DATES: The rule will be effective on November 23, 2012 unless comments are received that would result in a contrary determination. Comments will be accepted on or before November 13, 2012.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:
- Mail: Federal Docket Management System Office, 4800 Mark Center Drive; East Tower, Suite 02G09, Alexandria, VA 22350–3100.
- Instructions: All submissions received must include the agency name and docket number for this Federal Register document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at http://www.regulations.gov as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Ms. Robin Patterson at 202–685–6546.

SUPPLEMENTARY INFORMATION:

Direct Final Rule and Significant Adverse Comments

DoD has determined this rulemaking meets the criteria for a direct final rule because it involves nonsubstantive changes dealing with DoD’s management of its Privacy Programs. DoD expects no opposition to the changes and no significant adverse comments. However, if DoD receives a significant adverse comment, the Department will withdraw this direct final rule by publishing a notice in the Federal Register. A significant adverse comment is one that explains: (1) Why the direct final rule is inappropriate, including challenges to the rule’s underlying premise or approach; or (2) why the direct final rule will be ineffective or unacceptable without a change. In determining whether a comment necessitates withdrawal of this direct final rule, DoD will consider whether it warrants a substantive response in a notice and comment process.

Executive Order 12866, “Regulatory Planning and Review” and Executive Order 13563, “Improving Regulation and Regulatory Review”

It has been determined that Privacy Act rules for the Department of Defense are not significant rules. The rules do not (1) Have an annual effect on the economy of $100 million or more or adversely affect in a material way the economy; a sector of the economy; productivity; competition; jobs; the environment; public health or safety; or State, local, or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another Agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs, or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles set forth in these Executive orders.

Public Law 96–354, “Regulatory Flexibility Act” (5 U.S.C. Chapter 6)

It has been determined that Privacy Act rules for the Department of Defense do not have significant economic impact on a substantial number of small entities because they are concerned only with the administration of Privacy Act systems of records within the Department of Defense.

Public Law 96–511, “Paperwork Reduction Act” (44 U.S.C. Chapter 35)

It has been determined that Privacy Act rules for the Department of Defense impose no additional information collection requirements on the public under the Paperwork Reduction Act of 1995.

Section 202, Public Law 104–4, “Unfunded Mandates Reform Act”

It has been determined that Privacy Act rules for the Department of Defense do not involve a Federal mandate that may result in the expenditure by State, local and tribal governments, in the aggregate, or by the private sector, of $100 million or more and that such rulemaking will not significantly or uniquely affect small governments.

Executive Order 13132, “Federalism”

It has been determined that Privacy Act rules for the Department of Defense do not have federalism implications. The rules do not have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government.

List of Subjects in 32 CFR Part 701

Privacy.

Accordingly, 32 CFR part 701 is amended as follows:

PART 701—AVAILABILITY OF DEPARTMENT OF THE NAVY RECORDS AND PUBLICATION OF DEPARTMENT OF THE NAVY DOCUMENTS AFFECTING THE PUBLIC

1. The authority citation for 32 CFR part 701 continues to read as follows:

Subpart G—Privacy Act Exemptions

2. In §701.128, add paragraph (x) to read as follows:

§701.128 Exemptions for specific Navy record systems.

(x) System identifier and name: N05800–2, Professional Responsibility Files.

(1) Exemptions: Investigatory material compiled for law enforcement purposes, may be exempt pursuant to 5 U.S.C. 552(k)(2). However, if an individual is denied any right, privilege, or benefit for which he would otherwise be entitled by Federal law or which he would otherwise be eligible, as a result of maintenance of the information, the individual will be provided access to the information except to the extent that disclosure would reveal the identity of a confidential source. Any portion of this record system which falls within the provisions of 5 U.S.C. 552(a)(k)(2) may be exempt from the following subsections of 5 U.S.C. 552a: (c)(3), (d)(1) through (5), (e)(1), (e)(4)(C), (e)(4)(H), (e)(4)(I).

(2) Authority: 5 U.S.C. 552a(k)(2).

(3) The reason for asserting this exemption (k)(2) is to ensure the integrity of the litigation process.

Aaron Siegel,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2012–0518]

RIN 1625–AA00

Safety Zone; Water Main Crossing; Choctawhatchee Bay; Santa Rosa Beach, FL

AGENCY: Coast Guard, DHS.
ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for a portion of the Gulf Intracoastal Waterway in Choctawhatchee Bay, Santa Rosa Beach, FL. This action is necessary for the protection of persons and vessels, on navigable waters, during the construction of a subaqueous water main. Entry into or transiting in this zone will be restricted to all vessels, mariners, and persons unless specifically authorized by the Captain of the Port Mobile or a designated representative.

DATES: This rule is effective from September 14, 2012 to October 14, 2012.

ADDRESSES: Documents mentioned in this preamble are part of docket USCG–2012–0518. To view documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type the docket number in the “SEARCH” box and click “SEARCH”. Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call or email LT Lenell J. Carson, Sector Mobile, Waterways Division, U.S. Coast Guard; telephone 251–441–5940, email Lenell.J.Carson@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

A. Regulatory History and Information

The Coast Guard published a NPRM in the Federal Register on July 10, 2012 (77 FR 40541), providing proper notice and opportunity to comment on this rule. No comments were received nor were there any requests for a public meeting.

The Coast Guard is making this rule effective less than 30 days after publication in the Federal Register pursuant to authority of the Administrative Procedure Act (APA) (5 U.S.C. 553(d)). This provision authorizes an agency to make a rule effective less than 30 days after publication in the Federal Register when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. This action is necessary for the protection of persons and vessels, on navigable waters, during the construction of a subaqueous water main that began in June 2012. It would be contrary to public interest to delay the effective date of the rule.

B. Basis and Purpose

A 36” subaqueous water main is being constructed across the Choctawhatchee Bay to improve water system delivery. The water main will cross the GICW, a federally maintained navigable channel. Construction of the water main and the required use of turbidity curtains may pose significant safety hazards to both vessels and mariners operating in or near the GICW. The COTP Mobile is establishing a temporary safety zone for a portion of GICW in Choctawhatchee Bay, Santa Rosa Beach, FL. This temporary safety zone is deemed necessary to protect persons and vessels during construction of the water main across the GICW. The legal basis and authorities for this rule are found in 33 U.S.C. 1231, 46 U.S.C. Chapter 701, 1306, 3705; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Public Law 107–295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to propose, establish, and define regulatory safety zones.

The COTP anticipates some impact on vessel traffic due to this regulation. However, the temporary safety zone is deemed necessary for the protection of life and property within the COTP Mobile zone.

C. Discussion of Comments, Changes and the Temporary Final Rule

There were no comments received by the Coast Guard during the NPRM process; however the regulatory text for this rule has been amended reflecting an updated effective period and anticipated closure times for the safety zone. The original effective date of August 1, 2012 to September 30, 2012 has been amended to read; September 14, 2012 to October 14, 2012. This amendment is necessitated by changes in the project’s timeline. Also the regulatory text “during daylight hours” is being removed and amended to reflect more accurate closure times for the safety zone.

The Coast Guard is establishing a temporary safety zone for a portion of the GICW in Choctawhatchee Bay from the Highway 331 fixed bridge west to the Red Nun Buoy “26” (LLNR 31510), to include the entire width of the channel. This rule will protect the safety of life and property in this area. Entry into or transiting in this zone will be prohibited to all vessels, mariners, and persons unless specifically authorized by the COTP Mobile or a designated representative. The COTP Mobile may be contacted by telephone at (251) 441–5976.

This rule will be effective and enforceable with actual notice from September 14, 2012 to October 14, 2012. The COTP Mobile anticipates that this rule will be enforced for approximately three (3) days, to include a complete Twenty-Four (24) hour closure of the GICW. The COTP Mobile or a designated representative will inform the public through Broadcast Notices to Mariners of the specific enforcement periods throughout the water main construction project as well as any changes in the safety zone.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

The temporary safety zone listed in this rule will only restrict vessel traffic from entering or transiting a small portion of the GICW. The effect of this regulation will not be significant for several reasons: (1) The COTP Mobile will issue maritime advisories widely available to users of the waterway; (2) this rule will only affect vessel traffic that are subject to transiting the GICW due to draft restrictions; and (3) the impacts on routine navigations are expected to be minimal. Notifications to the marine community will be made.

Federal Register / Vol. 77, No. 179 / Friday, September 14, 2012 / Rules and Regulations 56773
through Local Notices to Mariners and Broadcast Notices to Mariners. These notifications will allow the public to plan operations around the affected area.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612), as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit the affected portion of the GICW during construction of the water main. This safety zone would not have a significant economic impact on the safety zone. The owners or operators of vessels intending to transit the affected portion of the GICW during construction of the water main. This safety zone is limited in size, is of short duration and shallow draft vessel traffic may pass safely around the temporary safety zone.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule would not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12930, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children From Environmental Health Risks

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule involves a temporary safety zone for a portion of the GICW in Choctawhatchee Bay, Santa Rosa Beach, FL, for the safety of the public and is not expected to result in any significant adverse environmental impact as described in NEPA. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES.

List of Subjects 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows: Authority: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3705; 50 U.S.C. 191, 195; 33 CFR 1.03–1, 6.04–1, 6.04–6, 160.5; Pub. L.
II. What are the effects of these actions?

A. Ozone NAAQS

B. Determinations of Attainment by Areas’ Applicable Attainment Dates

C. One-Year Attainment Date Extensions

D. Determinations of Attainment by Areas’ Attainment Deadline and Determinations of Continued Attainment

E. Ambient Air Quality Monitoring Data

III. What are the effects of these actions?

A. Attainment Date Extensions

B. Determinations of Attainment by Areas’ Applicable Attainment Dates

C. Determinations of Current Attainment and 40 CFR 51.918

IV. What is EPA’s analysis of the relevant air quality data?

A. Monitoring Network and Data Considerations

www.regulations.gov is an “anonymous access” system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email directly to EPA, your email address will be automatically captured and included as part of the public comment. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: The index to the docket for this action is available electronically at www.regulations.gov and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed in the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available at another location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the FOR FURTHER INFORMATION CONTACT section.

FOR FURTHER INFORMATION CONTACT: John Ungvarsky, Air Planning Office, AIR–2, EPA Region IX, 75 Hawthorne Street, San Francisco, CA 94105–3901, telephone number (415) 972–3963, or email ungvarsky.john@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, wherever “we”, “us” or “our” are used, we mean EPA. We are providing the following outline to aid in locating information in this rule.

Table of Contents

I. What determinations is EPA making?
