Emerging Technology and Research Advisory Committee; Notice of Open Meeting

The Emerging Technology and Research Advisory Committee (ETRAC) will meet on October 11, 2012, 8:30 a.m., Room 6087B, at the Herbert C. Hoover Building, 14th Street between Pennsylvania and Constitution Avenues NW., Washington, DC. The Committee advises the Office of the Assistant Secretary for Export Administration on emerging technology and research activities, including those related to deemed exports.

Agenda
Thursday, October 11
Open Session
1. Co-chairman’s opening comments, Committee Introductions
2. Housekeeping/Elections and Open Call for New Members
3. Update and discussion with BIS on FY13 plans
4. Presentation from State Department on Wassenaar “USE” redefinition
5. Committee discussion of Deemed Export language to address redefinition of “USE”
6. Public Comments, Suggestions
7. DARPA
8. OSTP on Dual-Use Research of Concern and implications for the deemed export rule. The open session will be accessible via teleconference to 20 participants on a first come, first serve basis. To the conference, submit inquiries to Ms. Yvette Springer at Yvette.Springer@bis.doc.gov, no later than October 4, 2012.

A limited number of seats will be available for the public session. Reservations are not accepted. To the extent that time permits, members of the public may present oral statements to the Committee. The public may submit written statements at any time before or after the meeting. However, to facilitate the distribution of public presentation materials to the Committee members, the Committee suggests that presenters forward the public presentation materials prior to the meeting to Ms. Springer via email.

For more information, call Yvette Springer at (202) 482–2813.

Yvette Springer,
Committee Liaison Officer.

Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe (Under 41⁄2 Inches) From Japan: Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: September 27, 2012.

FOR FURTHER INFORMATION CONTACT: Joshua Morris or Tyson Smith, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–1779 or (202) 482–2044, respectively.

Background
On July 31, 2012, the Department published a notice of initiation of an antidumping duty administrative review of the antidumping order on certain small diameter carbon and alloy seamless standard, line and pressure pipe (under 41⁄2 inches) [hereinafter, “small diameter pipe”] from Japan for the period of June 1, 2011, through May 31, 2012. The review covered Canadian
natural Resources Ltd. (‘‘CNRL’’), a Canadian exporter of small diameter pipe, which had requested an administrative review of itself.1

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. On August 30, 2012, CNRL withdrew its request for review within the 90-day period. No other party requested a review and, therefore, the Department is rescinding this administrative review.

Assessment

The Department will instruct U.S. Customs and Border Protection (‘‘CBP’’) to assess antidumping duties on all appropriate entries. For CNRL, antidumping duties shall be assessed at rates equal to the cash deposit rate in effect on the date of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice of rescission of administrative review.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective order (‘‘APO’’) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Christian Marsh,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Sodium Hexametaphosphate From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On March 23, 2012, the Department of Commerce (‘‘Department’’) published the Federal Register the Preliminary Results of the second administrative review of the antidumping duty order on sodium hexametaphosphate (‘‘sodium hex’’) from the People’s Republic of China (‘‘PRC’’) for the period of review (‘‘POR’’) March 1, 2010, through February 28, 2011.1 Based upon our analysis of the comments, we made changes to the margin calculation for the final results.

DATES: Effective Date: September 27, 2012.

FOR FURTHER INFORMATION CONTACT: Paul Walker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone—202.482.0413.

SUPPLEMENTARY INFORMATION:

Case History

On March 23, 2012, the Department published the Preliminary Results. On May 17, 2012, the Department extended the time limit for these final results by 60 days.2 Between May 4 and May 25, 2012, interested parties submitted surrogate value information and rebuttal surrogate value comments. Interested parties were further provided an opportunity to comment on the Preliminary Results. Between June 4, 2012, and June 11, 2012, we received briefs and rebuttal briefs from K.L. Performance Products and Innophos, Inc. (‘‘Petitioners’’) and Hubei Xingfa Chemical Group Co., Ltd. (‘‘Xingfa’’).

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this review are addressed in the memorandum entitled, ‘‘Second Administrative Review of Sodium Hexametaphosphate from the People’s Republic of China: Issues and Decision Memorandum for the Final Results,’’ which is dated concurrently with and adopted by this notice (‘‘I&D Memo’’). A list of the issues which parties raised, and to which we respond in the I&D Memo is attached to this notice as Appendix I. The I&D Memo is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (‘‘IA ACCESS’’). IA ACCESS is available to registered users at http://iaaccess.trade.gov and in the Central Records Unit (‘‘CRU’’), room 7046 of the main Department of Commerce building. In addition, a complete version of the I&D Memo can be accessed directly on the Internet at http://www.trade.gov/ia/. The signed I&D Memo and the electronic versions of the I&D Memo are identical in content.

Changes Since the Preliminary Results

The Department has made changes to the preliminary margin calculation. Specifically, we:

• Used the unconsolidated financial statement of Aditya Birla Chemicals (Thailand), Ltd., to calculate all surrogate financial ratios;3

• Valued electricity using data from the Thai Metropolitan Electric Authority;4

• Capped Xingfa’s supplier distances;5

• Valued truck freight and brokerage and handling using Doing Business: Thailand 2011.6

• Valued white coal using a Thai harmonized tariff schedule number (‘‘HTS’’) for anthracite; and7

• Valued super sacks using a Thai HTS.8

Scope of the Order

The merchandise subject to this review is sodium hexametaphosphate. Sodium hexametaphosphate is a water-soluble polyphosphate glass that consists of a distribution of polyphosphate chain lengths. It is a collection of sodium polyphosphate polymers built on repeating NaPO3 units. Sodium hexametaphosphate has a P2O5 content from 60 to 71 percent.
