32 CFR Part 18

Appointing Authority for Military Commissions

AGENCY: Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule removes 32 CFR part 18 concerning the Appointing Authority for Military Commissions. This rule pertains to a military function of the United States and is exempt from rulemaking requirements. Previously, this rule was published for informational purposes only. As a result of the enactment of Military Commissions Act of 2009, the Deputy Secretary’s issuance of the Regulation for Trial by Military Commissions on November 6, 2011, and his cancellation of DoD Directive 5105.70, “Appointing Authority for Military Commissions,” this regulation is no longer required.

DATES: Effective Date: This rule is effective January 16, 2013.

FOR FURTHER INFORMATION CONTACT: Patricia Toppings, 571–372–0485.

SUPPLEMENTARY INFORMATION: For additional information on Military Commissions, see Military Commissions Act of 2009.

DEPARTMENT OF HOMELAND SECURITY
Coast Guard

33 CFR Part 165
[Docket Number USCG–2012–1092]
RIN 1625–AA00

Safety Zone Within the Lower Portion of Anchorage #9, Mantua Creek Anchorage; Paulsboro, NJ

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because final details for this dredging operation were not provided until it was too late to solicit public comment. As such, it is impracticable to provide a fill comment period due to lack of time. The dredging will begin on December 20th, 2012 and will continue until January 31, 2013 unless completed earlier.

The Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register for the reasons cited above. Delaying this regulation’s effective date would be impracticable because immediate action is needed to provide for the safety of life and property from the hazards associated with the dredging operation.

DATES: This rule is effective with actual notice from December 20, 2012 until January 31, 2013. The Captain of the Port believes that good cause exists for making this rule effective less than 30 days after publication in the Federal Register for the reasons cited above. Delaying this regulation’s effective date would be impracticable because immediate action is needed to provide for the safety of life and property from the hazards associated with the dredging operation.

ADDRESS: For further information contact: If you have questions on this rule, call or email if you have questions on this rule, call or email Morgan F. Park, Alternate OSD Federal Register Liaison Officer, Department of Defense. [FR Doc. 2013–00813 Filed 1–15–13; 8:45 am]

A. Regulatory History and Information

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because final details for this dredging operation were not provided until it was too late to solicit public comment. As such, it is impracticable to provide a fill comment period due to lack of time. The dredging will begin on December 20th, 2012 and will continue until January 31, 2013 unless completed earlier.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register for the reasons cited above. Delaying this regulation’s effective date would be impracticable because immediate action is needed to provide for the safety of life and property from the hazards associated with the dredging operation.

B. Basis and Purpose

The Great Lakes Dredging Company has been working with the Army Corps of Engineers on the Delaware River channel deepening project. A portion of this project requires the use of submerged and floating pipelines crossing the lower portion of the Mantua Creek Anchorage. Due to the presence of the submerged pipeline, it is dangerous for vessels to anchor in the southern portion of the anchorage. A safety zone is necessary because there will be an ongoing dredging operation to deepen the Delaware River channel in the Millfin and Billingsport Ranges from December 20, 2012 until January 31, 2013. The Captain of the Port believes a safety zone is needed to ensure the safety of life and property of all mariners and vessels transiting the local area.

C. Discussion of the Final Rule

The Coast Guard Captain of the Port Delaware Bay is temporarily establishing a safety zone closing the southern one-third of the Mantua Creek Anchorage from December 20, 2012 until January 31, 2013. This rule will be enforced until all dredging operations are competed, unless enforcement of the zones is cancelled earlier by the Captain of the Port. The Captain of the Port will reopen this portion of the anchorage once all submerged pipeline has been recovered and dredging operations are completed. At such time, notice that the temporary closure of the anchorage is no longer in effect will be broadcast to mariners.

The boundary line for the temporary safety zone includes the southern one-third portion of Mantua Creek Anchorage, beginning at position 39°51.573 N–075°13.557 W and extending to the southern boundary according to NOAA chart 12312. Vessels will not be permitted to anchor in this portion of Mantua Creek Anchorage unless they receive authorization from the Captain of the Port Delaware Bay or her representative. Such requests must be made 24 hours prior to the intended use of the Mantua Creek Anchorage. Vessels may contact the Captain of the Port Delaware Bay or her representative in order to obtain authorization by contacting Coast Guard Sector Delaware Bay at: (215) 271–4940. After evaluating the current conditions and status of dredging operation, the Captain of the Port Delaware Bay or her representative will notify the requesting vessel whether they are authorized to anchor in the safety zone within Mantua Creek Anchorage, and will provide any other directions for their request.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on the current conditions and status of dredging operations, as supplemented by Executive Order 13563, Improving
