Federal Register / Vol. 78, No. 28 / Monday, February 11, 2013 / Proposed Rules

(i) Open the battery door.
(ii) Disconnect the main battery connector and remove external electrical power.
(iii) Tag the battery and external power receptacle with a warning tag that reads: “WARNING: Do not connect the battery connector during the maintenance in progress.”
(iv) Gain access to the J-Box through the tailcone access door.
(v) Remove the wing nuts that attach the cover to the J-Box.
(vi) Remove the J-Box cover.
(vii) Remove the fuse limiter nuts on the bus bar terminals for the fuse limiter.
(viii) Install the compressor motor fuse limiter (reference designator HZ116, P/N ANL130).
(ix) Install fuse limiter nuts on the terminals and torque to 100 inch-pounds +/- 5 inch-pounds.
(x) Install the J-Box cover with wing nuts.
(xi) Remove the warning tag on the battery and external power receptacle.
(xii) Connect the battery and restore electrical power to the airplane.
(xiii) Close the tailcone access door.

(m) Parts Return and Reporting Requirements

For the first two A/C compressor motor brush replacement cycles on each airplane, send the brushes that were removed to Cessna Aircraft Company, Cessna Service Parts and Programs, 7121 Southwest Boulevard, Wichita, KS 67215. Provide the brushes and the information specified in paragraphs (j)(1) through (j)(6) of this AD within 30 days after the replacement, if the replacement was done on or after the effective date of this AD, or within 30 days after the effective date of this AD, if the replacement was done before the effective date of this AD.

(1) The model and serial number of the airplane.
(2) The part number of the motor.
(3) The part number of the brushes, if known.
(4) The elapsed amount of motor hours since the last brush/motor replacement, if known.
(5) If motor hours are unknown, report the elapsed airplane flight hours since the last brush/motor replacement and indicate that motor hours are unknown.
(6) The number of motor hours currently displayed on the pallet hour meter.

(n) Parts Installation Limitation

As of the effective date of this AD, no person may install an A/C compressor motor having P/N 1134104–1 or P/N 1134104–5, unless the inspection specified in paragraph (h) of this AD is done before further flight and the replacements specified in paragraph (i) of this AD are done at the times specified in paragraph (i) of this AD.

(o) Special Flight Permit Prohibition

Operation of the A/C system is prohibited while flying with a special flight permit issued for this AD.

(p) Paperwork Reduction Act Burden Statement

A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2120–0056. Public reporting for this collection of information is estimated to be approximately 5 minutes per response, including the time for reviewing instructions, completing and reviewing the collection of information. All responses to this collection of information are mandatory. Comments concerning the accuracy of this burden and suggestions for reducing the burden should be directed to the FAA at: 800 Independence Ave. SW., Washington, DC 20591; Attn: Information Collection Clearance Officer, AES–200.

(q) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Wichita Aircraft Certification Office (ACO), FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the ACO, send it to the attention of the person identified in the Related Information section of this AD.
(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificating holding district office.

(r) Related Information

(1) For more information about this AD, contact Christine Abraham, Aerospace Engineer, Electrical Systems and Avionics Branch, ACE–119W, FAA, Wichita Aircraft Certification Office, 1801 Airport Road, Room 100, Wichita, Kansas 67209; phone: 316–946–4165; fax: 316–946–4107; email: wichita-cos@faa.gov.
(2) For service information identified in this AD, contact Cessna Aircraft Co., P.O. Box 7706, Wichita, KS 67277; Telephone 316–517–6215; fax 316–517–5802; email citationpubs@cessna.textron.com; Internet https://www.cessnasupport.com/newlogin.html. You may review copies of the service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. A. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted, without change, to http://www.regulations.gov and will include any personal information you have provided.

1. Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG–2013–0020), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online (via http://www.regulations.gov) or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online via www.regulations.gov, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to http://www.regulations.gov, click on the “submit a comment” box, which will then become highlighted in blue. In the “Document Type” drop down menu select “Proposed Rule” and insert “USCG–2013–0020” into the “Keyword” box. Click “Search” and then on the balloon shape in the “Actions” column. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, click on the “read comments” box, which will then become highlighted in blue. In the “Keyword” box insert “USCG–2013–0020” and click “Search.” Click the “Open Docket Folder” in the “Actions” column. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the Federal Register (73 FR 3316).

4. Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one using one of the four methods specified under ADDRESSES. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the Federal Register.

B. Background and Purpose

This proposed rule will amend 33 CFR 165.929, Annual Events requiring safety zones in the Captain of the Port Lake Michigan zone. Specifically, this proposed rule will remove one permanent safety zone, revise the location and/or enforcement period of eight others, and add three permanent safety zones for annually recurring events.

Every year the Coast Guard receives feedback from the organizers of events for which the safety zones within 33 CFR 165.929 have been written. The Coast Guard uses this feedback to make adjustments to the position and/or enforcement period of the established safety zones. This is done in order to ensure that vessels and persons are protected from the specific hazards of the differing events—firework displays, boat races, air shows, and other marine events. Such hazards include obstructions to the waterway that may cause marine casualties and the explosive danger of fireworks and debris falling into the water that may cause death or serious bodily harm. The majority of the feedback received this year has concerned the change in position of fireworks displays. Additionally, the Coast Guard was informed by one of the event organizers that a fireworks display which had been listed in 33 CFR 165.929 would no longer take place. For this reason, the removal of its accompanying safety zone was necessary.

Because the safety zones proposed in 33 CFR 165.929 are permanent—in that they are expected to occur each year in the future—the Coast Guard added three new safety zones for events that have been reoccurring in the Lake Michigan Zone. To this end, the last three entries within 33 CFR 165.929 have been added for races in the Chicago IL area and on Spring Lake, MI. For the reader’s convenience, we have republished the revised 33 CFR 165.929 in its entirety.

C. Discussion of Proposed Rule

The proposed safety zones are necessary to ensure the safety of vessels and people during annual marine events in the Captain of the Port Lake Michigan area of responsibility. Although this proposed rule will remain in effect year round, the safety zones within it will be enforced only immediately before, during, and after events that pose a hazard to the public, and only upon notice by the Captain of the Port.

The Captain of the Port Lake Michigan will notify the public that the zones in this proposal are or will be enforced by all appropriate means to the affected segments of the public including publication in the Federal Register as practicable, in accordance with 33 CFR 165.7(a). Such means of notification may also include, but are not limited to Broadcast Notice to Mariners or Local Notice to Mariners. The Captain of the Port will issue a Broadcast Notice to Mariners notifying the public when enforcement of the safety zone established by this section is cancelled.

All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated representative. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan, or...
his designated representative. The
Captain of the Port or his designated
representative may be contacted via
VHF Channel 16.

D. Regulatory Analyses

We developed this proposed rule after
considering numerous statutes and
executive orders related to rulemaking.
Below we summarize our analyses
based on these statutes or executive
orders.

1. Regulatory Planning and Review

This proposed rule is not a significant
regulatory action under section 3(f)
of Executive Order 12866, Regulatory
Planning and Review, and does not
require an assessment of potential costs
and benefits under section 6(a)(3) of that
Order. The Office of Management and
Budget has not reviewed it under that
Order.

We expect the economic impact of
this proposed rule to be so minimal that
a full Regulatory Evaluation is
unnecessary. The Coast Guard’s use of
these safety zones will be periodic, of
short duration, and designed to
minimize the impact on navigable
waters. These safety zones will only be
enforced immediately before, during,
and after the time the events occur.
Furthermore, these safety zones have
been designed to allow vessels to transit
unrestricted to portions of the
waterways not affected by the safety
zones. The Coast Guard expects
insignificant adverse impact to mariners
from the activation of these safety zones.

2. Small Entities

Under the Regulatory Flexibility Act
(5 U.S.C. 601–612), we have considered
whether this proposed rule would have
a significant economic impact on a
substantial number of small entities.

The term “small entities” comprises
small businesses, not-for-profit
organizations that are independently
owned and operated and are not
dominant in their fields, and
governmental jurisdictions with
populations of less than 50,000.

The Coast Guard certifies under 5
U.S.C. 605(b) that this proposed rule
would not have a significant economic
impact on a substantial number of small
entities. This proposed rule would affect
the following entities, some of which
might be small entities: the owners and
operators of vessels intending to transit
or anchor in the areas designated as
safety zones during the dates and times
the safety zones are being enforced.

These safety zones would not have a
significant economic impact on a
substantial number of small entities for
the following reasons. Each safety zone
in this proposed rule will be in effect for
a relatively short period of time and
only once per year. These safety zones
have been designed to allow traffic to
pass safely around the zone whenever
possible and vessels will be allowed to
pass through the zones with the
permission of the Captain of the Port.

If you think that your business,
organization, or governmental
jurisdiction qualifies as a small entity
and that this proposed rule would have
a significant economic impact on it,
please submit a comment (see
ADDRESSES) explaining why you think it
qualifies and how and to what degree
this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small
Business Regulatory Enforcement
Fairness Act of 1996 (Pub. L. 104–121),
we want to assist small entities in
understanding this proposed rule so that
they can better evaluate its effects on
them and participate in the rulemaking.

If the rule would affect your small
business, organization, or governmental
jurisdiction and you have questions
concerning its provisions or options for
compliance, please contact MST1
Joseph McCollum, Prevention
Department, Coast Guard Sector Lake
Michigan, Milwaukee, WI at (414) 747–
7148. The Coast Guard will not retaliate
gainst small entities that question or
complain about this proposed rule or
any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule calls for no new
collection of information under the
Paperwork Reduction Act of 1995 (44

5. Federalism

A rule has implications for federalism
under Executive Order 13132,
Federalism, if it has a substantial direct
effect on State or local governments
and would either preempt State law or
impose a substantial direct cost of
compliance on them. We have analyzed
this proposed rule under that Order and
have determined that it does not have
implications for federalism.

6. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of
1995 (2 U.S.C. 1531–1538) requires
Federal agencies to assess the effects of
their discretionary regulatory actions. In
particular, the Act addresses actions
that may result in the expenditure by a
State, local, or tribal government, in
the aggregate, or by the private sector of
$100,000,000 (adjusted for inflation) or
more in any one year. Though this
proposed rule would not result in such
an expenditure, we do discuss the
effects of this rule elsewhere in this
preamble.

7. Taking of Private Property

This proposed rule will not affect the
taking of private property or otherwise
have taking implications under
Executive Order 12630, Governmental
Actions and Interference with
Constitutionally Protected Property
Rights.

8. Civil Justice Reform

This proposed rule meets applicable
standards in sections 3(a) and 3(b)(2) of
Executive Order 12988, Civil Justice
Reform, to minimize litigation,
eliminate ambiguity, and reduce
burden.

9. Protection of Children

We have analyzed this proposed rule
under Executive Order 13045,
Protection of Children from
Environmental Health Risks and Safety
Risks. This proposed rule is not an
economically significant rule and would
not create an environmental risk to
health or risk to safety that might
disproportionately affect children.

10. Indian Tribal Governments

This proposed rule does not have
tribal implications under Executive
Order 13175, Consultation and
Coordination with Indian Tribal
Governments, because it would not have
a substantial direct effect on one or
more Indian tribes, on the relationship
between the Federal Government and
Indian tribes, or on the distribution of
power and responsibilities between the
Federal Government and Indian tribes.

11. Energy Effects

We have analyzed this proposed rule
under Executive Order 13211, Actions
Concerning Regulations That
Significantly Affect Energy Supply,
Distribution, or Use. We have
determined that it is not a “significant
energy action” under that order because
it is not a “significant regulatory action”
der Under Executive Order 12866 and is not
likely to have a significant adverse effect
on the supply, distribution, or use of
energy. The Administrator of the Office
of Information and Regulatory Affairs
has not designated it as a significant
energy action. Therefore, it does not
require a Statement of Energy Effects
under Executive Order 13211.

12. Technical Standards

The National Technology Transfer
and Advancement Act (NTTAA) (15
U.S.C. 272 note) directs agencies to use
voluntary consensus standards in their
regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies. This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

13. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. A preliminary environmental analysis checklist supporting this preliminary determination is available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

List of Subjects in 33 CFR Part 165

Harbors, marine safety, Navigation (water), Reporting and record keeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR Part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for Part 165 continues to read as follows:

2. Amend part 165 by revising §165.929 to read as follows:

§165.929 Safety Zones; Annual events requiring safety zones in the Captain of the Port Lake Michigan zone.

(a) Safety zones. The following are designated as safety zones:

1. St. Patrick’s Day Fireworks; Manitowoc, WI.
   (i) Location. All waters of the Manitowoc River and Manitowoc Harbor, near the mouth of the Manitowoc River on the south shore, within the arc of a circle with a 100-foot radius from the fireworks launch site located in position 44°05’30” N, 087°39’12” W (NAD 83).
   (ii) Enforcement date and time. The third Saturday of March; 5:30 p.m. to 7 p.m.
2. Michigan Aerospace Challenge Sport Rocket Launch; Muskegon, MI.
   (i) Location. All waters of Muskegon Lake, near the West Michigan Dock and Market Corp facility, within the arc of a circle with a 1500-foot radius from the rocket launch site located in position 43°14’21” N, 086°15’35” W (NAD 83).

(b) Definitions. The following definitions apply to this section:

(1) Designated representative means any Coast Guard commissioned warrant, or petty officer designated by the Captain of the Port, Sector Lake Michigan, to monitor a safety zone, permit entry into a zone, give legally enforceable orders to persons or vessels within a safety zone, and take other actions authorized by the Captain of the Port, Sector Lake Michigan.

(2) Public vessel means a vessel that is owned, chartered, or operated by the United States, or by a State or political subdivision thereof.

(c) Regulations. (1) The general regulations in 33 CFR 165.23 apply.

(2) All persons and vessels must comply with the instructions of the Captain of the Port, Sector Lake Michigan, or his or her designated representative. Upon being hailed by the U.S. Coast Guard by siren, radio, flashing light or other means, the operator of a vessel shall proceed as directed.

(3) All vessels must obtain permission from the Captain of the Port, Sector Lake Michigan, or his or her designated representative to enter, move within or exit a safety zone established in this section when the safety zone is enforced. Vessels and persons granted permission to enter one of the safety zones listed in this section shall obey all lawful orders or directions of the Captain of the Port, Sector Lake Michigan, or his or her designated representative. While within a safety zone, all vessels shall operate at the minimum speed necessary to maintain a safe course.

(d) Suspension of enforcement. If the Captain of the Port, Sector Lake Michigan, suspends enforcement of any of these zones earlier than listed in this section, the Captain of the Port, Sector Lake Michigan, or his or her designated representative will notify the public by suspending the respective Broadcast Notice to Mariners.

(e) Exemption. Public vessels, as defined in paragraph (b) of this section, are exempt from the requirements in this section.

(f) Waiver. For any vessel, the Captain of the Port, Sector Lake Michigan, or his or her designated representative may waive any of the requirements of this section, upon finding that operational conditions or other circumstances are such that application of this section is unnecessary or impractical for the purposes of safety or environmental safety.

Dated: January 18, 2013.

M.W. Sibley,
Captain, U.S. Coast Guard, Captain of the Port, Sector Lake Michigan.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Approval and Promulgation of Air Quality Implementation Plans; District of Columbia; Volatile Organic Compounds Emissions Reductions Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the District of Columbia (District) State Implementation Plan (SIP) submitted by the District Department of the Environment (DDOE) on March 15, 2012. These SIP revisions consist of amendments to Chapters 1 and 7 of Title 20 (Environment) of the District of Columbia Municipal Regulations (DCMR) for the Control of Volatile Organic Compounds (VOC) to meet the requirement to adopt reasonably available control technology (RACT) for sources as recommended by the Ozone Transport Commission (OTC) model rules and EPA’s Control Techniques Guidelines (CTG) standards. On January 26, 2010 and March 24, 2011, DDOE submitted negative declarations to EPA for the following VOC source categories: Auto and Light-Duty Truck Assembly Coatings, Fiberglass Boat Manufacturing Materials, Paper, Film and Foil Coatings, and Flatwood Paneling. EPA also proposes to approve the negative declarations. This action is being taken under the CAA.
