Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
(2) Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
(3) Enhance the quality, utility, and clarity of the information to be collected; and
(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

USCIS continually reviews its information collection tools for accuracy, completeness, and utility and, as a result, the agency is proposing the addition of a number of questions to Form N–400. These additional questions will allow USCIS to make more informed decisions on the eligibility of respondents to the form. Form N–400 is the final information collection activity that occurs before an eligibility determination for naturalization is made. Even if the applicant for naturalization has received a previous immigration benefit from USCIS, the length of time that may have transpired between the initial interaction that the respondent had with USCIS on another immigration benefit request and the filing of the N–400 requires USCIS to verify that actions taken by the respondent during the intervening years do not affect his or her eligibility for naturalization. The form is also updated to examine the inadmissibility grounds that were added by the Intelligence Reform and Terrorism Prevention Act of 2004, Public Law 108–458 (Dec. 17, 2004). USCIS added these questions as required by the agreement reached through a working group comprised of representatives of affected agencies, including the Departments of Justice and State, and U.S. Immigration and Customs Enforcement of DHS. These additional questions are necessary for USCIS to meet the statutory requirements and the President’s directive to make a determination that a person is ineligible to naturalize because of his or her past involvement with terrorism, persecution, torture, or genocide. See, Presidential Proclamation—Suspension of Entry as Immigrants and Nonimmigrants of Persons Who Participate in Serious Human Rights and Humanitarian Law Violations and Other Abuses, at http://www.whitehouse.gov/the-press-office/2011/08/04/presidential-proclamation-suspension-entry-immigrants-and-nonimmigrants. Because Form N–400 has changed significantly, the burden estimate in this notice is not based on the experience and observations of actual public usage. USCIS would appreciate and encourages the public’s input on the burden estimate so as to provide the most accurate estimate possible.

DEPARTMENT OF THE INTERIOR

Office of the Secretary

Land Buy-Back Program for Tribal Nations

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of Tribal Consultations.

SUMMARY: The Cobell Class Action Settlement Agreement established a Trust Land Consolidation Fund to be used for acquiring fractional interests in trust and restricted fee lands. Based on tribal consultation in the spring and summer of 2011, the Department issued a draft plan dated January 2012. The Department has developed this Initial Implementation Plan for the Land Buy-Back Program for Tribal Nations incorporating input received through subsequent consultations and public input. This notice announces consultation with Indian tribes on the Initial Implementation Plan and the Land Buy-Back Program for Tribal Nations (Buy-Back Program).

DATES: Written input/suggestions are due Monday, March 4, 2013. Please see the SUPPLEMENTARY INFORMATION section of this notice for dates of tribal consultation sessions.

ADDRESSES: See the SUPPLEMENTARY INFORMATION section of this notice for the location of the tribal consultation sessions. The Initial Implementation Plan for the Buy-Back Program is available at: www.doi.gov/cobell. Submit comments by email to: buybackprogram@ios.doi.gov or by mail to U.S. Department of the Interior, MS–7323–MB, 1849 C Street NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Anthony Walters, Office of the Land Buy-Back Program for Tribal Nations; Anthony.Walters@bia.gov; (202) 513–0897.

SUPPLEMENTARY INFORMATION: The Cobell Settlement Agreement (as confirmed by the Claims Resolution Act of 2010 (Pub. L. 11–291) and approved with finality after appeals to the U.S. Supreme Court were exhausted (Settlement)), provides, in part, for a $1.9 billion Trust Land Consolidation Fund (Fund). The Settlement charges the Department of the Interior (Department) with the responsibility to expend the Fund within a 10-year period to acquire, at fair market value, fractional interests in trust or restricted fee land that individuals are willing to sell to the Department. The Secretary has established the Buy-Back Program to implement this aspect of the Settlement.

There are approximately 150 reservations with 2.9 million purchasable fractional interests that are owned by more than 218,000 unique individuals. The overall goal of the Buy-Back Program is to reduce the number of those fractional interests through voluntary land purchases, which will create consolidated trust land bases for beneficial use by tribal communities.
