[Docket No. FR–5603–N–88]

Survey of New Manufactured (Mobile) Home Placements

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

The Survey of Manufactured (Mobile) Home Placements collects data on the characteristics of newly manufactured homes placed for residential use including number, sales price, location, and other selected characteristics. HUD uses the statistics to respond to a Congressional mandate in the Housing and Community Development Act of 1980, 42 U.S.C. 5424 note, which requires HUD to collect and report manufactured home sales and price information for the Nation, census regions, states, and selected metropolitan areas and to monitor whether new manufactured homes are being placed on owned rather than rented lots. HUD also used these data to monitor total housing production and its affordability. Furthermore, the Survey of Manufactured (Mobile) Home Placements serves as the basis for HUD’s mandated indexing of loan limits. Section 2145(b) of the Housing and Economic Recovery Act (HERA) of 2008 requires HUD to develop a method of indexing to annually adjust Title I manufactured home loan limits. This index is based on manufactured housing price data collected by this survey. Section 2145 of the HERA of 2008 also amends the maximum loan limits for manufactured home loans insured under Title I. HUD implemented the revised loan limits, as shown below, for all manufactured home loans for which applications are received on or after March 3, 2009.

DATES: Comments Due Date: January 2, 2013.
