environments, as well as submerged cultural history;
(2) Investigating ocean dynamics and interactions in new places and at new scales;
(3) Developing new ocean sensors and systems to increase the pace and efficiency of ocean exploration; and
(4) Disseminating information to a broad spectrum of users through formal and informal education and outreach programs.

For more information on the Ocean Exploration Program please visit the Web sites: http://oceanexplorer.noaa.gov and http://explore.noaa.gov.

This notice solicits applications for membership on the Ocean Exploration Advisory Board. The purpose of the Ocean Exploration Advisory Board (the Board) is to advise the Under Secretary of Commerce for Oceans and Atmosphere (Under Secretary), who is also the Administrator of the National Oceanic and Atmospheric Administration, on matters pertaining to ocean exploration including: The identification of priority areas that warrant exploration; the development and enhancement of technologies for exploring the oceans; managing the data and information; and disseminating the results. The Board will also provide advice on the relevance of the program with regard to the NOAA Strategic Plan, the National Ocean Policy Implementation Plan, and other relevant guidance documents. Authority to Which the Committee Reports: The Board will report to the Under Secretary, as directed by Section 12005 of the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.) part of the Omnibus Public Land Management Act of 2009 (33 U.S.C. 3405). The Board shall function solely as an advisory body in accordance with the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. App., with the exception of section 14.

Description of Duties: The Board shall:

a. Advise the Under Secretary on all aspects of ocean exploration including areas, features, and phenomena that warrant exploration; and other areas of program operation, including development and enhancement of technologies for exploring the ocean, managing ocean exploration data and information, and disseminating the results to the public, scientists, and educators;
b. Assist the program in the development of a 5-year strategic plan for the fields of ocean, marine, and Great Lakes science, exploration, and discovery, as well as making recommendations to NOAA on the evolution of the plan based on results and achievements;
c. Annually review the quality and effectiveness of the proposal review process established under Section 12003(a)(4); and
d. Provide other assistance and advice as requested by the Under Secretary.

Points of View: The Board will consist of approximately ten members including a Chair and Co-chair, designated by the Under Secretary in accordance with FACA requirements. Consideration will be given to candidates who are experts in fields relevant to ocean exploration, including ocean scientists, engineers and technical experts, educators, social scientists, and communications experts. Membership will be open to all individuals who have degrees, professional qualifications, scientific credentials, national reputations, international reputations, or relevant experience that will enable them to provide expert advice concerning the Ocean Exploration Program’s roles within the context of NOAA’s ocean missions and policies. Members will be appointed for 3-year terms, renewable once, and serve at the discretion of the Under Secretary. The Chair and Co-chair will serve 3-year terms renewable once. Initial appointments will include: Four members serving an initial 3-year term, three members serving an initial 4-year term and three members serving an initial 5-year term. All renewals will be 3-year terms. If a member resigns before the end of his or her first term, the vacancy appointment shall be for the remainder of the unexpired term, and shall be renewable twice if the unexpired term is less than one year.

Members will be appointed as special government employees (SGEs) and will be subject to the ethical standards applicable to SGEs. Members are reimbursed for actual and reasonable expenses incurred in performing such duties but will not be reimbursed for their time.

As a Federal Advisory Committee the Board’s membership is required to be balanced in terms of viewpoints represented and the functions to be performed as well as including the interests of geographic regions of the country and the diverse sectors of our society. The Board will meet two times each year, exclusive of subcommittee, task force, and working group meetings.

Nominations: Nominations must provide: (1) The nominee’s full name, title, institutional affiliation, and contact information; (2) the nominee’s area(s) of expertise; and (3) a short description of his/her qualifications relative to the kinds of advice being solicited. Inclusion of a (maximum length 4 pages) resume or curriculum vitae is recommended, but not required.

Applications: An application is required to be considered for Board membership. To apply, submit a current resume (maximum length 4 pages) as indicated in the ADDRESSES section that includes: (1) The applicant’s full name, title, institutional affiliation, and contact information (mailing address, email, telephones, fax); (2) the nominee’s area(s) of expertise; and (3) a short description of his/her qualifications relative to the kinds of advice being solicited. A cover letter stating their interest in serving on the Board and highlighting specific areas of expertise relevant to the purpose of the Board is required.

Jason Donaldson,
Chief Financial Officer/Chief Administrative Officer, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.

Patent and Trademark Office

Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures

ACTION: Proposed collection; comment request.

SUMMARY: The United States Patent and Trademark Office (USPTO), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on the continuing information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before December 28, 2012.

ADDRESSES: You may submit comments by any of the following methods:

• Email: InformationCollection@uspto.gov. Include “0651–0024 comment” in the subject line of the message.
• Mail: Susan K. Fawcett, Records Officer, Office of the Chief Information Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313–1450.
FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Raul Tamayo, Legal Advisor, Office of Patent Legal Administration, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313–1450; by telephone at 571–272–7728; or by email to Raul.Tamayo@uspto.gov. Additional information about this collection is also available at http://www.reginfo.gov under “Information Collection Review.”

SUPPLEMENTARY INFORMATION:

I. Abstract

Patent applications that contain nucleotide and/or amino acid sequence disclosures must include a copy of the sequence listing in accordance with the requirements in 37 CFR 1.821–1.825. The rules of practice require applicants to submit these sequence listings in a standard international format that is consistent with World Intellectual Property Organization (WIPO) Standard ST.25 (1998). Applicants may submit sequence listings for both U.S. and international patent applications.

The USPTO uses the sequence listings during the examination process to determine the patentability of the associated patent application. Sequence listings are also disclosed as part of the published patent application or issued patent. Sequence listings that are extremely long (files larger than 600K or approximately 300 printed pages) are published only in electronic form and are available to the public on the USPTO sequence data Web page (http://seqdata.uspto.gov) as an ASCII text file.

The sequence listing required by 37 CFR 1.821(c) for U.S. patent applications may be submitted on paper, compact disc (CD), or through EFS-Web, the USPTO’s online filing system. Sequence listings for international applications may be submitted on paper or through EFS-Web only, though sequence listings that are too large to be filed electronically through EFS-Web may be submitted on a separate CD. Applicants may use EFS-Web to file a sequence listing online with a patent application or subsequent to a previously filed application.

Under 37 CFR 1.821(e)–(f), applicants must also submit a copy of the sequence listing in “computer readable format” (CRF) with a statement indicating that the CRF copy of the sequence listing is identical to the paper or CD copy required by 1.821(c). Applicants may submit the CRF copy of the sequence listing to the USPTO on CD or other acceptable media as provided in 37 CFR 1.824. Sequence listings that are submitted online through EFS-Web in the proper text format do not require a separate CRF copy or the associated statement.

If the CRF sequence listing in a new application is identical to the CRF sequence listing of another application that the applicant already has on file at the USPTO, 37 CFR 1.821(e) permits the applicant to refer to the CRF listing in the other application rather than having to submit a duplicate copy of the CRF listing for the new application. In such a case, the applicant may submit a letter identifying the application and CRF sequence listing that is already on file and stating that the sequence listing submitted in the new application is identical to the CRF copy already filed with the previous application. The USPTO provides a form, Request for Transfer of a Computer Readable Form Under 37 CFR 1.821(e) (PTO/SB/93), in order to assist customers in submitting this statement.

This information collection contains the sequence listings that are submitted with biotechnology patent applications. Information pertaining to the filing of the initial patent application itself is collected under OMB Control Number 0651–0032, and international applications submitted under the Patent Cooperation Treaty (PCT) are covered under OMB Control Number 0651–0021.

II. Method of Collection

By mail, hand delivery, or electronically to the USPTO.

III. Data

OMB Number: 0651–0024.

Form Number(s): PTO/SB/93.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Estimated Number of Respondents: 25,250 responses per year. The USPTO estimates that approximately 27% of these responses will be from small entities.

Estimated Time per Response: The USPTO estimates that it will take the public approximately six minutes (0.10 hours) to six hours (6.0 hours) to gather the necessary information, prepare the form or sequence listing, and submit it to the USPTO.

Estimated Total Annual Respondent Burden Hours: 138,225 hours.

Estimated Total Annual Respondent Cost Burden: $2,542,350. The USPTO estimates that a sequence listing will take approximately five hours of paraprofessional time at an estimated rate of $122 per hour and one hour of attorney time at $371 per hour, for a weighted average rate of $163.50 per hour for preparing a sequence listing. The USPTO expects that the Request for Transfer of a CRF will be prepared by a paraprofessional at an estimated rate of $122 per hour. Therefore, the USPTO estimates that the respondent cost burden for this collection will be approximately $22,590,450 per year.

Estimated Total Annual Non-hour Respondent Cost Burden: $2,542,350. This collection has annual (non-hour) costs in the form of fees and postage costs. The USPTO provides free software for creating and validating the format of sequence listings prior to submission.

In accordance with 35 U.S.C. 41(a)(1)(G), the USPTO only charges a fee for submitting a sequence listing as part of a U.S. application or as part of an international application entering the U.S. national stage if the sequence listing (i) is not filed via EFS-Web or not filed on an electronic medium in compliance with §§ 1.52(e) and 1.821(c) or (e), and (ii) causes the application to
postage costs is estimated to be $2,542,350 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection: they also will become a matter of public record.

Susan K. Fawcett,
Records Officer, USPTO, Office of the Chief Information Officer.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: This meeting is being held with less than fifteen days notice so that the Committee may obtain the important views of international regulators, futures industry professionals, and market participants on cross-border issues related to OTC derivatives reform implementation. There will be two panels: the first comprised of regulators from around the globe and the second comprised of the GMAC members.

The meeting will be open to the public with seating on a first-come, first-served basis. Members of the public who wish to listen to the meeting by telephone may do so by calling a toll-free telephone line to contact a live, listen-only audio feed. Call-in participants should be prepared to provide their first name, last name and affiliation. Additionally, a video recording of the meeting will be published through a link on the CFTC’s Web site. The call-in information, along with any conference and/or access codes for callers outside of the US will be posted on the CFTC Web site prior to the meeting. Domestic callers can dial 866–844–9416 and use the conference pass code “CFTC.” All written submissions provided to the CFTC in any form will also be published on the Web site of the CFTC.

Authority: 5 U.S.C. app. 2 § 10(a)(2).

By the Commodity Futures Trading Commission.

Sauntia S. Warfield,
Assistant Secretary of the Commission.
