Notice of Availability of the Record of Decision (ROD) for the Gulf Coast Pipeline Project

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of Availability of Record of Decision.

SUMMARY: This notice represents the Record of Decision (ROD) regarding the Natural Resources Conservation Service's (NRCS's) decision to subordinate its rights, acquired under the Wetland Reserve Program, to allow the Gulf Coast Segment (Gulf Coast Pipeline Project) of the TransCanada Keystone Pipeline, LP to cross one NRCS held conservation easement in Fannin County, Texas associated with this approximately 480 mile pipeline from Cushing, Oklahoma, to Nederland, Texas. This is in accordance with agency policy CPM–440, Part 514, Circular 7, Infrastructure Policy on Easements, dated September 6, 2007.

ADDRESSES: Copies of the ROD are available upon request from the Natural Resource Conservation Service, 101 South Main, Temple, Texas 76502.

FOR FURTHER INFORMATION CONTACT: Claude W. Ross, Natural Resources Specialist, Natural Resources Conservation Service, 101 South Main, Temple, TX 76501; Phone: 254–742–9822.

SUPPLEMENTARY INFORMATION: In September 2008, TransCanada Keystone Pipeline, LP (TransCanada) filed an application for a Presidential Permit with the U.S. Department of State (DOS) to build and operate the Keystone XL Project.

In the original application, TransCanada had proposed that the project would consist of 1,375 miles of new 36-inch diameter pipeline, to be built in three segments: The approximately 850-mile long “Steele City” segment from the U.S. border to Steele City, Nebraska; the approximately 478-mile long “Gulf Coast” segment from Cushing, Oklahoma to Nederland, Texas; and the 47-mile long “Houston Lateral” segment from Liberty County, Texas, to the Moore Junction area in Harris County, Texas.

On February 27, 2012, TransCanada submitted a letter to the Department of State giving advanced notice of the intent to move forward with the Gulf Coast Segment (Gulf Coast Pipeline Project). The Final Environmental Impact Statement (FEIS) included analysis of the Gulf Coast Pipeline Project.

The ROD noticed herein pertains only to the Gulf Coast Pipeline Project and to NRCS's decision to subordinate its rights, acquired under the Wetlands Reserve Program, thereby allowing the pipeline to cross a conservation easement in Fannin County, Texas.

Dated: October 29, 2012.

Assessment Rates

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication of the final results of this review. Where assessments are based upon total facts available, including total adverse facts available, we instruct CBP to assess duties at the adverse facts available margin rate. If these preliminary results are unchanged in the final results, then the Department intends to instruct CBP to assess antidumping duties on POR entries of the subject merchandise produced or exported by Agro Dutch at the rate of 114.76 percent of the entered value.⁸ The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of mushrooms from India entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Agro Dutch will be the rate established in the final results of this administrative review; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a previous review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 11.30 percent, the all-others rate established in *Mushroom Antidumping Duty Order*.

These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 31, 2012.

Paul Piquado,
