

Paper Comments

• Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090. All submissions should refer to File Number SR–NYSEArca–2013–09. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–NYSEArca–2013–09 and should be submitted on or before March 5, 2013.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁶

Kevin M. O'Neill,
Deputy Secretary.

SOCIAL SECURITY ADMINISTRATION

[Docket No. SSA–2012–0071]

**Social Security Ruling, SSR 13–1p;
Titles II and XVI: Agency Processes for
Addressing Allegations of Unfairness,
Prejudice, Partiality, Bias, Misconduct,
or Discrimination by Administrative
Law Judges (ALJs); Correction**

AGENCY: Social Security Administration.

ACTION: Notice of Social Security Ruling; Correction.

SUMMARY: The Social Security Administration published a document in the **Federal Register** of January 29, 2013, in FR Doc. 2013–01833, on page 6168, in the third column; correct the **DATES** caption to read:

DATES: *Effective Date:* February 28, 2013.

Paul Kryglik,

Director, Office of Regulations, Social Security Administration.

BILLING CODE 4191–02–P

DEPARTMENT OF STATE

[Public Notice 8185]

**Call for Expert Reviewers to the U.S.
Government Review of the 2013
Supplement to the 2006
Intergovernmental Panel on Climate
Change (IPCC) Guidelines for National
Greenhouse Gas Inventories:
Wetlands.**

Summary: The United States Global Change Research Program, in cooperation with the Department of State, request expert review of the Second Order Draft of the *2013 Supplement to the 2006 Intergovernmental Panel on Climate Change (IPCC) Guidelines for National Greenhouse Gas Inventories: Wetlands.*

The United Nations Environment Programme (UNEP) and the World Meteorological Organization (WMO) established the IPCC in 1988. In accordance with its mandate and as reaffirmed in various decisions by the Panel, the major activity of the IPCC is to prepare comprehensive and up-to-date assessments of policy-relevant scientific, technical, and socio-economic information for understanding the scientific basis of climate change, potential impacts, and options for mitigation and adaptation. Among the IPCC's products is a series of guidance documents for the preparation of national greenhouse gas inventories, which provide guidance to periodic submissions by Parties to the U.N. Framework Convention on Climate Change (UNFCCC). These reports are developed in accordance with procedures for preparation and review of IPCC documents, which can be found at the following Web sites:

http://www.ipcc.ch/organization/organization_review.shtml
#UEY0LqSe7x8
http://ipcc.ch/organization/organization_procedures.shtml.

Following an invitation from the UNFCCC to “undertake further methodological work on wetlands, focusing on the rewetting and restoration of peatland, with a view to filling in the gaps in the 2006 IPCC Guidelines for National Greenhouse Gas Inventories” (FCCC/SBSTA/2010/13, paragraph 72), an IPCC Expert Meeting on Scoping Additional Guidance on Wetlands was held, on 30 March–1 April 2011 and its proposal was presented to the 33rd session of the IPCC held in Abu Dhabi, United Arab Emirates, 10–13 May 2011. In response to the outcome of the meeting, the Task Force on National Greenhouse Gas Inventories (TFI) is developing additional national-level inventory methodological guidance on wetlands, including default emission factor values, with the aim to fill gaps in the coverage of wetlands and organic soils in the 2006 IPCC Guidelines.

The *2013 Supplement to the 2006 IPCC Guidelines for National Greenhouse Gas Inventories: Wetlands* (the *Wetlands Supplement*) provides methods for estimating anthropogenic emissions and removals of greenhouse gases from wetlands (lands that are saturated by water for all or part of the year), lands with organic soils, and other drained lands. Specifically, the guidance in the *Wetlands Supplement* covers inland peatlands and other wetlands on mineral soils; coastal wetlands including mangroves, coastal marshes and sea grass; as well as constructed wetlands for wastewater treatment. It does not include methodologies for flooded lands. It supplements the guidance contained in the *2006 IPCC Guidelines for National Greenhouse Gas Inventories* (the *2006 IPCC Guidelines*) which provides methodologies for estimating national anthropogenic emissions by sources and removals by sinks of greenhouse gases not controlled by the Montreal Protocol. While the *2006 IPCC Guidelines* include a chapter on wetlands, this chapter is incomplete and does not cover all wetlands types. It does not characterize all of the significant activities occurring on these wetlands e.g., rewetting of peatlands. The *2006 IPCC Guidelines* only provide guidance on peatlands drained and managed for peat extraction and some guidance for drained organic soils.

As part of the U.S. Government Review of the Second Order Draft of the *2013 Supplement to the 2006 IPCC Guidelines for National Greenhouse Gas Inventories: Wetlands*, the U.S. Government is soliciting comments from experts in relevant fields of expertise (The Table of Contents for the
