Act of 1992 required the Commission to prescribe rules and regulations for determining reasonable rates for basic tier cable service and to establish criteria for identifying unreasonable rates for cable programming services and associated equipment. FCC Form 1220 is used by cable operators to demonstrate their costs of providing cable service in order to justify rates above levels determined under the Commission’s benchmark methodology. Cable operators submit this form to local franchising authorities (“LFAs”) or the Commission (in situations where the Commission has assumed jurisdiction) only when justifying rates based on cost of service.
