Appendix III

Companies that filed no-shipment certifications, collectively ("No Shipment Respondents"):

1. Jining Huarong Hardware Products Co., Ltd.
2. Chieh Yung Metal Ind. Corp.
3. CYM (Nanjing) Nail Manufacture Co., Ltd.
4. Qidong Liang Chuan Metal Industry Co., Ltd.
5. Certified Products International Inc. ("CPI");
7. China Staple Enterprise (Tianjin) Co., Ltd.
8. Zhejiang Gem-Chun Hardware Accessory Co., Ltd.
9. PT Enterprise Inc.
10. Shanxi Yuci Broad Wire Products Co., Ltd.
11. Hengshui Mingyao Hardware & Mesh Products Co., Ltd.
12. Union Enterprise (Kunshan) Co., Ltd.

Appendix IV

Companies that did not apply for separate rates and are considered to be part of the PRC-wide entity:

1. Aironware (Shanghai) Co., Ltd.
2. Beijing Hong Sheng Metal Products Co., Ltd.
3. Beijing Hongsheng Metal Products Co., Ltd.
4. Dagang Zhitong Metal Products Co., Ltd.
5. Faithful Engineering Products Co., Ltd.
6. Hebei Minmetals Co., Ltd.
7. Hong Kong Yu Xi Co., Ltd.
8. Huanghai Shenghua Hardware Factory
9. Huanghai Xinda Nail Production Co., Ltd.
10. Huanghai Yufai Hardware Products Co., Ltd.
11. Senso-Xingya Metal Products (Taiyang) Co., Ltd.
12. Shanghai Seti Enterprise International Co., Ltd.
13. Shanghai Tengyu Hardware Tools Co., Ltd.
14. Shaxi Tianli Enterprise Co., Ltd.
15. Shaxiong Chengy Metal Producting Co., Ltd.
16. Shouguang Meiqing Nail Industry Co., Ltd.
17. Suntec Industries Co., Ltd.
18. Suzhou Xingya Nail Co., Ltd.
19. Suzhou Xiyuan Metal Products Co., Ltd.
20. Shandong Industrial Co., Ltd.

108 Hebei, submitted an untimely no shipment certification that the Department has rejected (see page 2). Therefore, this company is now considered to be part of the PRC-wide entity.
Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–9068 and (202) 482–2593, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 31, 2011, the Department initiated an administrative review of 84 producers/exporters of subject merchandise from the PRC. In the Preliminary Results, the Department preliminarily rescinded the review with respect to Shantou Yuexing Enterprise Company which submitted a no shipment certification and for which we have not found any information to contradict this claim.

As noted above, on March 2, 2012, the Department published the Preliminary Results of this administrative review and extended the deadline for the final results by 60 days. On April 26, 2012, the Petitioner, Domestic Processors, and Hilltop filed additional surrogate value information. On May 7, 2012, Domestic Processors and Hilltop submitted rebuttal surrogate value information.

Hilltop filed rebuttal briefs with respect to the Hilltop issues.

Background Regarding Hilltop

On March 12, 2012, Petitioner submitted information concerning recent criminal convictions of entities/persons affiliated with Hilltop and allegations of a transshipment scheme of shrimp through the Kingdom of Cambodia ("Cambodia") during the first and second administrative reviews of this proceeding. The involved parties included Hilltop, an Ocean Duke Corporation ("Ocean Duke"), and Ocean King (Cambodia) Co., Ltd. ("Ocean King").

Between March 29 and May 16, 2012, interested parties submitted comments regarding these allegations. Between March 16 and May 16, 2012, interested parties met with Department officials to discuss their submissions.

On June 1, 2012, the Department sent Hilltop a supplemental questionnaire addressing a number of the allegations regarding Hilltop and potentially undisclosed affiliations, as well as other issues brought to light in Petitioner’s March 12 Submission.

On June 15, 2012, Hilltop submitted its response, which largely consisted of a “Preliminary Statement,” in which Hilltop provided an analysis that detailed why Hilltop believes the allegations of misconduct prior to AR4 are irrelevant to the Department’s revocation analysis, argued that it is improper for the Department to investigate allegations of transshipment in a review proceeding, and stated its refusal to answer any questions regarding it activities prior to AR4.

Hilltop also stated that it already provided all affiliations to the Department and that it had no undisclosed Cambodian affiliate during this period of review or the two previous review periods (i.e. the revocation period).

On June 19, 2012, the Department placed on the record of this review public registration documentation listing To Kam Keung, the General Manager of Hilltop, as an owner and director of Ocean King from September 2005 through September 2010, i.e. during AR3–AR5 and the first half of AR6. On June 19, 2012, the Department also issued to Hilltop a supplemental questionnaire requesting that Hilltop respond to those questions which it previously refused to address and provide additional information related to the public registration documentation for Ocean King.

On June 26, 2012, Hilltop submitted its response to the Seventh Supplemental Questionnaire and again refused to answer those questions it deemed irrelevant; however, Hilltop admitted that an affiliation with Ocean King did exist from September 2005 until September 28, 2010.

On July 6, 2012, the Department placed on the record CBP data for U.S. imports of subject merchandise from the PRC for the period February 1, 2007 through January 31, 2008, which is the period corresponding with the third

administrative review of this proceeding. On July 11, 2012, Petitioner submitted comments on the AR3 CPB data.18

Scope of the Order

The scope of the order includes certain frozen warmwater shrimp and prawns, whether wild-caught (ocean harvested) or farm-raised (produced by aquaculture), head-on or head-off, shell-on or peeled, tail-on or tail-off;19 deveined or not deveined, cooked or raw, or otherwise processed in frozen form.

The frozen warmwater shrimp and prawn products included in the scope of the order, regardless of definitions in the Harmonized Tariff Schedule of the United States (“HTS”), are products which are processed from warmwater shrimp and prawns through freezing and which are sold in any count size. The products described above may be processed from any species of warmwater shrimp and prawns. Warmwater shrimp and prawns are generally classified in, but are not limited to, the Penaeidae family. Some examples of the farmed and wild-caught warmwater species include, but are not limited to, white-leg shrimp (Peneaus vannamei), banana prawn (Peneaus merguiensis), fleshy prawn (Peneaus chinesis), giant river prawn (Macrobrachium rosenbergii), giant tiger prawn (Peneaus monodon), redspotted shrimp (Peneaus brasilisensis), southern brown shrimp (Peneaus subtilis), southern pink shrimp (Peneaus notialis), southern rough shrimp (Trachypenaeus curvirostris), southern white shrimp (Peneaus schmitti), blue shrimp (Peneaus stylirostris), western white shrimp (Peneaus occidentalis), and Indian white prawn (Peneaus indicus).

Frozen shrimp and prawns that are packed with marinade, spices or sauce are included in the scope of the order. In addition, food preparations, which are processed from warmwater shrimp and prawns through freezing and which are sold in any count size.

Excluded from the scope are: (1) Breaded shrimp and prawns (HTS subheading 1605.20.1020); (2) shrimp and prawns generally classified in the Pandalidae family and commonly referred to as coldwater shrimp, in any state of processing; (3) fresh shrimp and prawns whether shell-on or peeled (HTS subheadings 0306.23.0020 and 0306.23.0040); (4) shrimp and prawns in prepared meals (HTS subheading 1605.20.0510); (5) dried shrimp and prawns; (6) Lee Kum Kee’s shrimp sauce; (7) canned warmwater shrimp and prawns (HTS subheading 1605.20.1040); (8) certain dusted shrimp;20 and (9) certain battered shrimp. Dusted shrimp is a shrimp-based product that, when dusted in accordance with the definition of dusting above, is coated with a wet viscous layer containing egg and/or milk, and par-fried.

The products covered by the order are currently classified under the following HTS subheadings: 0306.13.0003, 0306.13.0006, 0306.13.0009, 0306.13.0012, 0306.13.0015, 0306.13.0018, 0306.13.0021, 0306.13.0024, 0306.13.0027, 0306.13.0040, 0306.17.0003, 0306.17.0006, 0306.17.0009, 0306.17.0012, 0306.17.0015, 0306.17.0018, 0306.17.0021, 0306.17.0024, 0306.17.0027, 0306.17.0040, 1605.20.1010, 1605.20.1030, 1605.21.1030, and 1605.29.1010. These HTS subheadings are provided for convenience and for customs purposes only and are not dispositive, but rather the written description of the scope of the order is dispositive.

Final Partial Rescission

In the Preliminary Results, the Department preliminarily rescinded this review with respect to Shantou Yuexing Enterprise Company. The Department determined that it had no shipments of subject merchandise to the United States during the POR.21 Subsequent to the Preliminary Results, no information was submitted on the record indicating that it made sales to the United States of subject merchandise during the POR and no party provided written arguments regarding this issue. Thus, in accordance with 19 CFR 351.213(d)(3), and consistent with our practice, we are rescinding this review with respect to Shantou Yuexing Enterprise Company.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this review are addressed in the “Sixth Administrative Review of Frozen Warmwater Shrimp from the People’s Republic of China: Issues and Decision Memorandum for the Final Results,” which is dated concurrently with this notice (“I&D Memo”). A list of the issues that parties raised and to which we respond in the I&D Memo is attached to this notice as Appendix I. The I&D Memo is a public document and is on file in the Central Records Unit (“CRU”), Main Commerce Building, Room 7046, and is accessible on the Department’s Web site at http://www.trade.gov/ia. The paper copy and electronic version of the memorandum are identical in content.

Changes Since the Preliminary Results

Based on a review of the record as well as comments received from parties regarding our Preliminary Results, we made three revisions to Regal’s margin calculation for the final results. First, we have corrected an inadvertent error in the calculation of the ice surrogate value used in the Preliminary Results. For further information see I&D Memo at Comment 14; see also Final SV Memo.22 Additionally, we have included Kongphop Frozen Foods Company Ltd. (“Kongphop”) and Sea Bonanza Frozen Foods Company Limited (“Sea Bonanza”) financial statements to calculate the surrogate financial ratios.
because they are processors of frozen shrimp and their financial statements are contemporaneous and complete and indicate that they are unsubsidized. For further information see I&D Memo at Comment 12; see also Final SV Memo. We have also corrected various errors related to the calculation of the surrogate financial ratios using the financial statements of Kiang Huat Sea Gull Trading Frozen Food Public Co. Ltd. ("Kiang Huat"). For further information see I&D Memo at Comment 13; see also Final SV Memo. The Department’s determination to find Hilltop to be part of the PRC-wide entity and deny its company-specific revocation request from the Order is discussed below.

Separate Rates

In our Preliminary Results, we preliminarily determined that Regal met the criteria for the application of a separate rate.23 We have not received any information since the issuance of the Preliminary Results that provides a basis for the reconsideration of this determination. Therefore, the Department continues to find that Regal meets the criteria for a separate rate.

Further, while we preliminarily determined that Hilltop had satisfied the criteria for the application of a separate rate in the Preliminary Results, based on information subsequently placed on the record, for these final results we find that Hilltop’s separate rate information is no longer reliable or usable and Hilltop has failed to demonstrate its eligibility for a separate rate. In PRC Shrimp AR5, we found Hilltop to be part of a single entity, which included affiliates in a third country that had extensive production facilities in the PRC.24 In the Preliminary Results, we stated that because Hilltop had presented no additional evidence to demonstrate that it is not a part of this single entity, we continued to find that Hilltop and its affiliates were part of a single entity in this review.25 While we note that Hilltop is located in Hong Kong, its affiliated producers are located in the PRC. As we cannot rely on any of the information provided in Hilltop’s section A questionnaire responses, we cannot determine that this single entity of affiliated companies, of which Hilltop is a part, has met the criteria for a separate rate. Therefore, we are not granting a separate rate to Hilltop and its affiliates and we find Hilltop to be part of the PRC-wide entity.

Facts Otherwise Available

Sections 776(a)(1) and 776(a)(2) of the Act provide that if necessary information is not available on the record, or if an interested party (A) withholds information that has been requested by the Department; (B) fails to provide such information in a timely manner or in the form or manner requested subject to sections 782(c)(1) and (e) of the Act; (C) significantly impedes a proceeding under the antidumping statute; or (D) provides such information but the information cannot be verified, then the Department shall, subject to subsection 782(d) of the Act, use facts otherwise available in reaching the applicable determination.

Section 782(d) of the Act provides that, if the Department determines that a response to a request for information does not comply with the request, the Department will inform the person submitting the response of the nature of the deficiency and shall, to the extent practicable, provide that person the opportunity to remedy or explain the deficiency. If that person submits further information that continues to be unsatisfactory, or this information is not submitted within the applicable time limits, then the Department may, subject to section 782(e), disregard all or part of the original and subsequent responses, as appropriate.

Section 782(e) of the Act states that the Department shall not decline to consider information deemed “deficient” under section 782(d) if (1) the information is submitted by the established deadline; (2) the information can be verified; (3) the information is not so incomplete that it cannot serve as a reliable basis for reaching the applicable determination; (4) the interested party has demonstrated that it acted to the best of its ability in providing the information and meeting the requirements established by the Department; and (5) the information can be used without undue difficulties.

Hilltop/PRC-Wide Entity

As explained further in Comment 1 of the I&D Memo, the Department finds that the information to calculate an accurate and otherwise reliable margin is not available on the record with respect to Hilltop. Because the Department finds that necessary information is not on the record, and that Hilltop withheld information that has been requested, failed to submit information in a timely manner, significantly impeded this proceeding, and provided information that could not be verified,26 pursuant to sections 776(a)(1) and (2)(A), (B), (C) and (D) of the Tariff Act of 1930, the Department is using the facts otherwise available. For a more detailed discussion of the Department’s determination, see I&D Memo at Comment 1 and Hilltop AFA Memo.27 Further, because we determine that the entirety of Hilltop’s data are unusable, we also find that Hilltop has failed to demonstrate that it is eligible for a separate rate and is therefore part of the PRC-wide entity. Accordingly, we are assigning facts available to the PRC-wide entity, of which Hilltop is a part.

Adverse Facts Available

When relying on facts otherwise available, the Department may apply an adverse inference. Section 776(b) of the Act states that if the Department “finds that an interested party has failed to cooperate by not acting to the best of its ability to comply with a request for information from the administering authority * * * (the Department) * * * may use an inference that is adverse to the interests of the party in selecting from among the facts otherwise available.”28 Adverse inferences are appropriate to “ensure that the party does not obtain a more favorable result by failing to cooperate than if it had cooperated fully.”29 In selecting an adverse inference, the Department may rely on information derived from the petition, the final determination in the investigation, any previous review, or any other information placed on the record.30 Based on record evidence, the Department determines that the PRC-wide entity, which includes Hilltop, has failed to cooperate to the best of its ability in providing the requested information. Accordingly, pursuant to

---

23 See Preliminary Results at 12801, 12804.
25 See Preliminary Results at 12801, 12803.
sections 776(a)(2)(A), (B), (C), and (D), and section 776(b) of the Act, we find it appropriate to apply a margin to the PRC-wide entity based entirely on facts available with an adverse inference. By doing so, we ensure that the PRC-wide entity, which includes Hilltop, will not obtain a more favorable result by failing to cooperate than if it had cooperated fully. In choosing the appropriate balance between providing respondents with an incentive to respond accurately and imposing a rate that is reasonably related to the respondent’s prior commercial activity, selecting the highest prior margin “reflects a common sense inference that the highest prior margin is the most probative evidence of current margins, because, if it were not so, the importer, knowing of the rule, would have produced current information showing the margin to be less.” Specifically, the Department’s practice in reviews, when selecting a rate as total AFA, is to use the highest rate on the record of the proceeding which, to the extent practicable, can be corroborated. The CIT and U.S. Court of Appeals for the Federal Circuit (“Federal Circuit”) have affirmed Commerce’s practice of selecting the highest margin on the record for any segment of the proceeding as the AFA rate. Therefore, we are assigning as AFA to the PRC-wide entity, which includes Hilltop, a rate of 112.81%, which is the highest rate on the record of this proceeding and which was the rate assigned to the PRC-wide entity in the less than fair value investigation (“LTFV”) of this proceeding.

Corroboration of PRC-Wide Entity Rate

Section 776(c) of the Act requires that when relying on secondary information, the Department must corroborate, to the extent practicable, the rate which it applies as AFA. To be considered corroborated, the Department must find the information has probative value, meaning that the information must be found to be both reliable and relevant. As noted above, we are applying as AFA the highest rate from any segment of this proceeding, which is the rate currently applicable to all exporters subject to the PRC-wide rate. Although Hilltop has questioned the reliability of the PRC-wide rate because it was based on normal values calculated using Indian surrogate values, the Department sees no reason to deviate from its standard practice of using petition rates as the rates for applying adverse facts

The Department disregarded the highest margin on the record as not being the best information available (the predecessor to adverse facts available) because the margin was based on another company’s uncharacteristic business expense resulting in an unusually high margin. The information used in calculating this margin was based on sales and production data submitted by the petitioner in the LTFV investigation, together with the most appropriate surrogate value information available to the Department chosen from submissions by the parties in the LTFV investigation. Furthermore, the calculation of this margin was subject to comment from interested parties during the investigation after it was selected as the rate for the PRC-wide entity in the preliminary results. This has been the rate applicable to the PRC-wide entity since the investigation. As there is no information on the record of this review that demonstrates that this rate is not appropriate for use as AFA, we determine that this rate continues to be relevant. Further, the CIT has held that where a respondent is found to be part of the country-wide entity based on adverse inferences, the Department need not corroborate the country-wide rate.

34 See Notice of Final Determination of Sales at Less Than Fair Value: Static Random Access Memory Semiconductors From Taiwan, 63 FR 8909, 8911 (February 23, 1998); see also Brake Rotors From the People’s Republic of China: Final Results and Partial Rescission of the Seventh Administrative Review: Final Results of the Eleventh New Shipper Review, 70 FR 69937, 69939 (November 18, 2005), and SAA at 870.

35 See Rhone Poulenc, Inc. v. United States, 899 F.2d 1185, 1190 (Fed. Cir. 1990).

36 See Glycine from the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review, 74 FR 15930, 15934 (April 8, 2009), unchanged in Glycine From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review, 74 FR 41121 (August 14, 2009); see also Fujian Lianfa Forestry Co., Ltd. v. United States, 638 F. Supp. 2d 1325, 1336 (CIT August 10, 2009) (“Commerce may, of course, begin its total AFA selection process by defaulting to the highest rate in any segment of the proceeding, but that selection must then be corroborated, to the extent practicable.”).
with respect to information specific to that respondent because there is “no requirement that the country-wide entity rate based on Adverse Facts Available relate specifically to the individual company.” 45

Because the 112.81 percent rate is both reliable and relevant, we determine that it has probative value and is corroborated to the extent practicable, in accordance with section 776(c) of the Act. Therefore, we have assigned this AFA rate to exports of the subject merchandise by the PRC-wide entity, which includes Hilltop.

Request for Revocation

In the Preliminary Results, we determined that “pursuant to section 751(d) of the Act and 19 CFR 351.222(b)(2) * * * the application of the antidumping duty order with respect to Hilltop is no longer warranted for the following reasons: (1) The company had a zero or de minimis margin for a period of at least three consecutive years; (2) the company has agreed to immediate reinstatement of the order if the Department finds that it has resumed making sales at less than NV; and, (3) the continued application of the order is not otherwise necessary to offset dumping.” 46 After thorough analysis of the record evidence submitted after the Preliminary Results in this review, we find that Hilltop, even it were considered to be eligible for a separate rate and received a calculated zero or de minimis margin in this review, has failed to demonstrate that the “continued application of the order is not otherwise necessary to offset dumping.” Rather, we find that the deficiencies on the record of this review, which also implicate prior reviews, preclude the Department from granting Hilltop’s revocation request, in part due to Hilltop’s material misrepresentations in this review and its refusal to provide information regarding activities relevant to the proceeding. See I&D Memo at Comment 2; see also Hilltop AFA Memo. Furthermore, because Hilltop (even if it were eligible for a separate rate) receives an AFA rate in these final results, it does not satisfy the threshold requirement for revocation that a company must have three consecutive periods of sales at or above normal value. Thus we find that the criteria for revocation have not been satisfied, and we are not revoking the Order with regard to Hilltop.

Final Results of Review

Assessment

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For assessment purposes, we calculated importer (or customer)-specific assessment rates for merchandise subject to this review. Where appropriate, we calculated an ad valorem rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total entered values associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting ad valorem rate against the entered customs values for the subject merchandise. Where appropriate, we calculated a per-unit rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total sales quantity associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting per-unit rate against the entered quantity of the subject merchandise. Where an importer (or customer)-specific assessment rate is de minimis (i.e., less than 0.50 percent), the Department will instruct CBP to assess that importer (or customer’s) entries of subject merchandise without regard to antidumping duties, in accordance with 19 CFR 351.106(c)(2). The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

Cash Deposit Requirements

The following cash-deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be the rate established in the final results of this review (except, if the rate is zero or de minimis, i.e., less than 0.5 percent, no cash deposit will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 112.81 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO

46 See Preliminary Results at 12803.

See Appendix II—PRC-Wide Entity Companies.
materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Paul Piquado,
Assistant Secretary for Import Administration.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE
International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspected Investigation; Advance Notification of Sunset Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

Background

Every five years, pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”), the Department of Commerce (“the Department”) and the International Trade Commission automatically initiate and conduct a review to determine whether revocation of a countervailing or antidumping duty order or termination of an investigation suspended under section 704 or 734 of the Act would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

Upcoming Sunset Reviews for October 2012

The following Sunset Reviews are scheduled for initiation in October 2012 and will appear in that month’s Notice of Initiation of Five-Year Sunset Review.
