Through the review process, the GTAC will address current industry and Federal travel trends and provide advice and make recommendations for improvements to increase travel efficiency and effectiveness, reduce costs, promote sustainability, and incorporate industry best practices. The Committee provides an opportunity for travel industry leaders, and other qualified individuals to offer their expert advice and recommendations to GSA, which among other things, is responsible for the development and implementation of the FTR which prescribes the policies for travel by Federal civilian employees and others authorized to travel at Government expense. These views will be offered to the Administrator of General Services on a regular basis. There exists no other source within the Federal government that could serve this function. The GTAC shall be a continuing advisory committee with an initial two-year term and will automatically expire two years from the date of the charter filing, unless renewed prior to expiration.
