Nutrition Assistance Program (SNAP). Historically, elderly individuals who are eligible for SNAP have the lowest participation rate among all demographic groups. The pilot projects will attempt to increase participation in SNAP among beneficiaries of Medicare’s Extra Help by using data from Extra Help applications that are forwarded to State Medicaid offices. Because Extra Help and SNAP eligibility requirements do not directly correspond, these pilot projects will evaluate methods of using these Medicaid data to improve access to SNAP among Extra Help beneficiaries.

Need and Use of the Information: FNS will collect information to understand how the pilot projects operated, who they served, and the extent to which they generated any measurable effects on participation cost, and SNAP benefits. The study will provide federal and state policymakers, as well as program administrators at these levels, with information on whether and to what extent the pilot projects have reduced the barriers to SNAP participants experienced by Extra Help applicants.

Due to the Thanksgiving holidays and disruptions related to Hurricane Sandy, it has been determined that additional time is needed to allow for additional recruitment and marketing in support of the mission. Applications now will be accepted through December 21, 2012. Interested firms and trade associations in the architecture, infrastructure, hospitality, healthcare, and environmental and information technologies sectors, including firms and trade associations that have not already submitted an application, are encouraged to apply. In addition, to facilitate the ability of firms to take the mission into account in their business planning, US&FCS will begin to make selection decisions beginning November 15, 2012.

As originally published, the Federal Register notice of the trade mission stated that only U.S. companies were eligible to participate in the trade mission. In response to the interest expressed by trade associations, US&FCS is amending the notice to expand the eligibility to include U.S. trade associations.
