submission that lacks the applicable certifications will be considered an incomplete submission that CITA will reject and return to the submitter. CITA may verify any factual information submitted by interested entities in a Commercial Availability Proceeding.

II. Method of Collection

All submissions for a commercial availability proceeding pursuant to these procedures (e.g., Commercial Availability Request, Response, Rebuttal, and Request to Remove) must be in English. If any attachments are in a language other than English, a complete translation must be provided. Each submission must be submitted to the Chairman of CITA, in care of the U.S. Department of Commerce’s Office of Textiles and Apparel in two forms: email and an original signed submission. An email version of the submission must be either in PDF or Word format, must contain an adequate public summary of any business confidential information and the due diligence certification, and should be sent to OTEXA.KOREA@trade.gov. The email version of the submission will be posted for public review on KOREA FTA Commercial Availability Web site. No business confidential information should be submitted in the email version of any document. Brackets must be placed around all business confidential information contained in submissions. Documents containing business confidential information must have a bolded heading stating “Confidential Version.” Attachments considered business confidential information must have a heading stating “Business Confidential Information.” Documents, including those submitted via email, provided for public release must have a bolded heading stating “Public Version” and all the business confidential information must be deleted from public versions, and substituted with an adequate public summary.

Certain Steel Nails From the People’s Republic of China: Preliminary Results and Partial Rescission of the Third Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("Department") is conducting the third administrative review of the antidumping duty order on certain steel nails from the People’s Republic of China ("PRC") for the period August 1, 2010, through July 31, 2011. The Department has preliminarily determined that sales have been made below normal value ("NV") by certain respondents examined in this administrative review. If these preliminary results are adopted in our final results of this review, the Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries of subject merchandise during the period of review.

DATES: Effective Date: September 4, 2012.

FOR FURTHER INFORMATION CONTACT: Alexis Polovina or Jamie Blair-Walker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–3927 or (202) 482–2615, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department received timely requests from Petitioner ¹ and other companies, in accordance with 19 CFR 351.213(b), during the anniversary month of August, to conduct reviews of certain companies exporting steel nails from the PRC. On October 3, 2011, the Department initiated this review with respect to all 383 requested companies.²

On December 22, 2011, Qingdao JISCO Co., Ltd., a Chinese producer of subject merchandise and its Korean parent company, ECO System Corporation d/b/a JISCO Corporation (collectively, “JISCO”), withdrew its request for an administrative review.³ On January 3, 2012, the Department received a timely ⁴ letter from Petitioner to withdraw its request for review of numerous companies.⁵

On March 30, 2012, the Department published a notice⁶ extending the time period for issuing the preliminary results by 120 days to August 30, 2012. From October 11, 2011, to December 5, 2011, the Department received timely separate rate applications, certifications and no shipment letters from many companies. On December 13, 2011, the Department received an untimely no shipment certification from Hebei Minmetals Co., Ltd. (“Hebei”).⁷

Pursuant to 19 CFR 351.302(d)(1)(i), the Department rejected the untimely no shipment certification from Hebei on July 16, 2012.⁸

Period of Review

The period of review (“POR”) is August 1, 2010, through July 31, 2011.

Scope of the Order

The merchandise covered by this order includes certain steel nails having a shaft length up to 12 inches. Certain steel nails include, but are not limited to, nails made of round wire and nails that are cut. Certain steel nails may be of one piece construction or constructed

² The deadline for submitting requests was January 3, 2012, but due to the federal holiday, the deadline was automatically extended to the following business day.
⁵ The deadline to submit separate rate applications, certifications and no shipment letters was December 2, 2011, 60 days following the publication of the Initiative Notice.
