Comment
The Department intends to disclose calculations performed within five days of the date of publication of this notice to the parties to this proceeding in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review. Rebuttal briefs are limited to issues raised in the case briefs and may be filed no later than five days after the time limit for filing the case briefs. Parties submitting arguments in this proceeding are requested to submit with the argument: (1) A statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities, in accordance with 19 CFR 351.309(d)(2). Case and rebuttal briefs must be served on interested parties in accordance with 19 CFR 351.309(d)(2). Case and rebuttal briefs must be served on interested parties in accordance with 19 CFR 351.309(d)(2).

Assessment Rates
The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. If the weighted-average dumping margin for particular respondents is above de minimis in the final results of these reviews, we will calculate importer-specific antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value for those sales in accordance with 19 CFR 351.212(b)(1).

Notification to Importers
This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Cash Deposit Requirements
The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of CORE from Korea entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(1) of the Act.

Ferrovanadium and Nitrided Vanadium from the Russian Federation: Revocation of Antidumping Duty Order
AGENCY: Import Administration, International Trade Administration, Department of Commerce.
SUMMARY: As a result of the determination by the International Trade Commission (ITC), that revocation of the antidumping duty order on ferrovanadium and nitrided vanadium from the Russian Federation (Russia) would not be likely to lead to continuation or recurrence of material injury to an industry in the United States, the Department of Commerce (Department) is publishing the final results of an administrative review of the antidumping duty order on these products.

In these preliminary results, the Department applied the assessment rate calculation methodology adopted in Final Modification for Reviews, i.e., on the basis of monthly average-to-average comparisons using only the transactions associated with that importer with offsets being provided for non-dumped comparisons.

SUPPLEMENTARY INFORMATION:

Background

On July 10, 1995, the Department published the antidumping duty order on ferrovanadium and nitrided vanadium from Russia. On September 11, 2011, the Department initiated and the ITC instituted the third sunset review of the antidumping duty order on ferrovanadium and nitrided vanadium from Russia, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). The Department expedited the third sunset review of the antidumping duty order on ferrovanadium and nitrided vanadium from Russia. As a result of its review, the Department found that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail were the order to be revoked.

On August 22, 2012, the ITC notified the Department that, pursuant to section 751(c) of the Act, revocation of the antidumping duty order on ferrovanadium and nitrided vanadium from Russia, pursuant to section 751(d) of the Act, is revoking the antidumping duty order on ferrovanadium and nitrided vanadium from Russia. Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2), the effective date of revocation is October 13, 2011 (i.e., the fifth anniversary of the date of publication in the Federal Register of the most recent notice of continuation of the antidumping duty order). The Department intends to notify U.S. Customs and Border Protection (CBP), 15 days after publication of this notice, to discontinue suspension of liquidation and collection of cash deposits on entries of ferrovanadium and nitrided vanadium from Russia entered or withdrawn from warehouse on or after October 13, 2011, the effective date of revocation of the antidumping duty order. The Department will further instruct CBP to refund with interest any cash deposits on entries made on or after October 13, 2011. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping deposit requirements. The Department will complete any pending administrative reviews of this order.

This notice also serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

This revocation and notice are issued in accordance with section 751(d)(2) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.222(i)(2).

Dated: August 30, 2012.

Paul Piquado,
Assistant Secretary for Import Administration.

Certain Polyester Staple Fiber From the People’s Republic of China: Final Results of Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On May 1, 2012, the Department of Commerce (“the Department”) initiated the first five-year (“sunset”) review of the antidumping duty order on certain polyester staple fiber from the People’s Republic of China (“PRC”) pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of the domestic interested party, as well as a lack of response from respondent interested parties, the Department conducted an expedited sunset review of the antidumping duty order, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(iii)(C)(2). As a result of this sunset review, the Department finds that revocation of the antidumping duty order on certain polyester staple fiber from the PRC would be likely to lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of Review” section of this notice.
