SUPPLEMENTARY INFORMATION: The DOL Iqbal Masih Award for the Elimination of Child Labor, presented by the Secretary of Labor, is intended to recognize exceptional efforts to reduce the worst forms of child labor. The Award was created in response to a Senate Committee mandate directing the Secretary of Labor to establish an annual non-monetary award recognizing extraordinary efforts by an individual, company, organization, or national government to reduce the worst forms of child labor. The DOL is proposing to extend this ICR to allow the public to nominate and provide critical information on proposed candidates for this award who have demonstrated extraordinary efforts to combat the worst forms of child labor.

Notice of Approval for South Carolina for Avoidance of 2012 Credit Reduction Under the Federal Unemployment Tax Act

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: Sections 3302(c)(2) and 3302(d)(3) of the Federal Unemployment Tax Act (FUTA) provide that employers in a state that has an outstanding balance of advances under Title XII of the Social Security Act at the beginning of January 1 of two or more consecutive years are subject to a reduction in credits otherwise available against the FUTA tax for a calendar year, if a balance of advances remains at the beginning of November 10 of that year. Because the account of South Carolina in the Unemployment Trust Fund had a balance of advances at the beginning of January 1 of 2009, 2010, 2011, and 2012, and still had a balance of advances at the beginning of November 10, 2012, South Carolina employers were potentially liable for a reduction in their FUTA offset credit for 2012.

Section 3302(g) of FUTA provides that a state may avoid credit reduction for a year by meeting certain criteria. South Carolina applied for avoidance of the 2012 credit reduction under this section. Pursuant to delegation of authority to me under Secretary's Order 06–2010, I have determined that South Carolina meets all of the criteria of section 3302(g) and thus qualifies for credit reduction avoidance. Therefore, South Carolina employers will have no reduction in FUTA offset credit for calendar year 2012.

Dated: Signed in Washington, DC, on this 7th day of December, 2012.
Jane Oates, Assistant Secretary for Employment and Training.

SUPPLEMENTARY INFORMATION:

I. Background

The Quarterly Census of Employment and Wages (QCEW) program is a Federal/State cooperative effort which compiles monthly employment data, quarterly wages data, and business identification information from employers subject to State Unemployment Insurance (UI) laws. These data are collected from State Quarterly Contribution Reports (QCRs) submitted to State Workforce Agencies (SWAs). The States send micro-level employment and wages data, supplemented with the names, addresses, and business identification information of these employers, to the BLS. The State data are used to create the BLS sampling frame, known as the longitudinal QCEW data. This file represents the best source of detailed industrial and geographical data on employers and is used as the sampling frame for most BLS surveys. The longitudinal QCEW data include the individual employers’ employment and wages data along with associated business identification information that is maintained by each State to administer the UI program as well as the Unemployment Compensation for Federal Employees (UCFE) program.

The QCEW Report, produced for each calendar quarter, is a summary of these employer (micro-level) data by industry at the county level. Similar data for Federal Government employees covered by the UCFE program also are included in each State’s report. These data are submitted by all 50 States, the District of Columbia, Puerto Rico, and the Virgin Islands to the BLS which then summarizes these State-level data to produce totals for the States and the Nation. The QCEW Report provides a
