stay and complaints as mandated by Section 224 of the Communications Act of 1934, as amended. The information that is also filed is used to determine the merits of the petitions and complaints. Additionally, state certifications are used to make public notice of the states’ authority to regulate rates, terms and conditions for pole attachments, and to determine the scope of the FCC’s jurisdiction.

On April 7, 2011, the FCC released a Report and Order and Order on Reconsideration, Implementation of Section 224 of the Act; A National Broadband Plan for our Future, WC Docket No. 07–245 and GN Docket No. 09–51, FCC 11–50. This rulemaking added 47 C.F.R. Section 1.1424. Section 1.1424 states that the procedures for handling pole attachment complaints filed by incumbent local exchange carriers are the same as the procedures for handling other pole attachment complaints. Section 1.1424 further requires incumbent local exchange carriers that claim they are similarly-situated to other attaching entities to be made aware of demonstrating their similarity.

The Commission has also revised Section 1.1403(b) which requires that requests for access to a utility’s poles, ducts, conduits or rights-of-way by a telecommunications carrier to be in writing. If access is not granted within 45 days of the request for access, the utility must explain the denial or grant of access conditioned on the performance of make-ready by the 45th day.

The other applicable rule sections remain unchanged: Section 1.1403(c) requires a utility to provide a cable television system operator or telecommunications carrier the same as the procedures for handling pole attachment complaints filed by incumbent local exchange carriers are the same as the procedures for handling other pole attachment complaints. Section 1.1403(c) further requires incumbent local exchange carriers that claim they are similarly-situated to other attaching entities to be made aware of demonstrating their similarity.

The Commission also revised Section 1.1403(e) which requires cable operators to notify pole owners upon offering telecommunications services. Section 1.1404 specifies the information that must be included in a pole attachment complaint.

Section 1.1406(b) requires a complaint to file additional information supporting its complaint, if requested by the Commission. Section 1.1407 requires the respondent to file a response within 30 days from the date the complaint was filed. The complaint then has 20 days from the date the response was filed to file a reply. The response and reply shall be served on all parties listed in the certificate of service.

Section 1.1414 requires states that regulate the rates, terms and conditions for pole attachments to file a certification with the FCC.

Section 1.1417 requires a utility to apportion the cost of providing unusable space on a pole so that such apportionment equals two-thirds of the costs of providing unusable space that would be allocated to such entity under an equal apportionment of such costs among all attaching entities. Section 1.1417 sets forth the procedures to be followed in establishing a maximum just and reasonable pole attachment rate.

Emergency Access Advisory Committee; Announcement of Date of Next Meeting

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: This document announces the date of the Emergency Access Advisory Committee’s (Committee or EAAC) next meeting. At the March 2013 meeting, the agenda will include discussion of reports from the subcommittees and other activities needed to ensure access to 911 by individuals with disabilities.

DATES: The Committee’s next meeting will take place on Friday, March 1, 2013, 10:30 a.m. to 3:30 p.m. (EST), at the headquarters of the Federal Communications Commission (FCC or Commission).

FOR FURTHER INFORMATION CONTACT: Suzy Rosen Singleton, Consumer and Governmental Affairs Bureau, 202–810–1503, or Suzanne.Singleton@fcc.gov (email); and/or Zenji Nakazawa, Public Safety and Homeland Security Bureau, 202–418–7949, Zenji.Nakazawa@fcc.gov (email).

SUPPLEMENTARY INFORMATION: On December 7, 2010, in document DA 10–2318, Chairman Julius Genachowski announced the establishment and appointment of members and Co-Chairpersons of the EAAC, an advisory committee required by the Twenty-First Century Communications and Video Accessibility Act (CVAA), Public Law 11–260, for the purpose of achieving equal access to emergency services by individuals with disabilities as part of our nation’s migration to a national Internet protocol-enabled emergency network, also known as the next generation 9–1–1 system (NG 9–1–1).

The purpose of the EAAC is to determine the most effective and efficient technologies and methods by which to enable access to Next Generation 911 (NG 9–1–1) emergency services by individuals with disabilities, and to make recommendations to the Commission on how to achieve those effective and efficient technologies and methods. During the spring of 2011, the EAAC conducted a nationwide survey of individuals with disabilities and released a report on that survey on June 21, 2011. Following release of the survey report, the EAAC developed recommendations, which it submitted to the Commission on December 7, 2011, as required by the CVAA. At the March 2013 EAAC meeting, the agenda will include discussion of reports from the subcommittees and other activities needed to ensure access to 911 by individuals with disabilities.

The meeting site is fully accessible to people using wheelchairs or other mobility aids. Sign language interpreters, open captioning, and assistive listening devices will be provided on site. Other reasonable accommodations for people with disabilities are available upon request. In your request, include a description of the accommodation you will need and a way we can contact you if we need more information. Last minute requests will be accepted, but may be impossible to fill. Send an email to: fcc504@fcc.gov or call the Consumer and Governmental Affairs Bureau at (202) 418–0530 (voice), (202) 418–0432 (TTY).
