FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 et seq.) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The applications will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than December 20, 2012.

A. Federal Reserve Bank of Kansas City (Dennis Denney, Assistant Vice President) 1 Memorial Drive, Kansas City, Missouri 64198–0001:

1. Hope Bancshares, Inc., Hope, Kansas, to acquire 100 percent of the voting shares of ABM Holding Company, and thereby indirectly acquire The Citizens State Bank, both in Miltonvale, Kansas.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Federal Financial Participation in State Assistance Expenditures: Federal Matching Shares for Medicaid, the Children’s Health Insurance Program, and Aid to Needy Aged, Blind, or Disabled Persons for October 1, 2013 Through September 30, 2014

AGENCY: Office of the Secretary, DHHS.

ACTION: Notice.

SUMMARY: The Federal Medical Assistance Percentages (FMAP), Enhanced Federal Medical Assistance Percentages (eFMAP), and disaster-recovery FMAP adjustments for Fiscal Year 2014 have been calculated pursuant to the Social Security Act (the Act). These percentages will be effective from October 1, 2013 through September 30, 2014. This notice announces the calculated FMAP and eFMAP rates that the U.S. Department of Health and Human Services (HHS) will use in determining the amount of federal matching for state medical assistance (Medicaid) and Children’s Health Insurance Program (CHIP) expenditures, Temporary Assistance for Needy Families (TANF) Contingency Funds, Child Support Enforcement collections, Child Care Mandatory and Matching Funds of the Child Care and Development Fund, Foster Care Title IV–E Maintenance payments, and Adoption Assistance payments. Table 1 gives figures for each of the 50 States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands. This notice also announces the disaster-recovery FMAP adjustments for qualifying states for FY 2014 that the U.S. Department of Health and Human Services (HHS) will use in determining the amount of federal matching for state medical assistance (Medicaid) and title IV–E Foster Care, Adoption Assistance and Guardianship Assistance programs.

Programs under title XIX of the Act exist in each jurisdiction. Programs under titles I, X, and XIV operate only in Guam and the Virgin Islands, while a program under title XVI (Aid to the Aged, Blind, or Disabled) operates only in Puerto Rico. The percentages in this notice apply to state expenditures for most medical assistance and child health assistance, and assistance payments for certain social services. The Act provides separately for federal matching of administrative costs.

Sections 1905(b) and 1101(a)(8)(B) of the Social Security Act (the Act) require the Secretary of HHS to publish the FMAP rates each year. The Secretary calculates the percentages, using formulas in sections 1905(b) and 1101(a)(8), and calculations by the Department of Commerce of average income per person in each state and for the Nation as a whole. The percentages must fall within the upper and lower limits given in section 1905(b) of the Act. The percentages for the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands are specified in statute, and thus are not based on the statutory formula that determines the percentages for the 50 States.

Section 1905(b) of the Act specifies the formula for calculating FMAPs as follows:

“‘‘Federal medical assistance percentage’’ for any State shall be 100 per centum less the State percentage; and the State percentage shall be that percentage which bears the same ratio to 45 per centum as the square of the per capita income of such State bears to the square of the per capita income of the continental United States (including Alaska) and Hawaii; except that (1) the Federal medical assistance percentage shall in no case be less than 50 per centum or more than 83 per centum, (2) the Federal medical assistance percentage for Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands, and American Samoa shall be 55 percent * * *”.

Section 4725(b) of the Balanced Budget Act of 1997 amended section 1905(b) to provide that the FMAP for the District of Columbia for purposes of titles XIX and XXI shall be 70 percent. For the District of Columbia, we note under Table 1 that other rates may apply in certain other programs. In addition, we note the rate that applies for Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands in certain other programs pursuant to section 1118 of the Act.

Section 1905(f) of the Act, as added by section 2001 of the Patient Protection and Affordable Care Act of 2010

effective October 1, 2013. Further,
section 100123 of the Moving Ahead for
L. 112–141) revised the formula again,
this time for FY13 only, and changed
the effective date in Public Law 112–96
to October 1, 2012. As a result, HHS has
revised the FY13 disaster-recovery
FMAP adjustment published on
November 30, 2011. Thus, the revised
disaster-recovery FMAP rate for
Louisiana for FY13 (but only qualifying
state, as published in 76 FR 74061) is
included in Table 2 taking into account
the revised formula set forth in section
3204 of the Middle Class Tax Relief and
Job Creation Act of 2012.
Based on the criteria for a qualifying
state, only one State, Louisiana, meets
the requirement for a disaster-recovery
FMAP adjustment in FY14. Hurricane
Gustav caused Louisiana to be declared
a state-wide disaster area on September
2, 2008. In addition, Louisiana’s FMAP
as determined for FY 2014 is less than
the previous year disaster-recovery
adjusted FMAP by at least three
percentage points. Therefore, Louisiana
is the only state that qualifies for a
disaster-recovery adjustment to their
FY2014 FMAP rate. The disaster-
recovery adjusted FMAP rate for
Louisiana for FY2014 is included in
Table 2.

Section 2105(b) of the Act specifies
the formula for calculating the eFMAP
rates as follows:
The ''enhanced FMAP'', for a State for a
fiscal year, is equal to the Federal medical
assistance percentage [as defined in the first
sentence of section 1905(b)] for the State
increased by a number of percentage points
equal to 30 percent of the number of
percentage points by which (1) such Federal
medical assistance percentage for the State,
is less than (2) 100 percent; but in no case shall
the enhanced FMAP for a state exceed 85
percent.
The eFMAP rates are used in the
Children’s Health Insurance Program
under Title XXI, and in the Medicaid
program for certain children for
expenditures for medical assistance
described in sections 1905(u)(2) and
1905(u)(3) of the Act. There is no
specific requirement to publish the
eFMAP rates. We include them in this
notice for the convenience of the States.

DATES: Effective Dates: The percentages
listed in Table 1 will be effective for
each of the four quarter-year periods
beginning October 1, 2013 and ending
September 30, 2014. The FY14 disaster-
recovery adjusted FMAP rate in Table 2
will also be effective for each of the four
quarter-year periods beginning October
1, 2013 and ending September 30, 2014.
The FY13 revised disaster-recovery
adjusted FMAP rate in Table 2 will be
effective for each of the four quarter-
year periods beginning October 1, 2012
and ending September 30, 2013.
