IV. Commission’s Findings and Order Granting Accelerated Approval of Proposed Rule Change

Section 19(b) of the Act 3 directs the Commission to approve a proposed rule change of a self-regulatory organization if it finds that such proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to such organization. The Commission finds that the proposed rule change is consistent with the requirements of the Act, in particular with the requirements of Section 17A of the Act, 4 and the rules and regulations thereunder applicable to CME. Specifically, the Commission finds that the proposed rule change is consistent with Section 17A(b)(3)(F) of the Act, which requires, among other things, that the rules of a clearing agency be designed to assure the safeguarding of securities and funds which are in the possession or control of the clearing agency or for which it is responsible and to protect investors and the public interest because it should allow CME to enhance its clearing activities related to IRS products. 5

In its filing CME requested that the Commission approve this proposed rule change prior to the thirtieth day after the date of publication of the notice of the filing. CME has articulated three reasons for so granting approval. One, the products covered by this filing and CME’s operations as a derivatives clearing organization for such products are regulated by the CFTC under the CEA. Two, the proposed rule change relates solely to IRS products and therefore relate solely to CME’s swaps clearing activities and do not significantly relate to CME’s functions as a clearing agency for security-based swaps. Three, not approving this request on an accelerated basis will have a significant impact on the swap clearing business of CME as a designated clearing organization.

The Commission finds good cause for granting approval of the proposed rule change prior to the thirtieth day after publication of the notice of its filing because: (i) The proposed rule change does not significantly affect any securities clearing operations of the clearing agency (whether in existence or contemplated by its rules) or any related rights or obligations of the clearing agency or persons using such service; (ii) the clearing agency has indicated that not providing accelerated approval would have a significant impact on its IRS clearing business as a designated clearing organization; and (iii) the activity relating to the non-security clearing operations of the clearing agency for which the clearing agency is seeking approval is subject to regulation by another federal regulator.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR–CME–2012–35) is approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.

Kevin M. O’Neill,
Deputy Secretary.
