

ARRA legislation indicates that agencies requiring additional information for oversight should rely on existing authorities and reflect these requirements in their award terms and conditions as necessary, following

existing procedures. Therefore, to capture ARRA expenditures, the ACF-696 has been modified (by the addition of a column) for reporting ARRA expenditure data. In addition, a new data element will ask States and

Territories to estimate the number of child service months funded with ARRA dollars. The collection will not duplicate other information.

Respondents: States and Territories.
