Applicant has committed to implementation of the CCAA and requests issuance of the enhancement of survival permit in order to address the take prohibitions of section 9 of the Act should the species become listed in the future.

The draft CCAA and application for the enhancement of survival permit are not eligible for categorical exclusion under the National Environmental Policy Act (NEPA) of 1969. A draft environmental assessment has been prepared to further analyze the direct, indirect, and cumulative impacts of the CCAA on the quality of the human environment and other natural resources.
