DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117
[Docket No. USCG–2012–1070]

Drawbridge Operation Regulation; Atlantic Intracoastal Waterway, Wrightsville Beach, NC

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Coast Guard has issued a temporary deviation from the regulation governing the operation schedule of the S.R. 74 Bridge, across the Atlantic Intracoastal Waterway (AIWW) mile 283.1, at Wrightsville Beach, NC. This deviation is necessary to accommodate the 2013 Quintiles Wrightsville Beach Full and Half Marathon. This deviation allows the bridge to remain in the closed position during the race.

DATES: This deviation is effective from 5 a.m. through 10 a.m. on Sunday, March 17, 2013.

ADDRESSES: The docket for this temporary deviation, USCG–2012–1070, is available online by going to http://www.regulations.gov, inserting USCG–2012–1070 in the “Search” box and then clicking “Search”. The docket is also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Kashanda Booker, Bridge Administration Branch, Fifth Coast Guard District; telephone 757–398–6227, email Kashanda.l.booker@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: The Quintiles Wrightsville Beach Full and Half Marathon committee on behalf of the North Carolina Department of Transportation (NC DOT) has requested a temporary deviation from the current operating schedule for the S.R. 74 Bascule Drawbridge across the AIWW mile 283.1, at Wrightsville Beach, NC. The requested deviation will accommodate the 2013 Quintiles Wrightsville Beach Full and Half Marathon scheduled for Sunday, March 17, 2013. To facilitate this event, the draw of the bridge will be maintained in the closed-to-navigation position from 5 a.m. until 10 a.m. to allow race participants to cross during the scheduled event.

The current operating schedule for the bridge is set out in 33 CFR 117.821(a)(4). The regulation requires the bridge to open on signal for vessels at all times except that from 7 a.m. until 7 p.m. the bridge shall open on the hour; every third and fourth Saturday in September the bridge shall remain closed from 7 a.m. until 11 a.m.; and the last Saturday of October or the first or second Saturday of November the bridge shall remain closed from 7 a.m. until 10:30 a.m. The bascule drawbridge has a vertical clearance of 20 feet above mean high water (MHW) in the closed position. Vessels that can pass through the bridge in the closed position may do so at any time.

Since the race is an annual event, local waterway users should be familiar with the closure. To ensure that waterway users are aware of the closure, the Coast Guard will issue a Local and Broadcast Notice to Mariners to allow mariners to schedule their transits accordingly. There are no alternate routes available to vessels. Most waterway traffic consists of recreational boats with a few barges and tugs during the daytime. The bridge is able to open for emergencies.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: December 18, 2012.

Waverly W. Gregory, Jr.,
Bridge Program Manager, Fifth Coast Guard District.

BILLING CODE 9110–04–P

---

SUMMARY: The Coast Guard is establishing a temporary safety zone on the navigable waters of Hampton Harbor in the vicinity of Hampton Harbor Bridge due to a partially submerged dredge excavator obstructing the channel. This temporary final rule is necessary to protect vessels transiting the area from the obstruction. This zone is intended to prohibit vessels from coming within 100 yards of point 42°53′76″N, 070°48′98″W until the obstruction is cleared. Persons or vessels may not enter into this zone unless authorized by the Captain of the Port, Sector Northern New England.

DATES: This rule is effective in the CFR on January 4, 2013 until January 31, 2013. This rule is effective with actual notice for purposes of enforcement on November 30, 2012. This rule will remain in effect through January 31, 2013.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG–2012–1055]. To view documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Ensign Elizabeth V. Morris, Waterways Management Division at Coast Guard Sector Northern New England, telephone 207–741–0398, email Elizabeth.V.Morris@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone (202) 366–9826.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165
[Docket Number USCG–2012–1055]

RIN 1625–AA00

Safety Zone; Hampton Harbor Channel Obstruction, Hampton Harbor, Hampton, NH

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.
comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable and contrary to the public interest. The Coast Guard was notified of the obstruction immediately upon its occurrence late in the evening on November 29, 2012 but this was insufficient time to publish an NPRM. Thus, delaying the effective date of this rule to wait for a comment period to run would be both impracticable and contrary to the public interest because this regulation is necessary to ensure the immediate safety of users of the waterway.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. For the same reasons discussed in the preceding paragraph, waiting for a 30 day notice period to run would be impracticable and contrary to the public interest.

B. Basis and Purpose

The safety zone is being issued to ensure the safety of persons and vessels in Hampton Harbor within the proximity of the partially submerged excavator.

C. Discussion of the Final Rule

On the evening of November 29, 2012, a dredging barge was working in the vicinity of the Hampton Harbor Bridge. During operations, a cable snapped and the excavator on board the barge fell into the water within the channel. The excavator is now partially submerged near the bridge. This safety zone is required to protect persons and vessels from the safety hazards associated with this obstruction to the channel. This safety zone will encompass all waters within a 100 yard radius of center point 42°53′76.3″ N, 070°48′98.6″ W and will be effective immediately and until January 31, 2013.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 14 of those statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

The economic effect of this rule will not be significant for the following reasons: The safety zone will be of limited duration. Vessels may be authorized to transit the zone with permission of the Captain of the Port, Sector Northern New England. Additionally, maritime advisories will be broadcast during the duration of the enforcement period.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule may affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit the safety zone. However, this rule will not have a significant economic impact on a substantial number of small entities due to the time of year in which this rule takes place and advance notifications will be made to the local community by marine information broadcasts.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132. Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or
more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g) of the Instruction. This rule involves creation of a temporary safety zone for a limited period of time. An environmental analysis checklist and a categorical exclusion determination will be available in the docket where indicated under ADDRESSES.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, and Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

§ 165.01–1055 Safety Zone; Hampton Harbor Channel Obstruction, Hampton Harbor, Hampton, NH.

(a) Location. All navigable waters from surface to bottom within a 100 yard radius of position 42°37′63″ N, 070°48′986″ W.

(b) Regulations. (1) The general regulations contained in 33 CFR 165.23 apply. During the enforcement period, entry into, transiting, mooring, anchoring or remaining within this safety zone is prohibited unless authorized by the Captain of the Port or his designated representatives.

(2) This temporary safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port or his designated on-scene patrol personnel. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the Captain of the Port or his designated representatives.

(3) Persons and vessels may request permission to enter the Safety Zone by contacting the Captain of the Port or the Captain of the Port’s on-scene representative on VHF–16 or via phone at 207–767–0303.

(4) The “designated representative” is any Coast Guard commissioned, warrant, or petty officer who has been designated by the Captain of the Port to act on his behalf. The on-scene representative may be on a Coast Guard vessel, a Coast Guard Auxiliary vessel, or onboard a local or state agency vessel that is authorized to act in support of the Coast Guard. Additionally, the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

(5) Upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light or other means, the operator of the vessel must proceed as directed.

Dated: November 30, 2012.

B. S. Gilda,
Captain, U. S. Coast Guard, Acting Captain of the Port, Sector Northern New England.
