SUPPLEMENTARY INFORMATION: The OCC is proposing to renew the following currently approved collection of information without change:

Title: Risk-Based Capital Standards; Advanced Capital Adequacy Framework.

OMB Control No.: 1557-0234.

Frequency of Response: On occasion.

Affected Public: Insured National banks and Federal branches and agencies of foreign banks, Federal savings associations.

Estimated Number of Respondents: 55.

Estimated Total Annual Burden: 821,640 hours.

General Description of Collection: On December 7, 2007, the OCC, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation (Agencies) issued the joint final rule entitled "Risk-Based Capital Standards: Advanced Capital Adequacy Framework" (Basel II) implementing a new risk-based regulatory capital framework for institutions in the United States. The final rule requires certain large or internationally active banks and bank holding companies to (1) Adopt a written implementation plan, (2) update that plan for any mergers, (3) obtain prior written approvals for the use of certain approaches for determining risk-weighted assets, and (4) make certain public disclosures regarding their capital ratios, their components, and information on implicit support provided to a securitization.

The Agencies, on August 30, 2012, proposed three rules (Basel III) that would amend this collection: Regulatory

Capital Rules: Regulatory Capital, Implementation of Basel III, Minimum Regulatory Capital Ratios, Capital Adequacy, Transition Provisions, and Prompt Corrective Action (77 FR 52792); Regulatory Capital Rules: Standardized Approach for Risk-Weighted Assets; Market Discipline and Disclosure Requirements (77 FR 52888); and Regulatory Capital Rules: Advanced Approaches Risk-based Capital Rules; Market Risk Capital Rule (77 FR 52978). An information collection request to revise and rename the collection on the basis of the three rules has been acted upon by OMB. However, the OCC is proceeding with the renewal process to ensure continuation of Basel II until Basel III is finalized. The OCC published a 60-day **Federal Register** notice on November 19, 2012. 77 FR 69546. No comments were received. Comments continue to be requested on:

- a. Whether the information collections are necessary for the proper performance of the OCC's functions, including whether the information has practical utility;
- b. The accuracy of the OCC's estimate of the burden of the information collection, including the validity of the methodology and assumptions used;
- c. Ways to enhance the quality, utility, and clarity of the information to be collected;
- d. Ways to minimize the burden of information collections on respondents, including through the use of automated collection techniques or other forms of information technology; and
- e. Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: February 6, 2013.
