pay LIBOR times a notional principal amount of $100 and will receive 8% times the same $100 notional principal amount.

(ii) Assume that K properly identifies the pound borrowing and the swap contracts as a qualified hedging transaction as provided in paragraph (a)(6)(i) of this section and that the other relevant requirements of paragraph (a) of this section are satisfied.

(iii) Assume also that on January 1, 2014, the spot exchange rate is £1.52; the U.S. dollar LIBOR rate of interest is 9%; and the market value of K’s note in pounds has not changed. K terminates swap #2. K will incur a loss of ($9.01) (the present value of $1) with respect to the termination of such swap on January 1, 2014. Pursuant to paragraph (a)(6)(ii)(F) of this section, K must treat swap #1 as having been sold for its fair market value on the leg-out date, which is the date swap #2 is terminated. K must realize and recognize gain of $100.92 (the present value of £110 discounted in pounds to equal £100 × $1) less the present value of $108 ($99.08). The loss inherent in the pound borrowing from January 1, 2013 to January 1, 2014 is realized and recognized on January 1, 2014. Such loss is exchange loss in the amount of $10 (the present value of £10) that was to be paid at the end of the year discounted at pound interest rates to equal £100 times the change in exchange rates: (£100 × $1, the spot rate on January 1, 2013) – (£100 × $2, the spot rate on January 1, 2014). Except as provided in paragraph (a)(6)(ii)(iii) of this section (regarding identification by the Commissioner), the pound borrowing and currency swap cannot be part of a qualified hedging transaction for any period subsequent to the leg-out date.

(iv) Assume the facts are the same as in (iii) of this section except that on January 1, 2014, the U.S. dollar LIBOR rate of interest is 7% rather than 9%. When K terminates swap #2, K will realize gain of $0.93 (the present value of $1) received with respect to the termination on January 1, 2014. Fifty percent or more of the remaining pound cash flow of the pound borrowing remains hedged after the termination of swap #2. Accordingly, under paragraph (a)(6)(ii)(F) of this section, paragraphs (a)(6)(ii)(B) and (C) of this section do not apply and the gain on swap #1 and the loss on the qualifying debt instrument is not taken into account. Thus, K will include in income $0.93 realized from termination of swap #2.

(a)(10) through (g) [Reserved]. For further guidance see § 1.988–5(a)(10) through (g).

(b) Effective/applicability date. This section applies to leg-outs that occur on or after September 6, 2012.

(i) Expiration date. This section expires on September 4, 2012.

Steven T. Miller,
Deputy Commissioner for Services and Enforcement.

Approved: August 17, 2012.

Mark J. Mazur,
Assistant Secretary of the Treasury (Tax Policy).

33 CFR Part 165

[Docket Number USCG–2012–0800]

RIN 1625–AA00

Safety Zone; TriRock San Diego, San Diego Bay, San Diego, CA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a safety zone upon the navigable waters of the San Diego Bay, San Diego, CA, in support of a bay swim in San Diego Harbor. This safety zone is necessary to provide for the safety of the participants, crew, spectators, participating vessels, and other vessels and users of the waterway. Persons and vessels are prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative.

DATES: This rule is effective from 6:30 a.m. to 9:30 a.m. on September 9, 2012.

ADDRESSES: Documents mentioned in this preamble are part of docket USCG–2012–0800. A. Regulatory History and Information

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) because it would be impracticable to do so with respect to this rule, as the logistical details of the San Diego Bay swim were not finalized nor presented to the Coast Guard in enough time to draft and publish an NPRM. As such, the event would occur before the rulemaking process was complete.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying the effective date would be impracticable and contrary to the public interest, since immediate action is needed to ensure public safety.

B. Basis and Purpose

Competitor Group is sponsoring the TriRock Triathlon, consisting of 2000 swimmers swimming a predetermined course. The sponsor will provide 18 safety vessels including boats, paddle boards, and PWCs for this event. A safety zone is necessary to provide for the safety of the participants, crew, spectators, sponsor vessels, and other users of the waterway.

C. Discussion of the Final Rule

The Coast Guard is establishing a safety zone that will be enforced on September 9, 2012, from 6:30 a.m. to 10 a.m. The limits of the safety zone will be navigable waters of the San Diego Bay behind the San Diego Convention Center bound by the following coordinates including the marina:

32°42′16″N, 117°09′58″W to 32°42′15″N, 117°10′02″W then south to 32°42′00″N, 117°09′45″W to 32°42′03″N, 117°09′40″W.

This safety zone is necessary to ensure unauthorized personnel and vessels remain safe by keeping clear during the bay swim. Persons and vessels are prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative.
D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

This determination is based on the size and location of the safety zone. Commercial vessels will not be hindered by the safety zone. Recreational vessels may be allowed to transit through the designated safety zone during the specified times if they request and obtain authorization from the Captain of the Port, or his designated representative.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit or anchor in the aforementioned portion of the San Diego Bay from September 9, 2012, from 6:30 a.m. to 9:30 a.m.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. This rule impacts only a small area of San Diego Harbor, and will be enforced for only three hours. Vessel traffic can pass safely around the zone. Before the effective period, the Coast Guard will publish a local notice to mariners (LNM) and will issue broadcast notices to mariners (BNM) alerts via marine channel 16 VHF before the safety zone is enforced.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one
of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a safety zone. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

2. Add temporary § 165.T11–516 to read as follows:

§ 165.T11–516 Safety Zone; TriRock Triathlon; San Diego Bay, San Diego, CA.

(a) Location. The limits of the safety zone will be navigable waters of the San Diego Bay behind the San Diego Convention Center bound by the following coordinates including the marina; 32°42’16” N, 117°09’58” W to 32°42’15” N, 117°10’02” W then south to 32°42’00” N, 117°09’45” W to 32°42’03” N, 117°09’00” W.

(b) Enforcement Period. This section will be enforced from 6:30 a.m. to 9:30 a.m. on September 9, 2012. If the event concludes prior to the scheduled termination time, the Captain of the Port will cease enforcement of this safety zone and will announce that fact via Broadcast Notice to Mariners. (c) Definitions. The following definition applies to this section: designated representative, means any commissioned, warrant, or petty officer of the Coast Guard on board Coast Guard, Coast Guard Auxiliary, and local, state, and federal law enforcement vessels who have been authorized to act on behalf of the Captain of the Port.

(d) Regulations. (1) Entry into, transit through, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port of San Diego or his designated representative. (2) Mariners requesting permission to transit through the safety zone may request authorization to do so from the Patrol Commander (PATCOM). The PATCOM may be contacted on VHF–FM Channel 16. (3) All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated representative. (4) Upon being hailed by U.S. Coast Guard patrol personnel by siren, radio, flashing light, or other means, the operator of a vessel shall proceed as directed. (5) The Coast Guard may be assisted by other federal, state, or local agencies.

Dated: August 17, 2012.

S.M. Mahoney,
Captain, U.S. Coast Guard, Captain of the Port San Diego.

NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On July 3, 2012, we published a Notice of Proposed Rulemaking (NPRM) entitled Safety Zone; Head of the Cuyahoga and U.S. Rowing Masters Head Race National Championship, Cuyahoga River, Cleveland, OH in the Federal Register (77 FR 39453). We received 2 comments on the proposed rule, although both were made by a single organization—the Lake Carriers’ Association (LCA). The LCA’s comments are addressed below. No public meeting was requested, and none was held.

B. Basis and Purpose

Between 7 a.m. and 4 p.m. on September 15, 2012, the annual Head of the Cuyahoga rowing regatta will take place on the Cuyahoga River in Cleveland, OH. In conjunction with the HOTC, the Cleveland Dragon Boat Festival will take place just north of the Detroit Superior Viaduct Bridge on the Cuyahoga River, Cleveland, OH. Following the HOTC and the Cleveland Dragon Boat Festival on the 15th of September, the U.S. Rowing Masters Head Race National Championship will take place on September 16th along the same portion of the Cuyahoga River.

The Captain of the Port Buffalo has determined that the HOTC, the U.S. Rowing Masters Head Race National Championship, and the Cleveland Dragon Boat Festival rowing events
